- (ii) A put warrant or callable bear certificate is out-of-the-money when the price or level of the Underlying Instrument is above the exercise price or exercise level of the put warrant or callable bear certificate, i.e. when the put warrant or callable bear certificate does not have any intrinsic value
- Put warrant : Contract under which the Holder has the right to sell the Underlying Instrument to the Issuer or to receive a cash payment for a particular price at a future date when the put warrant has an intrinsic value
- Spot level : In respect of a continuous trading session of the relevant Securities Exchange, the spot level as compiled and published by the Underlying Index Sponsor
- Spot price : In respect of a Main Trading Phase, the price per Underlying Equity or Underlying ETF, as the case may be, concluded by means of automatic order matching on the relevant Securities Exchange as reported in the official real-time dissemination mechanism for the relevant Securities Exchange during the Main Trading Phase in accordance with the rules and regulations of the relevant Securities Exchange, excluding direct business transactions or direct trades
- Warrants : Warrants are leveraged financial instruments which derive their value from some other Underlying Instrument and can provide exposure to the Underlying Instrument for a fraction of the price

Call warrants

The following is an illustration of the payoff relating to an investment in a call warrant where the price paid for a call warrant or the purchase price, is RM1.00 and the exercise price is RM2.00 (assuming no transaction or holding cost and the exercise ratio is 1 for 1)

The payoff is equivalent to *the price of Underlying Instrument less exercise price less purchase price*. As illustrated, a positive payoff is attainable only if the Underlying Instrument price exceeds RM3.00. If the price of the Underlying Instrument is RM3.00 or less, the holder upon exercise, will realise a loss. The holder's loss, however, is limited to the purchase price of RM1.00 and any relevant transaction costs

FINANCIAL TERMS

Delta : The relationship between the expected change in the warrant price and the corresponding change in the Underlying Instrument price, as follows:

$$\frac{\text{(Change in the warrant price x exercise ratio)}}{\text{Change in the Underlying Instrument price/level}}$$

Call warrants have positive delta, while put warrants have negative delta. For illustrative purposes only, given a delta of 50% of a call warrant with exercise ratio of 2, if the Underlying Instrument price increases by 20 sen, the call warrant price is expected to increase by 5 sen. Conversely, given a delta of -50% for a put warrant with exercise ratio of 2, if the Underlying Instrument price increases by 20 sen, the put warrant price is expected to reduce by 5 sen

Effective gearing : A measure of the theoretical change in the warrant price for a 1% change in the Underlying Instrument price. The formula for effective gearing is as follows:

$$\text{Gearing} \times \text{Delta}$$

For illustrative purposes only, a gearing of 10 and a delta of 50% would equate to an effective gearing multiple of 5 times, which implies that every RM1.00 exposure in a call warrant could equate to an effective exposure of RM5.00 in the Underlying Instrument

Exercise ratio : The number of warrants in exchange for 1 Underlying Instrument

Gearing : A measure of the ratio of Underlying Instrument to which exposure is gained by purchasing 1 call/put warrant. The formula for gearing is as follows:

$$\frac{\text{Underlying Instrument price/level}}{\text{(Warrant price x exercise ratio)}}$$

For illustrative purposes only, for a call warrant with an exercise ratio of 2, a gearing of 10 implies that every RM1.00 exposure in the call warrant could equate to an exposure of RM20.00 in the Underlying Instrument

Implied volatility : A measure of an Underlying Instrument's expected volatility as reflected by the market price of the traded warrant on that Underlying Instrument using an appropriate model

All things being equal, generally, the higher the expected volatility, the higher the warrant price

Premium : The premium is based on the following computation:

Call warrants

$$\frac{\text{(Call warrant price x exercise ratio) + Exercise price/level} - \text{Underlying Instrument price/level}}{\text{Underlying Instrument price/level}} \times 100\%$$

Put warrants

$$\frac{\text{(Put warrant price x exercise ratio) + Underlying Instrument price/level} - \text{Exercise price/level}}{\text{Underlying Instrument price/level}} \times 100\%$$

TERMS AND CONDITIONS OF THE STRUCTURED WARRANTS (cont'd)

Best and worst case scenarios of the Holders' investment in the call warrants:**▪ Best case scenario:**

The price/level of the Underlying Instrument increases substantially, resulting in a significant increase in the price of the call warrants. If the Holders sell the call warrants prior to the expiry date, the more the selling price exceeds the purchase price of the call warrants, the higher the Holders' return will be after considering any transaction cost. On the other hand, if the Holders hold the call warrants until the expiry date, the more the closing price/level of the Underlying Instrument exceeds the exercise price/level, the higher the Holders' return will be after considering any transaction cost.

▪ Worst case scenario:

The price/level of the Underlying Instrument decreases substantially, resulting in a significant decrease in the price of the call warrants. If the Holders hold the call warrants until the expiry date and the closing price/level of the Underlying Instrument is equal to or below the exercise price/level, or if the Issuer is insolvent and does not have sufficient funds to pay the Cash Settlement Amount, the Holders will lose the entire value of their investment, in addition to any transaction cost.

Best and worst case scenarios of the Holders' investment in the put warrants**▪ Best case scenario:**

The price/level of the Underlying Instrument decreases substantially, resulting in a significant increase in the price of the put warrants. If the Holders sell the put warrants prior to the expiry date, the more the selling price exceeds the purchase price of the put warrants, the higher the Holders' return will be after considering any transaction cost. On the other hand, if the Holders hold the put warrants until the expiry date, the lower the closing price/level of the Underlying Instrument is relative to the the exercise price/level of the put warrants, the higher the Holders' return will be after considering any transaction cost.

Worst case scenario:

The price/level of the Underlying Instrument increases substantially, resulting in a significant decrease in the price of the put warrants. If the Holders hold the put warrants until the expiry date and the closing price/level of the Underlying Instrument is equal to or above the exercise price/level, or if the Issuer is insolvent and does not have sufficient funds to pay the Cash Settlement Amount, the Holders will lose the entire value of their investment, in addition to any transaction cost.

Best and worst case scenarios of the Holders' investment in the callable bull certificates:**▪ Best case scenario:**

The price/level of the Underlying Instrument increases substantially, resulting in a significant increase in the price of the callable bull certificates. If the Holders sell the callable bull certificates prior to the expiry date (assuming there is no mandatory call event), the more the selling price exceeds the purchase price of the callable bull certificates, the higher the Holders' return will be after considering any transaction cost. On the other hand, if the Holders hold the callable bull certificates until the expiry date (assuming there is no mandatory call event), the more the closing price/level of the Underlying Instrument exceeds the exercise price/level, the higher the Holders' return will be after considering any transaction cost.

▪ Worst case scenario:

If a mandatory call event is triggered, and the difference between the lowest traded price (of the Underlying Equity or Underlying ETF) or lowest traded level (of the Underlying Index) and the strike

TERMS AND CONDITIONS OF THE STRUCTURED WARRANTS *(cont'd)*

price is zero, or if the Issuer is insolvent and does not have sufficient funds to pay the Cash Settlement Amount, the Holders will lose the entire value of their investment in addition to any transaction cost.

Best and worst case scenarios of the Holders' investment in the callable bear certificates:

▪ **Best case scenario:**

The price/level of the Underlying Instrument decreases substantially, resulting in a significant increase in the price of the callable bear certificates. If the Holders sell the callable bear certificates prior to the expiry date (assuming there is no mandatory call event), the more the selling price exceeds the purchase price of the callable bear certificates, the higher the Holders' return will be after considering any transaction cost. On the other hand, if the Holders hold the callable bear certificates until the expiry date (assuming there is no mandatory call event), the lower the closing price/level of the Underlying Instrument is relative to the the exercise price/level, the higher the Holders' return will be after considering any transaction cost.

▪ **Worst case scenario:**

If a mandatory call event is triggered, and the difference between the highest traded price (of the Underlying Equity or Underlying ETF) or highest traded level (of the Underlying Index) and the strike price is zero, or if the Issuer is insolvent and does not have sufficient funds to pay the Cash Settlement Amount, the Holders will lose the entire value of their investment in addition to any transaction cost.

2. INTRODUCTION

This Base Prospectus is dated 13 October 2023 and is valid until 12 October 2024.

We have registered a copy of this Base Prospectus with the SC. We have also lodged a copy of this Base Prospectus with the ROC. Neither the SC nor the ROC takes any responsibility for the contents of this Base Prospectus.

The Structured Warrants will be listed and traded on the Structured Warrants Board of Bursa Securities, subject to the approval of Bursa Securities.

Under Section 14(1) of the Central Depositories Act, the Structured Warrants are prescribed securities which are required to be deposited into the Central Depository System. Consequently, any dealings in these Structured Warrants will be carried out in accordance with the Central Depositories Act and Rules of Bursa Depository.

The completion of the Offer and Listing for each series of the Structured Warrants depends on the following:

- (i) for all Structured Warrants, there must be at least 100 Holders holding not less than 1 board lot of the relevant series of Structured Warrants each, or at least 50 Holders holding not less than 1 board lot each provided that each of these Holders subscribes for a minimum of RM100,000.00 of the relevant series of Structured Warrants each according to the Bursa Securities LR. 1 board lot comprises 100 Structured Warrants or such other number of Structured Warrants as permitted by the SC and/or Bursa Securities; and
- (ii) each issue of the relevant series of the Structured Warrants must be for a minimum total face amount of RM5 million according to the Bursa Securities LR.

The above mentioned requirement in (i) does not apply to an Issuer who provides liquidity for the Structured Warrants via Market Making in accordance with the Bursa Securities LR.

You should rely only on the information contained in this Base Prospectus and the relevant Term Sheets in respect of the Offer. We have not authorised anyone to give you any information that is not contained in this Base Prospectus and the relevant Term Sheets.

We may update or amend this Base Prospectus from time to time by way of successor documents. You should ask us if any supplement to this Base Prospectus has been issued. Any supplement to this Base Prospectus will be available on Bursa Securities' website, www.bursamalaysia.com or on our website, www.affinhwang.com. These documents will also be available for inspection at our registered office during office hours for a period of 12 months from the date of this Base Prospectus.

The distribution of this Base Prospectus and the sale of the Structured Warrants are subject to Malaysian laws. We take no responsibility for the distribution of this Base Prospectus and the sale of the Structured Warrants outside Malaysia. This Base Prospectus may not be used as an invitation to purchase or an offer to sell any Structured Warrants in any jurisdiction or to any persons, if it would render such invitation or offer unlawful.

You should rely on your own evaluation to assess the merits and risks of the Offer and an investment in the Structured Warrants. In considering the investment, if you are in any doubt as to the action to be taken, you should consult your stockbroker, bank manager, solicitor, accountant or other professional advisers immediately.

3. PROSPECTUS SUMMARY

This prospectus summary only highlights the key information from other parts of this Base Prospectus. It does not contain all the information that may be important to you. You should read and understand this Base Prospectus and the relevant Term Sheet before you decide whether to invest in the Structured Warrants.

3.1 The Offer

We propose to issue the following non-collateralised structured warrants:

- (i) European style cash-settled call or put warrants over a single equity;
- (ii) European style cash-settled call or put warrants over a single index;
- (iii) European style cash-settled call or put warrants over a single ETF;
- (iv) European style cash-settled CBBCs over a single equity;
- (v) European style cash-settled CBBCs over a single index; and
- (vi) European style cash-settled CBBCs over a single ETF,

where the equity(ies) and ETF are listed on, and index is based on Bursa Securities and/or Securities Exchange outside Malaysia which is a member of the World Federation of Exchanges or is approved by Bursa Securities.

The Structured Warrants will be offered from time to time by way of placement to selected investors or by way of Market Making.

We will issue the Structured Warrants from time to time through this Base Prospectus supported by a Term Sheet to be issued before we issue each series of the Structured Warrants.

Further information on the Offer and the Structured Warrants are set out in Section 5 and Annexure I to this Base Prospectus respectively.

Further information is set out in Section 4.8 of this Base Prospectus.

3.3 Purpose of the Offer

The purpose of the Offer is to provide Structured Warrants to serve the investment needs of our clients and to diversify our revenue base. In addition, the Offer allows us to participate and contribute to the development of Structured Warrants market in Malaysia. Proceeds arising from the Offer will be utilised for our general working capital requirements and to defray expenses for the Offer.

Further information on the purpose of the Offer is set out in Section 5.4 of this Base Prospectus.

3.4 Risk factors

An investment in the Structured Warrants involves a certain degree of risk. You should therefore rely on your own evaluations and consult your professional independent adviser before investing in the Structured Warrants. Please read the following summary of risk factors together with the risk factors set out in Section 6 of this Base Prospectus and the risk factors of the relevant Underlying Instruments set out in the relevant Term Sheets to be issued, in addition to other information contained elsewhere in this Base Prospectus, the relevant Term Sheets before investing in the Structured Warrants:

(i) Risks relating to Affin Hwang IB

- Our performance and credit risk

If you intend to purchase the Structured Warrants, you are relying upon our creditworthiness and have no rights under the Structured Warrants against any Underlying Company, any companies constituting any Index or the Index Sponsor. You must therefore make your own assessment of our credit risk and our ability to perform our obligations in respect of the Structured Warrants. You should note that credit ratings assigned by rating agencies address only the credit risk, which is only one aspect of any investment decision, and ratings are subject to change. Should our rating agency downgrade the rating accorded to our outstanding debt securities, due to an increase in our credit risk this could result in a reduction in the price of the Structured Warrants.

- Trading by Affin Bank Group

To hedge our position or to unwind any hedging that may be undertaken, we or any other companies within the Affin Bank Group may also trade in the Structured Warrants, the Underlying Equities or any other securities and financial products relating to any of the Underlying Companies, Underlying ETF or Underlying Index. These trading activities may affect (positively or negatively) the following:

3. PROSPECTUS SUMMARY (*cont'd*)

- (a) the price at which the Structured Warrants are traded on Bursa Securities;
- (b) the price of the Underlying Equities or the Underlying ETF (as the case may be) which are traded on Bursa Securities or other Securities Exchange outside Malaysia; or
- (c) the price/level at which any other securities and financial products relating to any of the Underlying Companies, Underlying ETF or Underlying Index that are traded on Bursa Securities or other Securities Exchange outside Malaysia.

- Potential conflict of interests

Our Group may, from time to time deal in the Underlying Equities, Underlying ETF, or options or futures relating to the relevant Underlying Index for our proprietary accounts and for accounts under our management, and may issue other derivatives instruments in respect of the Underlying Instruments. Such transactions or introduction of such competing products into the marketplace may have a positive or negative effect on the price/level of the Underlying Instruments and consequently upon the value of the relevant Structured Warrants. In the ordinary course of business of Our Group, we may also possess or acquire material information about the Underlying Instruments. The aforesaid risk is mitigated by our establishment of internal controls (such as the Internal Guidelines on Conflict of Interest and Chinese Wall as well as compliance with policies, regulations and guidelines issued (from time to time) by the SC, Bursa Securities and BNM with regards to managing any potential conflict of interest situation.

- Exercise of discretion by us

We may exercise our discretion to make adjustments (for example, to the exercise price and/or exercise ratio of the Structured Warrants) in circumstances contemplated under the Terms such as in the event of a bonus issue, rights issue, subdivision or consolidation of the Underlying Equities or the Underlying ETF, or capital repayment by the Underlying Companies or management companies of the Underlying ETF and determine the applicable valuation period under the Terms which could affect the price of the Structured Warrants.

- Our dealings with respect to the Structured Warrants

In the ordinary course of our business, we or the companies within Affin Bank Group may:

- (a) buy and sell the Structured Warrants, the Underlying Equities, the Underlying ETF, other securities and financial products relating to any of the Underlying Companies, the Underlying ETF or Underlying Index, either as principal or agent; or
- (b) enter into one or more hedging transactions with respect to the Underlying Instruments and/or its constituent(s), or with respect to related derivatives, which may affect the market price, liquidity or value of the Structured Warrants and which may affect your interests; or
- (c) from time to time advise any of the Underlying Companies, the Underlying ETF or companies constituting the Underlying Index in relation to activities not connected with the issue of the Structured Warrants including (but not limited to) general corporate advice, financing, funds management and other services including research writing.

In addition, we, in connection with our business activities, may possess or acquire material information about the Underlying Companies, the Underlying ETF or companies constituting the Underlying Index. Such activities, information and/or research reports may have a negative effect on the price/level of the Underlying Equities, the Underlying ETF or options or futures relating to the relevant Underlying Index and therefore on the value of the Structured Warrants on which they relate. Certain conflicts of interests could also arise as a result thereof.

3. PROSPECTUS SUMMARY (cont'd)

- No investigation or review performed on the Underlying Companies or the Underlying Instruments

We have not performed any investigation or review on the business operations and prospects of the Underlying Companies. We have also not performed any investigation or review on the Underlying ETF, the Underlying Index Sponsor or the companies constituting the Underlying Index. Accordingly, your investment decision should be based upon your own independent assessment and appraisal of the Structured Warrants, the Underlying Companies, the Underlying ETF, the Underlying Index Sponsor and/or the shares of the companies constituting the Underlying Index. Investing in the Structured Warrants without adequate assessment and appraisals may lead to unanticipated losses that could have been avoided otherwise.

- Early termination due to liquidation, dissolution or winding-up of the Issuer

In the event of liquidation, dissolution, or appointment of a receiver and/or administrator in respect of the whole or substantial part of our undertakings, properties or assets, the Structured Warrants will be exercised early and settled in cash as determined by us, subject to the terms of the Deed Poll. Hence, there is a risk that the Structured Warrants may be cancelled before the relevant expiry date of such Structured Warrants and cause you to suffer a loss or a reduced profit.

- Take-over or scheme of arrangement or any other form of reorganisation undertaken by the Issuer

In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by us or any other events having similar effects on the rights of the Holders, we may in our discretion make any adjustments to the rights attaching to the relevant Structured Warrants in a commercially reasonable manner. This may have a negative impact on the price of the relevant Structured Warrants.

- Merger, amalgamation or reconstruction involving the Issuer

In the event of a merger, amalgamation or reconstruction involving us, the Group's profits and financial position could be affected from the event, hence potentially our ability to perform our obligations in respect of the Structured Warrants. However, the corporation, trust or other body into which we are merged, amalgamated or reconstructed shall assume all our liabilities and obligations in respect of the Structured Warrants so that your rights as Holders shall continue to exist and be enforceable to the same extent as provided under the Deed Poll.

- Legal and regulatory risks

Our Group may be exposed to potential legal proceedings arising from regulatory action due to breaches of legislations and regulations, or possibility of counterparties taking actions against our Group for failing to fulfill any contractual obligations. Potential changes in legislations and regulations including introduction of new laws and regulations or changes in interpretation of laws and regulations by the relevant court or regulatory authority could result in more stringent requirements on our Group's business practices and potentially increase compliance cost. Failure to comply with any of the regulatory requirements may result in amongst others, investigations, reprimands, fines as well as restrictions imposed on our Group's business activities which could have a material impact to the Structured Warrants business such as suspension or cancellation of our Group's ability or authorisation to issue and trade Structured Warrants..

- Losses due to climate change

Climate change related impacts include physical risks from changing climatic conditions which could result from increased frequency and/or severity of adverse weather events. Such disasters could disrupt our Group's operations or the operations of customers or third parties on which our Group relies. Additionally, climate change could result in risks such as changes to laws and regulations, technology development and disruptions and changes in consumer and market preferences. Failure to effectively manage these risks could adversely affect the Issuer's business, prospects, reputation, financial performance or financial condition, which could in turn affect the price of the Structured Warrants.

3. PROSPECTUS SUMMARY (cont'd)

(ii) Risks relating to the Structured Warrants and the Underlying Instruments

- General investment risks

The Structured Warrants are considered to be suitable only for those who fully understand the risks involved and are prepared to sustain a complete loss of the purchase price paid for the Structured Warrants. Fluctuations in the price or level of the Underlying Instruments will affect the price of the Structured Warrants but not necessarily in the same magnitude and direction.

- Holder have no shareholder / unitholder rights

The cash-settled Structured Warrants do not confer on the Holders any rights to the Underlying Equities, the Underlying ETF or the equities of the companies constituting the Underlying Index.

- Factors affecting the price of the Structured Warrants

The price at which the Structured Warrants trade on Bursa Securities depends on, amongst others, the price, level, volatility and liquidity of the Underlying Instruments and/or its constituent(s), the time remaining to expiration, changes in interim interest rates and dividend yields of the Underlying Instruments and/or its constituent(s) and the depth of the secondary market.

Changes in the price of the Underlying Equities and the Underlying ETF or the level of the Underlying Index can be unpredictable, sudden and large, and such changes may result in the price of the Structured Warrants to move in a direction which may have a negative impact on the return of your investment.

- Holder shall bear the risk of fluctuations in the price or level of the Underlying Instruments

The leverage provided by investing in the Structured Warrants means that a small percentage of change in the price or level of the Underlying Instruments may result in a larger percentage of change in the price of the Structured Warrants. As such, the return on your investment will be negatively affected and you may risk losing your entire investment if the price or level of the Underlying Instruments does not move in the anticipated direction.

- Limited life of the Structured Warrants

The Structured Warrants have expiry dates and therefore, a limited life. After expiry, the Structured Warrants will cease to be traded and can no longer be exercised, hence will cease to have any value. It is possible that the Structured Warrants will expire without the Holders' expectations being realised.

- Risk of "European style" Structured Warrants

European style Structured Warrants are only exercisable on its expiry date. Accordingly, on the expiry date, if the Cash Settlement Amount is zero or negative, you will lose the entire value of your investment.

- Structured Warrants as hedging instruments for investor

There are risks and complexities involved should you purchase the Structured Warrants for the purpose of hedging against the market risk associated with investing in or otherwise having the exposure to any Underlying Instruments. For example, there is no assurance that the price of the Structured Warrants will correlate with the movements of the Underlying Instrument. Hence, the Structured Warrants may not be a perfect hedge to the Underlying Instruments or portfolio of which the Underlying Instrument forms a part.

- Exercise price or exercise level and/or exercise ratio of the Structured Warrants are only adjusted under certain circumstances

Certain events relating to the Underlying Equities, Underlying ETF or Underlying Index (such as bonus issue or rights issue), require, or as the case may be, permit us to make adjustments or amendments to, amongst others, the exercise price or exercise level of the Structured Warrants, but only to the extent provided for in the Terms. Events in

3. PROSPECTUS SUMMARY (cont'd)

respect of which no adjustment is made to the exercise price or exercise level or exercise ratio may cause the Structured Warrants to be out-of-the-money and/or affect the trading price of the Structured Warrants and your return from the Structured Warrants.

- Suspension in the trading of the Underlying Instruments and/or Structured Warrants

If the trading of the Underlying Equities or the Underlying ETF on the relevant stock exchange or options or futures relating to the relevant Underlying Index on any options or futures exchanges is suspended or if the relevant Index for whatever reason is not calculated, then trading in the Structured Warrants on the Bursa Securities may also be suspended for a similar period. If our Structured Warrants are not suspended by Bursa Securities, we may still request for a suspension in the trading of the Structured Warrants. Such suspension shall not preclude the Holders from exercising their rights under the Structured Warrants. However, we may in our discretion make adjustments to the rights attaching to the Structured Warrants.

If you intend to exercise your rights under the Structured Warrants during such suspension of the Underlying Instruments and/or Structured Warrants, the closing price or levels of the Underlying Instruments may vary for the calculation of the Cash Settlement Amount.

- Take-over offer or compulsory acquisition of the Underlying Company

In the event of a take-over offer or compulsory acquisition of equities in an Underlying Company, no cancellation of the relevant Structured Warrants shall be effected and the Structured Warrants shall remain valid and exercisable by the Holder until its expiry date, unless such take-over offer or compulsory acquisition results in the delisting, liquidation, dissolution or winding-up of the Underlying Company.

- Merger, consolidation or sale of the assets of the Underlying Company

In the event of a merger, consolidation or sale of the assets of the Underlying Company wherein an Underlying Company may merge or consolidate with or into any other corporation or may sell or transfer all or substantially all of its assets, there is a risk that the Structured Warrants may be cancelled before the relevant expiry date of such Structured Warrants and cause you to suffer a loss or achieve a reduced profit.

- No prior market for the Structured Warrants or insufficient market information on the Underlying Equities, Underlying Index and/or Underlying ETF

As there has been no recent or prior market for a particular series of Structured Warrants before its issuance, there can be no assurance that an active market for that particular series of Structured Warrants will develop upon its listing, or if developed, that such market will sustain throughout the life of the Structured Warrants. You may suffer losses as a result of insufficient market and/or inactive market for the Underlying Equities, Underlying Index, Underlying ETF and Structured Warrants.

- Early termination due to delisting of or announcement to delist the Underlying Equities or the Underlying ETF and liquidation, dissolution or winding-up of the Underlying Companies or the Underlying ETF

If there is delisting of or announcement to delist the Underlying Equities or the Underlying ETF or liquidation, dissolution or winding-up of the Underlying Companies or the Underlying ETF or a liquidator, receiver or administrator be appointed with respect to substantially the whole of the Underlying Companies' assets or the Underlying ETF's assets or to wind-up the Underlying Companies or the Underlying ETF, it is possible that the Structured Warrants will be terminated before the expiry date of the Structured Warrants without the Holders' expectations being realised.

- Composition of indices

The composition of an index is determined by the Index Sponsor and may be changed to reflect prevailing circumstances. You should be aware that changes in the composition of indices such as inclusion of new companies into an index or changing the companies' weighting in an index by an Underlying Index Sponsor may have an adverse impact on the relevant Underlying Index and the price of the relevant Structured Warrants.

3. PROSPECTUS SUMMARY (cont'd)

- Determining the closing level of an Underlying Index

Certain events relating to the Underlying Index (including a material change in the formula or the method of calculating the index or a failure to publish the Underlying Index) permits us to:

- (a) determine the closing level of the Underlying Index on the basis of the formula and method last in effect prior to such change of formula; or
- (b) determine the closing level of the Underlying Index on the basis of the level of futures relating to the relevant Underlying Index.

Such changes to the determination of the closing level of the Underlying Index may result in changing of the companies' weighting in an index, the inclusion of new companies into an index and/or the removal of companies from an index. You should be aware that changes in the composition of indices may have an adverse impact on the relevant Underlying Index and the price of the relevant Structured Warrants.

- Delay in or abortion of the Listing

The occurrence of certain events, such as our inability to meet the public spread requirement as stipulated by Bursa Securities, or the minimum total face amount of RM5 million of the Structured Warrants on Bursa Securities, may cause a delay in or abortion of the listing for each series of the Structured Warrants on Bursa Securities.

For issuance made by way of placement, where you have made payment for the application of the Structured Warrants prior to its listing, the delay in the listing of the Structured Warrants may cause you an opportunity loss, amongst others, where the movement in price of the Underlying Instruments referenced by the Structured Warrants are in your favour.

- Inherent risks relating to the Underlying Companies

The Underlying Companies are typically engaged in diversified businesses. Accordingly, they are subject to risks inherent in their respective industries. The occurrence of any event which may have a material or adverse effect on the industries in which such Underlying Company operates may affect the value of the relevant Underlying Equities and/or Underlying ETFs on the relevant Securities Exchanges. This may, in turn, adversely affect the trading price of the Structured Warrants.

- Material litigation involving the Underlying Companies

The Underlying Companies may from time to time be involved in material litigation which may have a material or adverse effect on the value of the relevant Underlying Equities and/or Underlying ETFs on the relevant Securities Exchanges. This may, in turn, adversely affect the trading price of the Structured Warrants.

(iii) Risks relating to ETF Structured Warrants

- Yield

The return of the ETF Structured Warrants, unlike Underlying ETF or the Underlying ETF Assets are affected by factors such as gearing effect, time decay and volatility. Therefore, the returns on the ETF Structured Warrants may not be directly comparable to returns that would be earned if investments were made in the units of the Underlying ETF or the Underlying ETF Assets.

- Derivatives risk

To achieve the investment objective of the Underlying ETF, the management company of the Underlying ETF may use financial derivatives and the use of these derivative contracts bears certain risks. The risks may increase in certain market conditions and in the event that the risk materialises, the net asset value per unit of the Underlying ETF may be adversely affected and consequently you may sustain a loss on your investment in the ETF Structured Warrants.

3. PROSPECTUS SUMMARY (cont'd)

- Tracking error risk

Changes in the price of the Underlying ETF units may not result in the exact changes in the net asset value per unit of the Underlying ETF and consequently the value of the ETF Structured Warrants.

- Risks associated with certain Underlying ETF Assets

Certain risks (e.g. risks on shares, pooled investment vehicles, indices, real estate, commodities, structured finance securities and others) may be associated with investment in particular Underlying ETF Assets which will affect the value of the units of the Underlying ETF, and consequently the ETF Structured Warrants.

- Merger or consolidation of the Underlying ETF

In the event an Underlying ETF is to or may merge with or consolidate with or into any other ETF or otherwise sell or transfer all or substantially all of its assets, there is a risk that the Structured Warrants may be cancelled before its expiry date and cause you to lose some or all of your investment in the ETF Structured Warrants.

(iv) Risks relating to the CBBCs

- General investment risks

The CBBCs are considered to be suitable only for those who fully understand the risks involved and are prepared to sustain a complete loss of the purchase price paid for the CBBCs. The price of the CBBCs may fall in value as rapidly as it may rise and you may sustain a total loss of your investment.

- Irrevocability of mandatory call event

A mandatory call event is irrevocable unless it is triggered as a result of the occurrence of any of the following events:

- (a) system malfunction or other technical errors of the relevant Securities Exchange; or
- (b) manifest errors caused by the relevant third party price source where applicable.

You may suffer losses if a mandatory call event is triggered resulting in the suspension of trading and termination of the CBBCs before the expiry date.

- Delay in announcement of mandatory call event

There may be a delay in the announcement of a mandatory call event due to technical errors, system failures and/or other factors that are beyond our reasonable control and the control of Bursa Securities. CBBCs trades that are executed after the mandatory call event may be cancelled by us or Bursa Securities even if the CBBCs are not suspended immediately after a mandatory call event. You may suffer losses if your trades which have been executed after the mandatory call event and before suspension of trading of the CBBCs are not cancelled as a result of such delay.

- Non-recognition of post mandatory call event trades

After the occurrence of the suspension of trading of the CBBCs and termination of the same due to a mandatory call event, all subsequent trades ("post mandatory call event trades") in the CBBCs executed after the mandatory call event may be cancelled and may not be recognised by us or Bursa Securities. You may suffer losses as a result of the suspension of trading and/or non-recognition of trades after the mandatory call event.

- Fluctuation in the funding cost

The purchase price paid by you will include such funding cost. In general, the longer the duration of the CBBC, the higher the funding costs will be paid upfront. The funding costs decline over time as the CBBC moves towards expiry. You may suffer losses if the CBBC is called and terminated before the expiry date as the Cash Settlement Amount (if any) may not contain a refund of any part of such funding costs even though the actual period of funding for the CBBC is shorter.

3. PROSPECTUS SUMMARY (cont'd)

- Issuer's hedging and unwinding activities may affect value of CBBCs

Our hedging activities or the hedging activities of the companies within the Affin Bank Group related to the CBBCs and/or other financial instruments issued by us from time to time may have an impact on the price or level of the Underlying Instruments and may trigger a mandatory call event. Upon the occurrence of a mandatory call event, we or our related parties may unwind any hedging transactions relating to the CBBCs. Such unwinding activities after the occurrence of a mandatory call event may affect the price or level of Underlying Instrument and consequently the residual value for the CBBCs.

- Limited life of the CBBCs

The CBBCs have expiry dates and therefore a limited lifespan. However, the lifespan of a CBBC may even be shorter if a mandatory call event occurs before the expiry date.

You may suffer losses if the CBBC is called and terminated before the expiry date as you will lose the funding cost of the CBBC for the remaining period and will not benefit from subsequent price/level movement of the Underlying Instrument.

- Correlation between the price of a CBBC and the price or level of the Underlying Instrument

The value of the CBBCs may not correlate with the movement of the price or level of the Underlying Instrument. Any change in the value of that CBBCs at such time may be incomparable and disproportionate to the change in the price or level of the Underlying Instrument. You may suffer losses if the CBBCs are called and terminated before the expiry date and you will not benefit from subsequent price movements of the Underlying Instrument.

(v) Other risks

- Economic and political uncertainties

The financial and business prospects of an Underlying Company, the performance of the Underlying Index or Underlying ETF may be affected by economic and political uncertainties such as changes in political leadership, expropriation, nationalisation. The economic and political uncertainties may have a negative impact on the price of the Underlying Equities, the performance of the Underlying Index or Underlying ETF. Hence, the corresponding Structured Warrants may also decline in value.

- Market and Settlement Disruption Events

You should note that the occurrence of a Market Disruption Event can delay the determination of the closing prices and consequently the settlement of the Structured Warrants. The occurrence of a Settlement Disruption Event will also delay the settlement date of the Structured Warrants.

- Timeliness and limitation of information regarding the Underlying Equities, Underlying ETF or Underlying Index

Certain information and prices/levels of the Underlying Equities, Underlying ETF and Underlying Index may be obtained or extracted from third party sources such as the financial news service provider or financial information network provider. Hence, the risk of delay in the transmission, incompleteness or unavailability of information and prices/levels by the third party sources relied on by us for the purposes of market making may affect the price of the Structured Warrants.

- Exchange rate risk where Cash Settlement Amount may be converted from a foreign currency into Ringgit Malaysia

There may be an exchange rate risk where the Cash Settlement Amount may be converted from a foreign currency into Ringgit Malaysia or where the Underlying Equities or Underlying ETF is denominated in a foreign currency. The conversion may potentially result in foreign exchange losses if there is any adverse movement in the exchange rate and the Holders will bear the relevant exchange rate risk.

3. PROSPECTUS SUMMARY (cont'd)

- Compliance with the relevant laws and regulations by the Underlying Companies, Underlying ETF manager or Underlying Index Sponsor

The performance of the relevant Underlying Equity and/or Underlying ETF on the relevant Securities Exchanges may be affected due to failure to comply with relevant laws and regulations by the Underlying Companies, the Underlying ETF manager, the Underlying Index Sponsor or the companies constituting the Underlying Index, which may consequentially affect the value and/or performance of our Structured Warrants.

- Potential Tax Implications

The buy and sell transactions of Structured Warrants on Bursa Securities are subjected to stamp duty. In addition, income tax or capital gain tax treatment may vary depending on the legal identity of an investor, or the classification of income from the investment of Structured Warrants by the relevant tax authorities.

From time to time, tax laws and regulations as well as their application by the relevant taxation authorities are subjected to changes. If you are in doubt, please consult your own independent tax advisers on your tax position considering your individual circumstances before investing in Structured Warrants.

- COVID-19 endemic and possible similar future outbreaks

The ongoing COVID-19 endemic and any possible future outbreaks may have significant adverse effect on the financial and business prospects of an Underlying Company, the performance of the Underlying Equities, Underlying Indices or Underlying ETFs and consequently materially and adversely affect the performance of the Structured Warrants.

- Effect of the combination of risk factors unpredictable

Two or more risk factors may simultaneously have an effect on the value of a Structured Warrant. As such, the effect of any combination of risk factors on the value of a Structured Warrant may be unpredictable.

Details on the above risk factors are set out in Section 6 of this Base Prospectus.

3.5 Risk management

As an investment bank, Affin Hwang IB has established risk management policies and framework, based on best practices, to ensure that the salient risk elements in the operations of Affin Hwang IB are adequately managed and mitigated. The framework for the management of financial risks is consistent with the primary corporate objective of creating and enhancing shareholders' value, guided by a framework of risk management methodologies and policies.

The risk management policies and framework are reviewed periodically to ensure that they are comprehensive in addressing the multi-faceted risks associated with the investment banking sector. The Group Risk Management ("**GRM**") at the group level is primarily responsible for the development and maintenance of the risk management framework and policies of the Group including its subsidiaries and supports the functions of the Senior Management Committee – Governance, Risk and Compliance ("**SMC-GRC**"), Asset & Liability Committee ("**ALCO**"), the Board Risk Management Committee ("**BRMC**") as well as the Group Board Risk Management Committee ("**GBRMC**") whose primary role is to oversee, review, assess and examine the adequacy of risk management frameworks covering the policies, procedures, processes and risk reports of Affin Bank Group.

Our Board is ultimately responsible for assuming the risks inherent in our business activities and defining the policies for governing those activities. BRMC is responsible to support our Board in the oversight of our risk management framework and policies. Senior Management Committee ("**SMC**") is collectively responsible for the effective management of the risks by ensuring that day-to-day management of Affin Hwang IB's activities are consistent with the risk strategy, including risk appetite and policies approved by the Board.

3. PROSPECTUS SUMMARY (*cont'd*)

Both SMC-GRC and ALCO are sub-committees of Affin Hwang IB's SMC. Their primary functions are to provide oversight, on behalf of SMC, on the management of credit, market, liquidity and operational risks as well as assets and liabilities management of Affin Hwang IB. On the other hand, SMC provides oversight of the financial, business and operational performance of Affin Hwang IB as a whole and promotes a sound risk and compliance culture and practices within Affin Hwang IB.

Under the credit authority framework approved by our Board, the Group Management Credit Committee and Affin Bank Group's Board Credit Review and Recovery Committee are authorised to review and approve, reject or modify proposals for credit and underwriting applications. Impaired credits are independently managed by Affin Bank Group's Credit Resolution Committee.

GRM serves as an independent and neutral party in providing independent views of bank-wide risks.

The following are the risks which our Group is generally exposed to:

- (a) Credit risk;
- (b) Market risk;
- (c) Liquidity risk; and
- (d) Operational risk.

Further information on our risk management framework is set out in Section 4.9 of this Base Prospectus.

4.1 History and business

4.1.1 History and background

Our Company was incorporated in Malaysia on 26 April 1973 under the Act as a private company with the registration number of 197301000792 (14389-U) and under the name of Southern Stock Brokers Sdn. and was converted to a public company on 24 September 1996. Over the years, we have changed our names as follows:

Names	Date of Change
Hwang & Yusoff Securities Sdn.	3 July 1973
Hwang & Yusoff Securities Sdn. Bhd.	22 August 1979
Hwang-DBS Securities Sdn. Bhd.	1 September 1992
Hwang-DBS Securities Berhad	24 September 1996
Hwang-DBS Investment Bank Berhad	25 January 2007
HwangDBS Investment Bank Berhad	8 May 2007
Affin Hwang Investment Bank Berhad	18 September 2014

We are currently a licensed financial institution regulated by BNM under the Financial Services Act 2013, and are licensed to carry out investment banking business in Malaysia. We are also licensed by the SC to carry out activities of dealing in securities, clearing for securities and derivatives, dealing in derivatives, advising on corporate finance and investment advice.

In April 2013 and January 2014, our holding company, Affin Holdings Berhad ("**Affin Holdings**") announced the approvals received from the Bank Negara Malaysia, Ministry of Finance Malaysia and Securities Commission Malaysia for:

- its proposed acquisition of 100% interest in us (then known as HwangDBS Investment Bank Berhad ("**Hwang IB**") from Hwang-DBS (Malaysia) Berhad ("**Hwang-DBS**");
- the acquisition of interests in other financial service businesses of Hwang-DBS; and
- the proposed merger of the businesses, assets and liabilities of Affin Investment Bank Berhad ("**Affin IB**") with that of ours (i.e. Hwang IB) ("**Merger**").

On 22 January 2014, Affin Holdings entered into a conditional share sale and purchase agreement with Hwang-DBS for the acquisition of 100% interest in us (then known as Hwang IB) and the acquisition of interests in other financial service businesses of Hwang-DBS, including the acquisition of 17% interest in Hwang Investment Management Berhad ("**Hwang IM**") held by Y.A.M. Tunku Dato' Seri Nadzaruddin Ibni Almarhum Tuanku Ja'afar ("**Acquisition**").

The Acquisition entailed Hwang-DBS undertaking a pre-closing reorganisation which resulted in Hwang IM, Asian Islamic Investment Management Sendirian Berhad ("**AIIM**") and HDM Futures Sendirian Berhad ("**HDM Futures**") becoming our subsidiaries (i.e. subsidiaries of Hwang IB).

The Acquisition was completed in April 2014. Following the Acquisition, Affin Holdings owned 100% interest in us (then known as Hwang IB) and we in turn owned 100% interest in HDM Nominees (Tempatan) Sdn. Bhd., 100% interest in HDM Nominees (Asing) Sdn. Bhd., 100% interest in HDM Futures, 70% interest in Hwang IM and 49% interest in AIIM.

Subsequently, on 18 September 2014, we changed our name from Hwang IB to our present name Affin Hwang Investment Bank Berhad.

Hwang IM changed its name to its present name Affin Hwang Asset Management Berhad ("**Affin Hwang AM**") on 2 September 2014. Following the Acquisition, the Merger was implemented whereby the businesses of Affin IB and its subsidiaries providing nominees services were merged with that of ours (i.e. the business of Hwang IB). The Merger was completed on 20 September 2014 and Affin IB surrendered its banking licence and Capital Markets Services Licence to BNM and SC respectively.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

On 20 September 2014, our 70%-owned subsidiary, Affin Hwang AM, completed the acquisition of 51% interest in AIIM from Nikko Asset Management Asia Limited and 49% interest in AIIM from us. This resulted in AIIM (now known as AIIMAN Asset Management Sdn. Bhd.) becoming a wholly-owned Islamic fund management subsidiary of Affin Hwang AM, to streamline the asset management business of our Group under Affin Hwang AM.

On 22 September 2014, pursuant to the Merger involving the two investment banking businesses (of the former Affin IB and Hwang IB), we operated as a single entity (i.e. as Affin Hwang IB). Affin Hwang IB Group commenced its combined operations under the new brand name of Affin Hwang Capital, with investment bank operations under Affin Hwang IB and the asset management operations under Affin Hwang AM.

On 28 February 2015, pursuant to the Merger, we completed the transfer of the futures broking business of HDM Futures (now known as Affin Hwang Futures Sdn. Bhd.) to us. Our broking team provides advisory services as well as dealing and trade execution services to our clients.

The Merger has provided us with the opportunity to combine our operations and businesses with the 'Hwang' brand to strengthen and expand our investment banking platform. Today, we offer a wide range of financial products and services under our Group such as margin financing and structured debt instrument via our corporate and institutional coverage, corporate finance, debt markets, equity capital markets, treasury, investment research, advisory services as well as trustee services.

On 16 October 2017, following a reorganisation of Affin Holdings and its group of companies, we became a wholly-owned subsidiary of Affin Bank. The entire reorganisation of Affin Holdings was completed in February 2018 with Affin Holdings transferring its listing status on the Main Market of Bursa Securities to Affin Bank.

On 29 July 2022, Affin Hwang AM and its subsidiaries, including AIIMAN Asset Management Sdn. Bhd., ceased to be our subsidiaries following the completion of the disposal of our entire 63% equity interest in Affin Hwang AM.

4.1.2 Business overview

The business divisions applicable to our Group are set out and described below.

(i) **Investment Banking**

Our Investment Banking business consists of Corporate Finance, Debt Markets, Equity Capital Markets, Client Coverage, Mergers and Acquisitions and Treasury and Markets.

Corporate Finance

Our Corporate Finance department provides advisory services for mergers and acquisitions, restructuring, initial public offerings ("IPO"), equity fund raising and independent advisory opinions. Working together with our Debt Markets and Equity Capital Market departments, we are able to provide a range of advisory services and products to suit the specific circumstances and strategic objectives of our clients.

Debt Markets

Our Debt Markets department offers debt fund raising advisory either via debt capital market or loan syndication market. We assist clients with the issuance of corporate bonds/sukuk, commercial papers/Islamic commercial papers, medium term notes/Islamic medium term notes and asset backed securities. Debt Markets also arrange loan syndications and banking facilities on club deals basis. Club deals refer to 2 to 3 lenders providing financing to a borrower with similar terms and conditions.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

Equity Capital Market

Our Equity Capital Markets department (“**ECM**”) works with public, private & government-linked companies and provides equity advisory services to corporates.

ECM’s core focus is on origination, structuring and distribution. Additionally, ECM provides the following options for capital raising: IPOs, follow-on issuances, convertible issuances, private placements and rights issues. A follow-on issuance is an issuance of additional shares made by a company after its IPO. Convertible issuances on the other hand, are hybrid instruments that possess features of both debt and equity. Convertible issuances are typically issued in the form of bonds or preferred shares, that can be converted into common stock upon maturity.

Client Coverage

Our Client Coverage department is tasked with servicing our core corporate customers for their investment banking and financing needs.

Our Client Coverage department is responsible for customer relationship management and business development for our Group, primarily focusing on sourcing and originating investment banking mandates for the Corporate Finance Department, Equity Capital Markets Department and Debt Markets Department as well as Mergers & Acquisitions (“**M&A**”). Additionally, our department also monitors deal execution to ensure timely implementation and successful completion of deals.

Mergers and Acquisitions

Our Mergers and Acquisitions team provides deal origination, advisory and implementation of M&A transactions for both buy-side and sell-side clients including evaluation of takeovers, divestitures, management buyouts and/or acquisitions.

Treasury and Markets

Our Treasury and Markets business provides corporations, financial institutions and individual clients with a range of Treasury and Capital Market products.

Apart from deposits, our Treasury and Markets business provides clients with a variety of funds, money market, capital market and foreign exchange products. This includes advisory services and liquidity management (i.e. cash flow management, borrowing and lending money).

Through our fixed income research, we provide clients with market and product information to help them implement investment strategies. We also distribute and trade money market and capital market instruments (i.e. corporate bonds and sukuk) on both primary and secondary markets.

Our product suite includes Malaysian government securities, government Islamic bonds, BNM monetary notes, corporate bonds, forex, interest rate derivatives, cross-currency swaps, fixed deposits and negotiable instrument of deposit.

(ii) Securities

Our Securities business provides access via equity broking to our clients seeking to trade listed securities on Bursa Malaysia and major international exchanges. In addition, our issuance and market making of Structured Warrants is within the purview of the Securities business.

Our portfolio of clients includes corporate and institutional investors, as well as individuals, high-net-worth clients and family offices. A family office is a privately held company that

4. INFORMATION ON AFFIN HWANG IB (cont'd)

handles investment and wealth management for a family, with the goal of effectively growing and transferring wealth across generations.

We are also a futures broker in Malaysia. We provide advisory services as well as dealing and trade execution services to our clients. As a general trading participant of Bursa Malaysia Derivatives Berhad, we trade in a range of equity, commodity and financial derivative products. We are also a clearing participant of Bursa Malaysia Derivatives Clearing Berhad.

Research

Our Research serves our institutional and retail clients and allow them to explore new investment opportunities and manage their risks. Our market insights and reports cover a range of issues – from macro and regional economics to deep insights on the Malaysian economy. We provide analytics of both macro and equities with a deep focus on the Malaysian economy, as well as sectors and companies under our coverage.

Our clients include corporate and institutional investors, as well as individuals (including high-net-worth individuals and family offices). We provide our insights to these different audiences to help to implement investment strategies.

Together with our other business lines we regularly publish our insights, hold annual conferences for our institutional investors and organise market outlook talks for our institutional and individual clients.

Corporate Credit

Our Corporate Credit Department is principally involved in undertaking credit processing for new loan applications, conduct annual review and monitoring of existing accounts as well as evaluate any ad-hoc requests for loan portfolios under Share Margin Financing and Portfolio Lending.

(iii) Trustee

Affin Hwang Trustee Berhad is an independent private trust services provider that is backed by the Affin Hwang IB Group. We cater for wealth preservation, distribution and transition of wealth from one generation to the next.

4.2 Share capital

As at LPD, our share capital is as follows:

	No. of shares	Amount (RM)
Share capital:		
Issued and fully paid-up ordinary shares	780,000,000	999,800,000*

“Note: Pursuant to the no par value regime under the Act and the capitalisation of our share premium account, our total issued share capital has increased from RM780,000,000 to RM999,800,000.”

4.3 Rating profile

As stated in Section 6.1.1, if you intend to purchase the Structured Warrants, you would be taking on the credit risk of our Company. You must therefore make your own assessments of the credit risk associated with our Company.

4.9 Risk Management

We have established risk management policies and frameworks based on best practices, to ensure that the salient risk elements in our operations are adequately managed and mitigated. Our framework for the management of financial risks is aligned with the primary corporate objective of creating and enhancing shareholders' value, guided by a framework of risk management methodologies and policies.

Our risk management policies and framework are reviewed periodically to ensure that they address the multi-faceted risks associated with the investment banking sector.

The GRM is primarily responsible for the development and maintenance of our risk management policies and framework and supports the functions of the ALCO, SMC-GRC, BRMC as well as the GBRMC of the Affin Bank Group.

4.9.1 Risk governance

Our risk governance structure is cascaded throughout all levels of Affin Hwang IB which comprise of our Board relevant committees, business units and support units.

Our Board is ultimately responsible for assuming the risks inherent in our business activities and defining the policies for governing those activities. BRMC is responsible to support our Board in the oversight of our risk management framework and policies. SMC is collectively responsible for the effective management of the risks by ensuring that day-to-day management of Affin Hwang IB's activities are consistent with the risk strategy, including risk appetite and policies approved by the Board.

BRMC is authorised by our Board in overseeing all our risk-taking activities. Its key responsibilities involve reviewing and recommending risk management strategies, risk tolerance, new products, capital allocation process and assessing the adequacy of risk management policies, framework, infrastructure and resources for implementation of risk strategies. For monitoring purpose, BRMC reviews periodic reports on risk exposures, risk portfolio composition and risk management activities. These reports, prepared by GRM cover credit, market, liquidity and operational risks.

At management level, SMC-GRC and ALCO which are committees delegated by the SMC to assist the BRMC and our Board in their supervisory roles in the management of credit, market, liquidity, and operational risks as well as assets and liabilities management of Affin Hwang IB. These two committees provide an executive forum for discussions and decisions on all aspects of credit, market, liquidity, operational risks and assets and liabilities management matters.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

Under the credit authority framework approved by our Board, the Group Management Credit Committee (“**GMCC**”) and the Group Board Credit Review and Recovery Committee (“**GBCRRC**”) are authorised to review and approve, reject or modify proposals for credit and underwriting applications. Impaired credits are independently managed by Affin Bank Group’s Credit Resolution Committee.

GRM serves as an independent and neutral party in providing independent views of bank-wide risks.

4.9.2 Risk measurement

The risk measurement tools employed by us commensurate with the size and complexity of our business operations. Examples of such controls are position size caps (i.e. which limit the exposure to a defined amount), loss limit thresholds (i.e. which set a limit on the net cumulative loss over a defined period of time) and Sensitivity Controls (i.e. which measure the magnitude of a financial instruments reaction to changes in underlying factors such as changes in option price relative to the price movements of its underlying asset).

4.9.3 Stress testing

We have deployed stress testing in assessing the impact of stressed market conditions on its capital, profit, liquidity and asset quality in accordance with the Affin Bank Group Stress Test Framework and Methodology.

Stress testing results are periodically reported to SMC-GRC, BRMC and Board as required prior to submission to BNM to enable them to consider the implications on our overall business strategy, capital management, risk profile and to consider appropriate corrective measures when necessary. The stress testing is also performed periodically to meet both internal and regulatory external reporting requirements.

Internal audit acts as an independent party in performing an annual review of our stress testing policy, procedures and processes including the stress scenarios used to ensure the quality and effectiveness of the programme.

4.9.4 Risk reporting and monitoring

Our risk appetite (i.e. risk tolerance) and business plans determine the amount of risk capital set aside (i.e. risk capacity) to support our operational and market activities as well as capital allocation to respective business units. This forms a basis in setting risk limits for business units.

GRM is responsible for the monitoring and timely reporting of risk exposures against the established risk limits. Any breaches in risk limits are subject to the exception escalation procedures that aim to rectify any excesses within a reasonable time frame and within the specified authority level. There is a formal process for risk reporting to senior management, business units, relevant management/ board committees to facilitate the making of informed decisions and strategies. BRMC reviews and monitors any significant risk issues and reports to our Board.

Risk limits are reviewed on an annual basis or as and when required, to ensure their relevance with regards to our risk taking activities and current banking regulations.

4.9.5 Key areas of risk management

(a) Credit risk

Credit risk is the risk that a counterparty will fail to meet its contractual obligations which could result in a financial loss to Affin Hwang IB. Our exposure to credit risks arises primarily from stockbroking trade receivables, share margin financing, securities borrowing and lending, corporate/inter-bank lending activities, bonds investment, foreign exchange

4. INFORMATION ON AFFIN HWANG IB (cont'd)

trading as well as equity and debt underwriting and from participation in securities settlements and payment transactions.

The management of credit risk is governed by a set of approved credit policies, guidelines and procedures to ensure that the overall lending objectives are in compliance with the internal and regulatory requirements. The risk management policies are subject to review by the BRMC, a sub-committee of our Board that reviews the adequacy of Affin Hwang IB's risk policies and framework.

Our credit risk framework is further strengthened through an established process for the approval and review of proposals that comprises the GMCC and GBCRRC. The GMCC represents the approving authority for credit and underwriting proposals, whilst the GBCRRC is the committee that reviews proposals that exceed specified limits and criteria, as well as to consider whether to reject the proposal or modify the terms of the proposal.

(i) **Credit risk evaluation**

Loans, advances and financing

Credit evaluation is the process of analysing the creditworthiness of the prospective customer against our underwriting criteria and the ability to make a return commensurated to the level of risk undertaken. A critical element in the evaluation process is the assignment of a credit risk grade to the counterparty. This assists in the risk assessment and decision-making process. We have developed internal rating models to support the assessment and quantification of credit risk.

All corporate lending, underwritings and share margin financing applications are independently evaluated by the Affin Hwang IB's credit management function and approved by the relevant approving authorities based on the authority matrix approved by the Board. Affin Hwang IB employs various policies and practices to control and mitigate credit risk.

(ii) **Credit risk limit control and mitigation policies**

We employ various policies and practices to control and mitigate credit risk.

- *Lending limits*

We have established internal limits and related lending guidelines to manage large exposures and avoid undue concentration of credit risk in its credit portfolio. The limits include single customer groupings, connected parties, geographical and industry segments. These risks are monitored regularly and the limits reviewed annually or sooner depending on changing market and economic conditions.

The credit risk exposure for derivatives due to potential exposure arising from market movements, and loan books are managed on an aggregated basis as part of the overall lending limits with customers.

- *Collateral*

Credits are established against borrower's capacity to repay rather than relying solely on security. However, collateral may be taken to mitigate credit risk. The main collateral types accepted and given value by us are:

- Charges over business assets such as properties, equipment, fixed deposits, debentures, personal guarantees and corporate guarantees; and
- Charges over financial instruments such as marketable securities.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

Collateral held as security for financial assets other than loans, advances and financing depends on the nature of the instrument. Debt securities, treasury and other eligible bills are generally unsecured, with the exception of asset-backed securities and similar instruments, which are secured by portfolios of financial instruments. Derivatives are also collateralised.

- *Credit related commitments*

Commitment to extend credit represents unutilised portion of approved credit in the form of loans, guarantees or letters of credit. In terms of credit risk, we are potentially exposed to loss in an amount equal to the total unutilised commitments. However, the potential amount of loss is less than the total unutilised commitments, as most commitments to extend credit are contingent upon customers maintaining specific minimum credit standards.

We monitor the term to maturity of credit commitments because long-term commitments generally have a greater degree of credit risk than short-term commitments.

(iii) Credit risk measurement

- *Credit risk grades*

We allocate each exposure to a credit risk grade based on a variety of data that is determined to be predictive of the risk of default and applying experienced credit judgement. Credit risk grades are defined using qualitative and quantitative factors that are indicative of the risk of default. These factors vary depending on the nature of the exposure and the type of borrower.

Credit risk grades are defined and calibrated such that the risk of default occurring increases exponentially as the credit risk grade deteriorates. For example, a downgrade from grade 2 to 3 carries a greater credit risk than a downgrade from grade 1 to grade 2.

Each exposure is allocated to a credit risk grade at initial recognition based on available information about the borrower. Exposures are subject to ongoing monitoring, which may result in an exposure being moved to a different credit risk grade. The monitoring typically takes into consideration a number of relevant factors when identifying and analysing of counterparty credit risk. These factors determine the credit rating under the Credit Risk Grading Policy, which considers factors such as competitive position, operating performance, cash flow strength and management strength.

- *Determining whether credit risk has increased significantly*

The criteria for determining whether credit risk has increased significantly vary by portfolio and include quantitative changes in probability of defaults (“PD”) and qualitative factors, including a backstop based on delinquency.

The credit risk of a particular exposure is deemed to have increased significantly since initial recognition if, based on quantitative modelling, the remaining lifetime PD is determined to have increased by more than a predetermined percentage / range.

Using credit judgement and, where possible, relevant historical experience, we may determine that an exposure has undergone a significant increase in credit risk based on particular qualitative indicators that it considers are indicative of

4. INFORMATION ON AFFIN HWANG IB (cont'd)

such and whose effect may not otherwise be fully reflected in its quantitative analysis on a timely basis.

As a backstop, we consider that a significant increase in credit risk occurs no later than when an asset is more than 30 days or 1 month past due. Days or months past due are determined by counting the number of days or month since the earliest elapsed due date in respect of which full payment has not been received. Due dates are determined without considering any grace period that might be available to the borrower.

We monitor the effectiveness of the criteria used to identify significant increases in credit risk by regular reviews to confirm that:

- the criteria are capable of identifying significant increases in credit risk before an exposure is in default; and
- there is no unwarranted volatility in loss allowance from transfers between 12-month PD (Stage 1) and lifetime PD (Stage 2).

(iv) Credit risk monitoring

Corporate credits and large individual accounts are subject to ongoing monitoring, which may result in an exposure being moved to a different credit risk grade. This is to ensure that the credit grades remain appropriate and to detect any signs of weaknesses or deterioration in the credit quality. Remedial action is taken where evidence of deterioration exists.

Significant increase in credit risk process is in place as part of a means to pro-actively identify, report and manage deteriorating credit quality. Watchlist accounts are closely reviewed and monitored with corrective measures initiated to prevent them from turning non-performing.

We have established MFRS 9 - Stage Transfer Policy which stipulates the standards and requirements to recognize Expected Credit Losses for all financial assets. The MFRS 9 Stage Transfer Rules assist to determine whether there is an increase in credit risk in line with the MFRS9 requirements and the classification of exposures. There are 3 stages to differentiate the credit risk of financial assets in conjunction with MFRS 9 standards: Performing Accounts (Stage 1), Underperforming Accounts (Stage 2) and Impaired Accounts (Stage 3).

Active portfolio monitoring as well as exceptions reporting is in place to manage the overall risk profile, identify, analyze and mitigate adverse trends or specific areas of risk concerns.

We conduct post-mortem reviews on newly impaired loans to determine the key reason(s) and/or driver(s) leading to the account being classified as impaired, take appropriate remedial actions or measures and establish lessons learned to minimize potential or future credit loss from similar or repeat events.

In addition, an independent credit review is undertaken by GRM to ensure that credit decision-making is consistent with our overall credit risk appetite and strategy.

(b) Market risk

Market risk is the risk of losses to our positions in financial instruments that are adversely affected by movements in market risk factors such as interest rates, foreign exchange rates, equity prices or commodity prices. Our primary market risk exposures are in the trading and investment portfolios. Our risk management process involves the identification

4. INFORMATION ON AFFIN HWANG IB (cont'd)

and measurement, mitigation and control, monitoring and testing as well as reporting and review of risk.

We manage market risk through a set of market risk controls. Key risk governance committees such as the ALCO and the BRMC establish and monitor controls with oversight by our Board. Market risk controls are established to ensure that our market risk profile remains within the boundaries of our risk appetite.

We employ several key risk metrics for monitoring market risk such as VaR, sensitivities, loss limit thresholds and position size caps.

Our market risk is primarily concentrated in interest rate risk in the Banking Book (“**IRRBB**”) arising from differences in the repricing mismatch between rate sensitive assets and liabilities. Banking Book exposures comprise positions in financial instruments held for purposes other than trading. Affin Hwang IB measures and monitors the IRRBB exposures through the short-term net interest income sensitivity and changes in the economic value of equity. The economic value of equity is a long-term economic measure of net cash flow and is calculated by taking into account the present value of all asset cash flows and subtracting the present value of all liability cash flows.

In addition to assessing market risk under normal market scenarios, we also conduct periodical stress testing to anticipate potential losses under stressed scenarios.

(c) **Liquidity risk**

Liquidity risk is the risk of inability to meet our obligations as the issuer of Structured Warrants. If we are unable to manage sudden decreases or changes in funding sources, Affin Hwang IB’s ability to pay the Cash Settlement Amount to the Holders will be affected. Liquidity risk also arises from the failure to recognize changes in market conditions that affect Affin Hwang IB’s ability to liquidate assets quickly and with minimal loss in value.

Bank Negara Malaysia developed the Liquidity Coverage Ratio (“**LCR**”) and Net Stable Funding Ratio (“**NSFR**”) with the goal of strengthening the resilience of the banking systems. The LCR and NSFR are measured and monitored to assess the short term and long term liquidity risk profile of Affin Hwang IB.

ALCO is responsible for the management of our liquidity and reporting of our liquidity positions to the BRMC on a periodical basis.

(d) **Operational risk**

Operational risk is the risk of loss arising from inadequate or failed internal processes, action on or by people, infrastructure or technology or events which are beyond our immediate control which have an operational impact, including natural disasters, fraudulent activities and cyber threats. Management of operational risk also encompasses outsourcing and business continuity risks.

We manage operational risk through a control-based environment in which policies and procedures are formulated after taking into account individual unit’s business activities, the market in which they are operating and the regulatory requirements in force.

We adopt the basic indicator approach for the purpose of calculating the capital requirement for operational risk. The basic indicator approach is an approach adopted by Affin Hwang IB to quantify the risk-weighted assets for operational risk as prescribed in the Capital Adequacy Framework (Basel II – Risk-Weighted Assets) issued by BNM. The capital requirement is calculated by taking 15% of Affin Hwang IB’s average annual gross income over the previous three years.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

Risk is identified through the use of assessment tools and measured using threshold/limits mapped against a risk matrix. Monitoring and control procedures include the use of key control standards, independent tracking of risk, back-up procedures and contingency plans, including disaster recovery and business continuity plans. This is supported by periodic reviews undertaken by Group Internal Audit to ensure adequacy and effectiveness of the Group Operational Risk Management process.

We gather, analyse and report operational risk loss and 'near miss' events to our SMC-GRC and our BRMC. A 'near miss' event is defined as an event where financial loss was averted by controls or any mitigating actions. Appropriate preventive and remedial actions are reviewed for effectiveness and implemented to minimise the recurrence of such events.

Relevant training relating to operational risk areas (including Business Continuity Planning) are coordinated by GRM. This includes training and online assessments provided to all Operational Risk Coordinators within Affin Hwang IB as part of the risk awareness program.

(e) Compliance and Legal risk

Compliance risk refers to risk arising from breaches of applicable laws and regulatory requirements governing the business of Affin Hwang IB and also breaches of internal policies and procedures approved by the management and the Board of Directors. Legal risks are risks arising from non-compliance with legal obligations and risks of rights not wholly enforceable and includes the inherent risks from deficient drafting of contractual documents and/or inadequate management of litigation cases.

As an investment bank, Affin Hwang IB is subject to various legal and regulatory requirements and statutory obligations and these legal and regulatory requirements can be found in the Financial Services Act, 2013, Capital Markets & Services Act 2007, Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001, Rules of Bursa Securities, Rules of Bursa Malaysia Securities Clearing Berhad, Rules of Bursa Malaysia Derivatives Berhad, Rules of Bursa Malaysia Derivatives Clearing Berhad, as well as other rules, circulars and guidelines issued by the regulators from time to time.

Compliance Department ("**CD**") reports directly to SMC-GRC, Group Board Compliance Committee ("**GBCC**") and the Board of Affin Hwang IB. Periodic reports on the state of compliance and material litigation cases affecting Affin Hwang IB are also submitted by CD and Legal Department ("**LD**") respectively to SMC-GRC and relevant board committees of the Group and / or Bank (including GBCC, BRMC and Board) to keep SMC-GRC and the respective board committee(s) updated of the same.

The CD renders compliance advice, monitor compliance risks emanating from statutory requirements, rules, circulars and guidelines issued by regulators, while LD advises Affin Hwang IB on all legal matters including, but not limited to, reviewing and/or drafting legal documents for Affin Hwang IB and monitoring and advising on litigation cases.

(f) Business continuity risk

Business continuity risk is the risk of deterioration in assets, revenue, reputation and stakeholder / customer confidence due to the discontinuation of services in both business and technology operations.

We adopt the Affin Banking Group's Business Continuity Management Policy ("**GBCMP**") which covers the following:

- i. Business Continuity Management ("**BCM**") Programme;
- ii. BCM Governance;
- iii. Crisis Management; and

4. INFORMATION ON AFFIN HWANG IB (cont'd)

iv. Third-Party Service Continuity

The Board approves the GBCMP and overall strategies by ensuring that the GBCMP is consistent with Affin Hwang IB 's risk tolerance level given the nature, complexity and materiality of Affin Hwang IB 's business operations.

The GBCMP sets out the governance structure and defines the roles and responsibilities for effective implementation of BCM for Affin Hwang IB. This includes roles and responsibilities of BRMC, Senior Management Committee, Business Continuity Management Steering Committee, Crisis Management Team, BCM Working Group and Business Continuity Plan ("**BCP**") Coordinators. The GBCMP provides the criteria for identifying critical business functions and application systems in order to prioritise recoveries as well as requirements in developing and maintaining the BCP of the respective business and support functions.

(g) Technology risk

Technology risk is the risk of potential technology failures and cyber threats that may disrupt business such as failures of information technology systems, applications, platforms or infrastructures including threats or vulnerabilities exposed from external networks or the internet, which would result in financial loss, disruption in financial services or operations, or reputational damage to Affin Hwang IB.

The Affin Banking Group's Technology Risk Management Framework ("**TRMF**") governs the management of technology risk across Affin Hwang IB. Overview of the Technology Risk Management function resides with GRM. GRM supports SMC-GRC which in turn supports BRMC in the review and monitoring of technology risks and provides the forum to discuss and manage all aspects of technology risk. BRMC is responsible to provide oversight of overall technology related matters of Affin Hwang IB.

Affin Hwang IB uses risk identification and assessment to determine the extent of the potential threat and the risk associated with an Information Technology system ("**IT system**"). The output of this process helps to identify appropriate controls for reducing risk during the risk mitigation process.

Technology risk controls encompass the use of technical and nontechnical methods. Technical controls are safeguards that are incorporated into computer hardware, software or firmware (e.g. access control mechanisms, identification and authentication mechanisms, encryption methods, intrusion detection software). Nontechnical controls are management and operational controls, such as security policies, operational procedures and personnel, physical and environmental security.

Technology Risk Management reports are produced periodically for the respective stakeholders and committees.

4.9.6 Hedging Strategy for Structured Warrants

Our hedging strategy involves the buying and/or selling of the Underlying Equities, Underlying ETF, or options or futures relating to the relevant Underlying Index, or the derivatives of the Underlying Instruments, to create positions with offsetting market exposures to the sold Structured Warrants positions. The same categories of risk exposure resulting from our Structured Warrants positions are consolidated and managed as a portfolio. We have discretion on our hedging strategy and we are not obliged to hedge our Structured Warrants by entering into a corresponding offsetting position.

4.10 Other information

4.10.1 Interruption in business operations

We have not experienced any major interruptions to our business, which has led to any significant effect on our operations in the 12 months preceding the LPD.

4.10.2 Board Audit Committee ("BAC")

As at the LPD, the BAC members are as follows:

Name	Designation	Directorship
Mr Eugene Hon Kah Weng	Chairman	Independent Non-Executive Director
Encik Hasli bin Hashim	Member	Independent Non-Executive Director
Dato' Abdul Wahab bin Abu Bakar	Member	Independent Non-Executive Director

The BAC comprises three independent non-executive directors.

The BAC reviews the financial condition of Affin Hwang IB Group, its internal controls, performance and findings of the internal auditors, external auditors and the regulators. Senior management, the internal auditors and external auditors regularly report to the BAC on the effectiveness of internal controls. All significant findings by the internal and external auditors are reported to the BAC for review and deliberation. Where appropriate, the BAC may direct Management to rectify and improve the system of internal controls and procedures based on the Chief Internal Auditor's ("CIA") or external auditors' recommendations and suggestions for improvement.

The functions and duties of BAC shall include, but are not limited to the following:-

- (a) To review the quarterly financial results and year-end financial statements prior to the submission and approval by the Board focusing on the followings:
 - (i) Changes in or implementation of major accounting policy;
 - (ii) Significant and unusual events or any going concern assumption;
 - (iii) Significant adjustments arising from the audit; and
 - (iv) Compliance with accounting standards, disclosure requirements and other legal requirements.
- (b) To ensure that the accounts and financial statements are prepared in a timely and accurate manner with frequent reviews of the adequacy of provisions against contingencies, bad and doubtful debts;
- (c) To review any related party transactions that may arise within Affin Hwang IB and its subsidiaries;
- (d) To act upon any request from the Board to investigate and report on any issues of concern with regards to the Management of Affin Hwang IB and its subsidiaries;
- (e) To consider the major findings of internal investigations and Management responses;
- (f) To obtain external professional advice and to invite outsiders with relevant experience to attend meetings, subject to the approval of the relevant regulatory body, where necessary;
- (g) To recommend to the Board on the appointment of external auditors and their audit fees;
- (h) To review with the external auditors the scope of the audit plan, system of internal controls, the audit reports (including Management letter and Management response), the assistance given to the Management and any findings or action to be taken;

4. INFORMATION ON AFFIN HWANG IB (*cont'd*)

- (i) To meet with the external auditors without the presence of Management at least twice a year;
- (j) To review the proposals for non-audit services rendered by the external auditors or third parties. If the external auditors are engaged, the BAC is responsible for ensuring that such engagement does not compromise the independence of the external auditors in their roles as Statutory Auditors of Affin Hwang IB;
- (k) To review the adequacy and effectiveness of Affin Hwang IB's control environment and existing policies, procedures and practices within Affin Hwang IB in order to regulate and streamline the same to ensure uniformity;
- (l) To provide oversight on the effectiveness of internal control mechanisms implemented by the Management, in establishing and maintaining high ethical standards for all employees of Affin Hwang IB;
- (m) To oversee Management's arrangements for the prevention and deterrence of fraud and ensure that appropriate action is taken against known perpetrators of fraud.
- (n) To challenge Management, internal and external auditors to ensure that the entity has appropriate anti-fraud programs and controls in place to identify potential fraud and ensure that investigations are undertaken if fraud is detected;
- (o) Oversight of the internal audit activity, performance and to review the adequacy of the scope, functions, competency and resources of the internal audit activity and the necessary authority to carry its work. The review may cover the planned audit work, internal audit programmes, the results of completed work and Management implementation of agreed actions. Where appropriate, the BAC may direct the Management to rectify and improve the system of internal controls and procedures based on the internal auditors' recommendations and suggestions for improvements.
- (p) To review the findings of any examinations by regulatory authorities and the Management response and monitor implementation of corrective actions adopted by Affin Hwang IB.
- (q) To review and deliberate on the recommendations by the Group Board Audit Committee on all audit matters of Affin Hwang IB, prior to escalation to the Board.

4.10.3 Experience in issuance and management of Structured Warrants

On 22 February 2008, we (then known as HwangDBS Investment Bank Berhad) issued a Base Prospectus relating to the offering of the following Structured Warrants:

- (iv) cash-settled call warrants over single index (American and/or European styles);
- (v) cash-settled call warrants over basket of indices (American and/or European styles); and/or
- (vi) Bull ELS.

We also issued the following Structured Warrants on 22 February 2008:

- (i) American style cash-settled call warrants over ordinary shares of China Mobile Limited; and
- (ii) American style cash-settled call warrants over ordinary shares of China Railway Group Limited.

4. INFORMATION ON AFFIN HWANG IB (cont'd)

On 21 September 2022, we issued our first (1st) Base Prospectus relating to the offering of the following structured warrants:

- (i) European style cash-settled call or put warrants over a single equity;
- (ii) European style cash-settled call or put warrants over a single index;
- (iii) European style cash-settled call or put warrants over a single ETF;
- (iv) European style cash-settled CBBCs over a single equity;
- (v) European style cash-settled CBBCs over a single index; and
- (vi) European style cash-settled CBBCs over a single ETF,

where the equity(ies) and ETF are listed on, and index is based on Bursa Securities and/or Securities Exchange outside Malaysia which is a member of the World Federation of Exchanges or is approved by Bursa Securities.

Subsequently, we issued the First Supplementary Base Prospectus dated 30 November 2022, the Second Supplementary Base Prospectus dated 3 March 2023, the Third Supplementary Base Prospectus dated 10 May 2023, the Fourth Supplementary Base Prospectus dated 16 June 2023, the Fifth Supplementary Base Prospectus dated 2 August 2023 and the Sixth Supplementary Base Prospectus dated 18 September 2023, all of which are supplementals to the Base Prospectus dated 21 September 2022.

As at LPD, we have issued 56 series of non-collateralised structured warrants which are listed on the Structured Warrants Board of Bursa Securities as detailed below (based on initial offerings only):

Type	Exercise style	Settlement type	Number of structured warrants listed
Call	European	Cash	45
Put	European	Cash	11

5. PARTICULARS OF THE OFFER

5.1 Details of the Offer

We propose to issue the following non-collateralised structured warrants:

- (i) European style cash-settled call or put warrants over a single equity;
- (ii) European style cash-settled call or put warrants over a single index;
- (iii) European style cash-settled call or put warrants over a single ETF;
- (iv) European style cash-settled CBBCs over a single equity;
- (v) European style cash-settled CBBCs over a single index; and
- (vi) European style cash-settled CBBCs over a single ETF,

where the equity(ies) and ETF are listed on, and index is based on Bursa Securities and/or Securities Exchange outside Malaysia which is a member of the World Federation of Exchanges or is approved by Bursa Securities.

The Structured Warrants will be offered from time to time by way of placement to selected investors or by way of Market Making.

We will issue the Structured Warrants from time to time through this Base Prospectus supported by a Term Sheet to be issued before we issue each series of the Structured Warrants.

Further information on the Offer and the Structured Warrants are set out below and in Annexure I to this Base Prospectus respectively.

5.2 Market Making

Bursa Securities LR provides that upon initial listing, there must be at least 100 Holders holding not less than 1 board lot of the relevant series of Structured Warrants each, or at least 50 Holders holding not less than 1 board lot each provided that each of these Holders subscribes for a minimum of RM100,000 of the relevant series of Structured Warrants each ("**Minimum Holders Requirement**"). This requirement is not applicable if the issuer provides liquidity for the Structured Warrants via Market Making. 1 board lot comprises 100 Structured Warrants or such other number of Structured Warrants as permitted by the SC and/or Bursa Securities.

Affin Hwang IB is a registered Market Maker pursuant to the Rules of Bursa Securities and therefore, is not required to fulfil the Minimum Holders Requirement mentioned above.

The process of Market Making involves providing bid and offer prices on the trading system of Bursa Securities on each Market Day, over the life of the Structured Warrants. As a Market Maker, we will be providing competitive 2-way quotes (bid and ask) for the Structured Warrants on the following basis:

- (i) The minimum presence on each day that Bursa Securities is open for trading in the Structured Warrants : 80% of trading hours
- (ii) The maximum spread of two-sided Market Making quotes : 10 bids
- (iii) The minimum quantity on each of the two-sided Market Making quotes : 50 board lots (5,000 units of Structured Warrants)

5. PARTICULARS OF THE OFFER (cont'd)

You may refer to https://www.bursamalaysia.com/trade/trading_resources/equities/board_lot for information on "minimum bid". Please note, however, the information contained in this website does not form part of this Base Prospectus.

The issuer (as the liquidity provider) would need to hold a sufficient number of Structured Warrants as inventory for the purposes of Market Making during the tenure of the Structured Warrants. The initial level of inventory to be kept by the issuer (as the liquidity provider) before the Listing will depend on the outcome of the book-building and/or placement exercise of the Offer.

However, you should note that there will be circumstances under which the issuer (as the liquidity provider) may not be able to, and shall not be obliged to, provide bid and offer prices, nor reply to a request for prices. Such circumstances may include the occurrence or existence of one or more of the following events:

- (i) if, in the sole and absolute determination of the issuer (as the liquidity provider), the theoretical bid/offer price of the Structured Warrants is less than the minimum price that can be entered into the trading system of Bursa Securities through which the issuer (as the liquidity provider) enters orders for the Structured Warrants for the purpose of providing liquidity;
- (ii) during the pre-market opening, five minutes following the opening of Bursa Securities and the last ten minutes prior to the close of a trading session on any trading day;
- (iii) when trading in the Underlying Equities is suspended or limited in a material way for any reason; for the avoidance of doubt, the issuer (as the liquidity provider) is not obliged to provide quotations for the Structured Warrants at any time when the Underlying Equities are not traded for any reason;
- (iv) when trading in the Structured Warrants and/or Underlying Equities are suspended or limited in a material way for any reason;
- (v) when technical problems or other events beyond the control of the issuer (as the liquidity provider) (such as a natural or man-made disaster or an act of terrorism) affect the ability of the issuer (as the liquidity provider) to provide bid and offer prices;
- (vi) when the stock market experiences exceptional price movements and volatility;
- (vii) Market Disruption Events, including without limitation any suspension of or limitation imposed on trading (by reason of movements in price exceeding limits permitted by the relevant exchange or otherwise) in the Underlying Equities or any Structured Warrants, option contracts or futures contracts relating to the Underlying Equities;
- (viii) when the ability of the issuer (as the liquidity provider) to source a hedge or unwind an existing hedge, as determined by the issuer (as the liquidity provider) in good faith, is materially affected by the prevailing market conditions;
- (ix) if each Structured Warrant is theoretically valueless or where the Issuer's bid price is below RM0.005. In such an instance, the issuer (as the liquidity provider) will provide the offer price only;
- (x) when the number of Structured Warrants available for market-making activities by the Issuer is less than 5% of the total issue size of the Structured Warrants; for avoidance of doubt, in determining whether Structured Warrants are available for market-making activities, Structured Warrants held by the Issuer or any of its affiliates in a fiduciary or agency (as opposed to proprietary) capacity shall be deemed to be not available for market-making activities;
- (xi) when it is a public holiday in Malaysia and Bursa Securities is not open for trading;
- (xii) during the suspension period immediately prior to the expiry date of the Structured Warrants as determined by Bursa Securities; or
- (xiii) in any circumstances as may be allowed by Bursa Securities and/or the SC.

5. PARTICULARS OF THE OFFER *(cont'd)*

Although the issuer (as the liquidity provider) will be facilitating Market Making activities to provide liquidity for the Structured Warrants on Bursa Securities, the level of liquidity will depend on competitive forces and the price at which the Structured Warrants will trade on Bursa Securities upon or subsequent to its listing.

You may obtain bid/offer prices for the Structured Warrants (in respect of prices that appear on the trading system of Bursa Securities, and/or in respect of direct business transactions) from us at the following contact details:

Affin Hwang IB
c/o Equity Derivatives
Telephone no: 603 2146 7624

5.3 Further Issue

The Deed Poll allows us to create and issue further Structured Warrants in respect of the same series of Structured Warrants ("**Further Issue**") without the consent or sanction of the existing Holders of the Structured Warrants under this Base Prospectus. The Further Issue will form part of the existing Structured Warrants in issue ("**Existing Issue**").

For the purpose of facilitating Market Making, we may apply for a Further Issue in respect of the Structured Warrants issued pursuant to this Base Prospectus subject to the following conditions:

- (i) the Further Issue is for the purpose of facilitating Market Making;
- (ii) the Terms of the Existing Issue either permit the Further Issue or have been properly amended to give the issuer the right to issue and list one or more Further Issues;
- (iii) the Terms of the Further Issue and the Existing Issue must be identical except for the size and tenure of the issue; and
- (iv) the issuer holds not more than 50% of the Existing Issue at the time of application for the Further Issue.

5.4 Purpose of the Offer

The purpose of the Offer is to provide Structured Warrants to serve the investment needs of our clients and to diversify our revenue base. Structured Warrants offer some degree of leverage, where it could function as an instrument for investors to diversify and amplify the returns of their investment portfolio. In addition, the Offer allows us to participate and contribute to the development of structured warrants market in Malaysia.

Proceeds arising from the Offer will be utilised for our general working capital requirements and to defray expenses for the Offer.

The Offer aims to meet the increasingly sophisticated investors' demand in the evolving capital market in Malaysia. It allows investors to enhance their investment portfolio and provides institutional investors an alternative approach to their asset management strategies.

Structured Warrants cater to investors seeking a different risk-return profile from the usual asset classes such as cash, equities and bonds. Due to leverage or gearing, small percentage changes in the price or level of the Underlying Instruments may result in larger percentage changes in the price of the Structured Warrants. This provides investors the opportunity to gain a larger exposure to the Underlying Instruments with a smaller monetary outlay, as compared to buying the Underlying Equities, Underlying ETF, or options or futures relating to the relevant Underlying Index.

6. RISK FACTORS

BEFORE INVESTING IN THE STRUCTURED WARRANTS, YOU SHOULD CAREFULLY CONSIDER THE FOLLOWING RISK FACTORS AND THE RISK FACTORS ON THE RELEVANT UNDERLYING INSTRUMENTS SET OUT IN THE RELEVANT TERM SHEETS TO BE ISSUED, IN ADDITION TO OTHER INFORMATION CONTAINED ELSEWHERE IN THIS BASE PROSPECTUS, THE RELEVANT TERM SHEETS AND ANY SUCH OTHER DOCUMENT OR INFORMATION.

The Structured Warrants which may be offered under our Offer include structured warrants over a single equity, a single index and a single ETF. In addition, structured warrants over such equities, single ETF or single index may be issued over foreign equities, ETFs and/or indices if the following criteria, amongst others, are met:

- (i) The foreign underlying equities and ETFs are listed or quoted on a Securities Exchange which is a member of the World Federation of Exchanges or is approved by Bursa Securities; or
- (ii) The foreign indices are based on a Securities Exchange which is approved by Bursa Securities.

The risk factors set out below may not be exhaustive and may apply to any of the Structured Warrants.

Your investment decision should be based solely upon your own independent assessment of our financial condition and affairs, and your own appraisal of our prospects, our creditworthiness, the Terms, Underlying Equities, Underlying ETF, Underlying Index and any other factors relevant to your decision, including the merits and risks involved. If you are in any doubt as to the action to be taken, you should consult your stockbroker, bank manager, solicitor, accountant or other professional advisers immediately.

6.1 Risks relating to Affin Hwang IB

6.1.1 Our performance and credit risk

Each Structured Warrant is a contract between us (the Issuer) and you (the Holder). Our obligations in respect of the Structured Warrants represent general unsecured contractual obligations which will rank equal with other existing and future general contractual obligations. If you purchase the Structured Warrants, you are relying upon our creditworthiness and have no rights under the Structured Warrants against any Underlying Company, any companies constituting any Index or the Index Sponsor.

You must therefore make your own assessments of our credit risk and our ability to perform our obligations in respect of the Structured Warrants. We have no obligation to you other than the obligation to pay amounts in accordance with the terms set forth herein and in the relevant Term Sheet. Any profit or loss realised in respect of a Structured Warrant upon exercise or otherwise due to changes in the value of such Structured Warrant, or the price or level of the Underlying of such Structured Warrant will be borne by you. Holders do not have any recourse/rights against the Underlying Companies, Underlying Index Sponsor, Successor Underlying Index Sponsor or any of the companies constituting the Underlying Index, or the trustee, custodian, manager, registrar, service agent, participating dealer and/or other persons involved in constituting or undertaking the listing or trading of the Underlying ETF.

Details on our credit rating profile and risk management are set out in Sections 4.3 and 4.9 respectively of this Base Prospectus.

You should note that credit ratings assigned by rating agencies address only the credit risk, which is only one aspect of any investment decision, and ratings are subject to change. Should our rating agency downgrade the rating accorded to our outstanding debt securities, due to an increase in our credit risk this could result in a reduction in the price of the Structured Warrants. You should not construe the ratings as investment advice, nor a recommendation to invest in the Structured Warrants. Accordingly, you should evaluate the Structured Warrants on your own or consult your investment adviser.

6. RISK FACTORS *(cont'd)*

6.1.2 Trading by Affin Bank Group

Affin Bank Group may at any time purchase or buy-back the Structured Warrants in the open market or by tender or private treaty and become the holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold and may also be surrendered for cancellation. Such cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by Affin Bank Group.

We or any other companies within the Affin Bank Group may trade in the Structured Warrants, the Underlying Equities or any other securities and financial products relating to any of the Underlying Companies, Underlying ETF or Underlying Index to hedge our position in relation to the Structured Warrants. We or any other companies within the Affin Bank Group may also trade in the Structured Warrants as liquidity provider. In addition, the Affin Bank Group may from time to time deal in the Underlying Instruments for their proprietary accounts and for accounts under their management. These trading activities may affect (positively or negatively) the following:

- (a) the price at which the Structured Warrants are traded on Bursa Securities;
- (b) the price at which the Underlying Equities or the Underlying ETF (as the case may be) that are traded on Bursa Securities or other Securities Exchange outside Malaysia; or
- (c) the price/level at which any other securities and financial products relating to any of the Underlying Companies, Underlying ETF or Underlying Index that are traded on Bursa Securities or other Securities Exchange outside Malaysia.

6.1.3 Potential conflict of interest

Our Group may, from time to time deal in the Underlying Equities, Underlying ETF, or options or futures relating to the relevant Underlying Index for our proprietary accounts and for accounts under our management, and may also issue other derivatives instruments in respect of the Underlying Instruments. Such transactions or introduction of such competing products into the marketplace may have a positive or negative effect on the price/level of the Underlying Instruments and consequently upon the value of the relevant Structured Warrants. In the ordinary course of business of Our Group, we may also possess or acquire material information about the Underlying Instruments.

Our Group may, in the ordinary course of business, also act:

- (a) as underwriters in connection with future offering of the Underlying Equities or Underlying ETF; or
- (b) as an adviser to the issuer of any equity or other security which may also include any of the Underlying Company(ies); or
- (c) in a commercial banking capacity for the issuer of any equity or other security which may also include any of the Underlying Company(ies).

The aforesaid risk is mitigated in view of the following:

- (a) our Group has established internal controls including having in place the Internal Guidelines on Conflict of Interest and Chinese Wall which requires, amongst others, clear segregation between the different regulated activities within our Group to ensure confidentiality of sensitive information as well as to ensure that the issuance of the Structured Warrants are made independently and in compliance with all regulatory requirements; and
- (b) our Group is governed by the Financial Services Act 2013 and the CMSA and is required under its banking license to comply with strict policies, regulations and guidelines issued (from time to time) by the SC, Bursa Securities and BNM with regards to managing any potential conflict of interest situation.

6. RISK FACTORS *(cont'd)*

6.1.4 Exercise of discretion by us

We may exercise our discretion to:

- (a) make adjustments (for example, to the exercise price and/or exercise ratio of the Structured Warrants) in circumstances contemplated under the Terms which could affect the price of the Structured Warrants such as in the event of bonus issue, rights issue, subdivision or consolidation of the Underlying Equities or the Underlying ETF, or capital repayment by the Underlying Companies or management companies of the Underlying ETF; and
- (b) determine the applicable valuation period under the Terms,

which could affect the price of the Structured Warrants.

If you purchase the Structured Warrants, you do not have the power to direct us concerning the exercise of any discretion, although in some cases, we may only exercise certain discretions with the consent of the relevant authorities.

You are advised to refer to Condition 5 of Parts 1 to 3 and Condition 6 of Parts 4 to 6 of Annexure I to this Base Prospectus, and the relevant Term Sheet on adjustment of the Terms.

6.1.5 Our dealings with respect to the Structured Warrants

You should note that we and other companies within the Affin Bank Group constitute a diversified financial services group. These entities engage in a wide range of investment banking, brokerage, funds management, hedging transactions and investment and other activities for their own account or the account of others under their management.

In the ordinary course of our business, we or the companies within Affin Bank Group may:

- (a) buy and sell the Structured Warrants, the Underlying Equities, the Underlying ETF, other securities and financial products relating to any of the Underlying Companies, the Underlying ETF or Underlying Index, either as principal or agent;
- (b) enter into one or more hedging transactions with respect to the Underlying Instruments and/or its constituent(s), or with respect to related derivatives, which may affect the market price, liquidity or value of the Structured Warrants and which may affect your interests; or
- (c) from time to time advise any of the Underlying Companies, the Underlying ETF or companies constituting the Underlying Index in relation to activities not connected with the issue of the Structured Warrants, including (but not limited to) general corporate advice, financing, funds management and other services including research writing.

We, the Issuer, in connection with our business activities, may possess or acquire material information about the Underlying Companies or the Underlying ETF or companies constituting the Underlying Index. Such activities, information and/or research reports may have a negative effect on the price/level of the Underlying Equities, the Underlying ETF or options or futures relating to the relevant Underlying Index and therefore on the value of the Structured Warrants on which they relate. Certain conflicts of interests could also arise as a result thereof. Such actions and conflicts may include, without limitation, the exercise of voting power, the purchase and sale of securities, financial advisory relationships and exercise of creditor rights. We or other companies within Affin Bank Group have no obligation to disclose such information about the Underlying Instruments and/or its constituent(s) or such activities. We or other companies within Affin Bank Group may engage in any such activities without regard to our issue of the Structured Warrants or the effect that such activities may directly or indirectly have on any Structured Warrant. Furthermore, in the ordinary course of business, we or other companies within Affin Bank Group may also issue other derivatives instruments in respect of the Underlying Instruments and/or its constituent(s) and the introduction of such competing products into the marketplace may affect the value of the Structured Warrants.

6. RISK FACTORS *(cont'd)*

6.1.6 No investigation or review performed on the Underlying Companies or the Underlying Instruments

We have not performed any investigation or review on the business operations and prospects of the Underlying Companies. We have also not performed any investigation or review on the Underlying ETF, the Underlying Index Sponsor or the companies constituting the Underlying Index. Therefore, our issue of Structured Warrants over the Underlying Instruments does not represent a recommendation by us on the investment in the Underlying Companies, Underlying ETF, or the companies constituting the Underlying Index.

In addition, you should be aware that:

- (a) the Underlying Company;
- (b) the Underlying Index Sponsor or the companies constituting the Underlying Index; or
- (c) the trustee, custodian, manager, registrar, service agent, participating dealer or other persons involved in constituting or the listing or trading of the Underlying ETF,

will not participate in establishing the terms and conditions of the Structured Warrants and they have no obligation with respect to the settlement amount to be paid to you (if any) upon exercise of the Structured Warrants, including any obligation to take into account, for any reason, our needs or your needs.

Accordingly, your investment decision should be based solely upon your own independent assessment and appraisal of the Structured Warrants, the Underlying Companies, the Underlying ETF, the Underlying Index Sponsor and the shares of companies constituting the Underlying Index. Investing in the Structured Warrants without adequate assessment and appraisals may lead to unanticipated losses that could have been avoided otherwise.

6.1.7 Early termination due to liquidation, dissolution or winding-up of the Issuer

In the event of liquidation, dissolution, winding-up or appointment of a receiver and/or administrator in respect of the whole or substantial part of our undertakings, properties or assets, the Structured Warrants will be exercised early and settled in cash as determined by us, subject to the terms of the Deed Poll. Hence, there is a risk the Structured Warrants may be cancelled before the relevant expiry date of such Structured Warrants and cause you to suffer a loss or a reduced profit.

You are advised to refer to Condition 10A of Part 1, Condition 7 of Part 2, Condition 10 of Part 3, Condition 11A of Part 4, Condition 8 of Part 5 and Condition 11 of Part 6 of Annexure I to this Base Prospectus for more details relating to such events.

6.1.8 Take-over or scheme of arrangement or any other form of reorganisation undertaken by the Issuer

In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by us or any other events having similar effects on the rights of the Holders, we may in our discretion make any adjustments to the rights attaching to the relevant Structured Warrants, as we reasonably deem fit, in a commercially reasonable manner. This may have a negative impact on the price of the relevant Structured Warrants.

You are advised to refer to Condition 10A of Part 1, Condition 7 of Part 2, Condition 10 of Part 3, Condition 11A of Part 4, Condition 8 of Part 5 and Condition 11 of Part 6 of Annexure I to this Base Prospectus for more details relating to such arrangement.

6.1.9 Merger, amalgamation or reconstruction involving the Issuer

There may be changes, such as change of name or transfer of assets, in the event of a merger, amalgamation or reconstruction involving us. This could also affect the Group's profits and financial position, hence potentially our ability to perform our obligations in respect of the Structured

6. RISK FACTORS *(cont'd)*

Warrants. However, the corporation, trust or other body into which we are merged, amalgamated or reconstructed shall assume all our liabilities and obligations in respect of the Structured Warrants so that the rights of Holders shall continue to exist and be enforceable.

You are advised to refer to Condition 10A of Part 1, Condition 7 of Part 2, Condition 10 of Part 3, Condition 11A of Part 4, Condition 8 of Part 5 and Condition 11 of Part 6 of Annexure I to this Base Prospectus for more details relating to such events.

6.1.10 Legal and regulatory risks

Legal and regulatory risk is the risk that our Group may be exposed to potential legal proceedings arising from regulatory action due to breaches of legislations and regulations, or possibility of counterparties taking actions against our Group for failing to fulfill any contractual obligations. Potential changes in legislations and regulations including introduction of new laws and regulations or changes in interpretation of laws and regulations by the relevant court or regulatory authority could result in more stringent requirements on our Group's business practices and potentially increase compliance cost. Failure to comply with any of the regulatory requirements may result in amongst others, investigation, reprimands, fines as well as restrictions imposed on our Group's business activities which could have a material impact to the Structured Warrants business such as suspension or cancellation of our Group's ability or authorisation to issue and trade Structured Warrants.

Our exposures to such risks are mitigated with the establishment of internal controls and processes as well as strict compliance by our Group with such laws, rules and regulations. However, no assurance can be given that any breach of the regulatory requirements by our Group in the future or any future changes to present laws, regulations or any introduction of new regulatory requirements by the relevant regulators will not have a material adverse impact on our Group's business and/or the offering of the Structured Warrants.

6.1.11 Losses due to climate change

Climate change related impacts include physical risks from changing climatic conditions which could result from increased frequency and/or severity of adverse weather events. Such disasters could disrupt our Group's operations or the operations of customers or third parties on which our Group relies. Additionally, climate change could result in risks such as changes to laws and regulations, technology development and disruptions and changes in consumer and market preferences. Failure to effectively manage these risks could adversely affect the Issuer's business, prospects, reputation, financial performance or financial condition, which could in turn affect the price of the Structured Warrants.

6.2 Risks relating to the Structured Warrants and the Underlying Instruments

Generally, Structured Warrants can be volatile instruments and tend to decline in value over time. They are subject to a number of risks, including some, or any combination of the risks set out below:

6.2.1 General investment risks

If you are considering acquiring the Structured Warrants, you should have experience in option transactions and should reach an investment decision only after carefully considering, with your adviser, the suitability of the Structured Warrants to you. The Structured Warrants are considered to be suitable only for those who fully understand the risks involved and are prepared to sustain a complete loss of the subscription or purchase price paid for the Structured Warrants.

An investment in the Structured Warrants is not the same as owning the Underlying Equities, the Underlying ETF or having a direct investment in the equities of companies constituting the Underlying Index. The market price of Structured Warrants is linked to the market price or level of relevant Underlying Instruments and will be influenced (positively and negatively) by them. Further, the changes between the market price of the Structured Warrants and the market price or level of

6. RISK FACTORS *(cont'd)*

the Underlying Instruments may not be directly correlated and may be disproportionate. Fluctuations in the price or level of the Underlying Instruments will affect the price of the Structured Warrants but not necessarily in the same magnitude and direction.

This Base Prospectus does not take into account the investment objectives, financial situation and particular needs of each investor. This outline by its nature cannot identify all of the relevant considerations, which may be a risk for individual investors. You should therefore consider carefully whether the Structured Warrants is suitable for you in light of your circumstances and financial position.

The leverage provided by investing in the Structured Warrants means that a small percentage of change in the price or level of the Underlying Instruments may result in a larger percentage of change in the price of the Structured Warrants. You should therefore understand these risks fully before investing in the Structured Warrants.

6.2.2 Holders have no shareholder / unitholder rights

The cash-settled Structured Warrants do not confer on the Holders any rights to the Underlying Equities, the Underlying ETF or the equities of the companies constituting the Underlying Index. We are not required or under any obligation whatsoever to purchase, hold or deliver the Underlying Equities or the equities of the company constituting the Underlying Index, or any rights and benefits attaching thereto.

As a Holder, you will not have any voting rights or rights to receive dividends or other distributions or any other rights / entitlements that a shareholder / unitholder of the Underlying Companies and/or the Underlying ETF or the companies constituting the Underlying Index, would normally be entitled to.

In addition, with respect to all Structured Warrants, there are no custody arrangements relating to the Underlying Equities or the Underlying ETF, nor does the Deed Poll create any security interest in favour of the Holders to secure the payment or settlement obligations arising under the Structured Warrants. Accordingly, in the event of our Company becomes insolvent, the Structured Warrants will rank equal with other existing and future general contractual obligations and therefore, the Holders will not have any direct or indirect rights over the Underlying Equities or the Underlying ETF or the equities of the companies constituting the Underlying Index.

6.2.3 Factors affecting the price of the Structured Warrants

The price at which the Structured Warrants trade on Bursa Securities is expected to be dependent upon, among other things, (i) the price, level, volatility and liquidity of the Underlying Instruments and/or its constituent(s), (ii) the time remaining to expiration, (iii) changes in interim interest rates and dividend yields of the Underlying Instruments and/or its constituents and (v) the depth of the secondary market.

If you purchase the Structured Warrants, no assurance can be given that the market value of the Warrants will, upon and subsequent to listing, be equal to or exceed the issue price (as specified by the Issuer in the applicable Term Sheet) paid by you.

You should also note that the price of the Structured Warrants may fall in value as rapidly as it may rise and Holders may sustain a total loss of their investment. Changes in the price of the Underlying Equities, the Underlying ETF or the level of the Underlying Index can be unpredictable, sudden and large, and such changes may result in the price of the Structured Warrants to move in a direction which may have a negative impact on the return of your investment. If the price or level of the Underlying Equities, Underlying ETF or Underlying Index does not move in the anticipated direction, it will negatively impact the return on your investment. The loss, however, will be limited to the purchase price paid for the Structured Warrants and any relevant transaction costs.

The Cash Settlement Amount at any time prior to expiration is typically expected to be less than the trading price of such Structured Warrants at that time. The difference between the trading price

6. RISK FACTORS *(cont'd)*

and the Cash Settlement Amount will reflect, among other things, a “time value” for the Structured Warrants. The “time value” of the Structured Warrants will depend partly upon the length of the period remaining to expiration and expectations concerning the price or level of the Underlying Instruments and/or its constituent(s). Structured Warrants offer hedging and investment diversification opportunities but also pose some additional risks with regard to interim value. The interim value of the Structured Warrants varies with the price or level of the Underlying Instruments, as well as by a number of other interrelated factors, including those specified herein.

Before exercising or selling Structured Warrants, the Holders should carefully consider, among other things, (i) the trading price of the Structured Warrants; (ii) the level, volatility and liquidity of the Underlying Instruments and/or its constituents; (iii) the time remaining to expiration; (iv) changes in interim interest rates and dividend yields of the Underlying Instruments and/or its constituents; (v) the depth of the secondary market; (vi) the probable range of the Cash Settlement Amount (vii) any related transaction costs; and (viii) our creditworthiness.

You are therefore advised to consider the above factors together with the related transaction costs carefully before dealing in the Structured Warrants.

6.2.4 Holders shall bear the risk of fluctuations in the price or level of the Underlying Instruments

The market price of the Structured Warrants at any time will be affected by, amongst others, fluctuations in the price or level of the Underlying Instruments. The leverage provided by investing in the Structured Warrants means that a small percentage of change in the price or level of the Underlying Instruments may result in a larger percentage of change in the price of the Structured Warrants. As such, the return on your investment will be negatively affected and you may risk losing your entire investment if the price or level of the Underlying Instruments does not move in the anticipated direction. For example, a holder of a call warrant will gain if the price or level of the Underlying Instruments is higher than the exercise price or exercise level of the call warrants. A holder of a put warrant will gain if the price or level of the Underlying Instruments is lower than the exercise price or exercise level of the put warrants.

The Underlying Equities are listed securities and the Underlying ETF is a listed index-tracking fund. As such, sales of substantial numbers of the Underlying Equities and Underlying ETF in the public market, or a perception in the market that such sales could occur, could adversely affect the prevailing market price of the Underlying Equities and Underlying ETF, which would in turn affect the performance of the Structured Warrants. The results of operations, financial condition, future prospects and business strategy of the Underlying Companies could affect the price of the Structured Warrants for so long as it is in relation to the Underlying Equities. The trading price of the Underlying Equities will be influenced by the Underlying Companies' operational results (which in turn are subject to the various risks in relation to their businesses and operations) and by other factors such as changes in the regulatory environment that can affect the markets in which the Underlying Companies operate and capital markets in general. Corporate events such as share sales, reorganisations or take-overs may also adversely affect the price of the Underlying Equities.

You should be aware that the level of the Underlying Index may vary over time and is a function of the performance of the companies constituting the Underlying Index which are subject to the above risk factors. In addition, the level of the Underlying Index may increase or decrease by reference to various factors which may include changes in computation or composition of the index, economic factors and market trends.

6.2.5 Limited life of the Structured Warrants

The Structured Warrants have expiry dates and therefore, a limited life. For cash-settled Structured Warrants, if the Cash Settlement Amount on expiry date after deduction of the exercise expenses, if any, is greater than zero, the outstanding Structured Warrants will be automatically exercised. However, if the Cash Settlement Amount on expiry date after deduction of the exercise expenses, if any, is equal to or less than zero, all outstanding Structured Warrants will cease to be valid without any payment made to Holders. For the avoidance of doubt, the Holders shall not be required to pay or top-up the exercise expenses, if any, as the case may be, where the Cash

6. RISK FACTORS *(cont'd)*

Settlement Amount after deduction of the exercise expenses, if any, is less than zero.

After expiry, the Structured Warrants will cease to be traded and can no longer be exercised, hence will cease to have any value. It is possible that the Structured Warrants will expire without the Holders' expectations being realised.

6.2.6 Risk of "European style" Structured Warrants

European style Structured Warrants are only exercisable on its expiry date. As such, the price of such Structured Warrants in the secondary market may be traded at a discount (or premium, as the case may be) to its estimated fair value under certain circumstances, including supply and demand factors. Accordingly, on the expiry date, if the Cash Settlement Amount is zero or negative, you will lose the entire value of your investment.

6.2.7 Structured Warrants as hedging instruments for investor

If you intend to purchase the Structured Warrants to hedge against the market risk associated with investing in or otherwise having an exposure to any Underlying Equities, Underlying ETF or Underlying Index, you should recognise the risks and complexities of using the Structured Warrants in this manner. There are risks and complexities involved should you purchase the Structured Warrants for the purpose of hedging against the market risk associated with investing in or otherwise having the exposure to any Underlying Instruments. For example, the value of the Structured Warrants may not exactly correlate with the price or level of the Underlying Instruments. Due to fluctuating supply and demand for the Structured Warrants, there is no assurance that the price of the Structured Warrants will correlate with the movements of the Underlying Instrument. Hence, the Structured Warrants may not be a perfect hedge to the Underlying Instruments or portfolio of which the Underlying Instrument forms a part.

6.2.8 Exercise price or exercise level and/or exercise ratio of the Structured Warrants are only adjusted under certain circumstances

An investment in the Structured Warrants involves valuation risks in relation to the Underlying Instruments. The price or level of the Underlying Instruments may increase or decrease over time due to various factors including, amongst others, corporate actions by the Underlying Companies or otherwise (where the Underlying Instrument is equities), changes in computation or composition of the index or corporate actions by the companies constituting the Underlying Index or otherwise (where the Underlying Instrument is an index), corporate actions by the trustee of an Underlying ETF or otherwise (where the Underlying Instrument is an ETF), litigation involving the Underlying Companies (where the Underlying Instrument is equities) or the management company or trustee of an Underlying ETF (where the Underlying Instrument is an ETF), economic factors and market trends. The Terms provide for limited anti-dilution protection via adjustments to the terms of the Structured Warrants with a view to maintaining the economic terms of the Structured Warrants and counteract any dilution effect due to a corporate action. Corporate actions such as bonus issues, rights issues and subdivisions (such as stock splits) may have a dilutive effect on the price of the relevant share, which may affect the economic value of the Structured Warrants over the affected Underlying Instrument.

Certain events relating to the Underlying Equities, Underlying ETF or Underlying Index (such as right issue, bonus issues, consolidation or subdivision of equities/ETF unit, capital repayment), require, or as the case may be, permit us to make adjustments or amendments to, amongst others, the exercise price or exercise level of the Structured Warrants, but only to the extent provided for in the Terms. There is no requirement that there should be an adjustment for every corporate action or other events that may affect the Underlying Equities or the Underlying Index or the Underlying ETF. Events in respect of which no adjustment is made to the exercise price or exercise level or exercise ratio may cause the Structured Warrants to be out-of-the-money and/or affect the trading price of the Structured Warrants and your return from the Structured Warrants.

You are advised to refer to Condition 5 of Part 1 to Part 3 and Condition 6 of Part 4 to Part 6 of Annexure I to this Base Prospectus and the Term Sheets for events that may cause adjustments

6. RISK FACTORS *(cont'd)*

to the exercise price or exercise level or exercise ratio of the Underlying Equities or the Underlying ETF or the Underlying Index.

6.2.9 Suspension in the trading of the Underlying Instruments and/or Structured Warrants

If, whilst any of the Structured Warrants remain unexercised:

- (a) trading of the Underlying Equities or the Underlying ETF on the relevant stock exchange is suspended;
- (b) trading of options or futures relating to the relevant Underlying Index on any options or futures exchanges is suspended; or
- (c) if the relevant Index for whatever reason is not calculated,

then trading in the Structured Warrants on the Bursa Securities may also be suspended for a similar period either at our request or if Bursa Securities deems such action appropriate in the interests of maintaining a fair and orderly market in the Structured Warrants or otherwise deems such action advisable in the public interest or to protect investors.

If our Structured Warrants are not suspended by Bursa Securities, we may still request for a suspension in the trading of the Structured Warrants. However, the suspension of the trading of the Structured Warrants, the Underlying Equities or the Underlying ETF on Bursa Securities or the relevant foreign Securities Exchange, or the suspension of the trading of the options or futures relating to the relevant Underlying Index on any options or futures exchanges, shall not preclude the Holders from exercising their rights under the Structured Warrants. However, we may in our discretion make adjustments to the rights attaching to the Structured Warrants so far as we are reasonably able to do so without materially prejudicing Holders' rights. Notice of such adjustments will be given to Holders as soon as practicable.

If the suspension of trading in the Underlying Instruments occurs on any valuation date for determining the Cash Settlement Amount, the relevant valuation date and/or closing price/level shall be determined by the Issuer, as it reasonably deems fit subject to the terms of the Deed Poll.

If you intend to exercise your rights under the Structured Warrants during such suspension of the Underlying Instruments and/or Structured Warrants, the closing price or levels of the Underlying Instruments may vary for the calculation of the Cash Settlement Amount.

You are advised to refer to Condition 2.1.2 of Parts 1, 2, 3, Condition 2.1.1 of Parts 4, 5, and 6 in Annexure I of this Base Prospectus and the Term Sheet for more details.

6.2.10 Take-over offer or compulsory acquisition of the Underlying Company

In the event of a take-over offer or compulsory acquisition of equities in an Underlying Company, no cancellation of the relevant Structured Warrants shall be effected and the Structured Warrants shall remain valid and exercisable by the Holder until its expiry date, unless such take-over offer or compulsory acquisition results in the delisting, liquidation, dissolution or winding-up of the Underlying Company. In the event of a scheme of arrangement or any other forms of reorganisation including any scheme of arrangement or reorganisation resulting in the privatisation of the Underlying Company, or the Underlying Company is placed under a judicial management under any applicable laws, we are entitled to deal with the Structured Warrants in such manner as we reasonably deem fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.

You are advised to refer to Condition 8 of Part 1 and Condition 9 of Part 4 of Annexure I to this Base Prospectus and the Term Sheets for more details relating to a take-over offer or compulsory acquisition of equities in an Underlying Company. You are strongly advised to understand the effects of such event.

6. RISK FACTORS *(cont'd)*

6.2.11 Merger, consolidation or sale of the assets of the Underlying Company

In the event of a merger, consolidation or sale of the assets of the Underlying Company wherein an Underlying Company may:

- (i) merge with or into any other corporation;
- (ii) consolidate with or into any other corporation; or
- (iii) sell or transfer all or substantially all of its assets,

we may cancel the Structured Warrants and, subject to the terms of the Deed Poll, settle in cash in an amount as determined by us or we may in our discretion make any adjustments to the rights attaching to the relevant Structured Warrants, in accordance with the terms of the Deed Poll. Hence, there is a risk that the Structured Warrants may be cancelled before the relevant expiry date of such Structured Warrants and cause you to suffer a loss or achieve a reduced profit.

You are advised to refer to Condition 7 of Part 1 and Condition 8 of Part 4 of Annexure I to this Base Prospectus for more details relating to such events.

6.2.12 No prior market for the Structured Warrants or insufficient market information on the Underlying Equities, Underlying Index and/or Underlying ETF

The Structured Warrants will be issued and subsequently listed on Bursa Securities. As there has been no recent or prior market for a particular series of Structured Warrants before its issuance, there can be no assurance that an active market for that particular series of Structured Warrants will develop upon its listing, or if developed, that such market will sustain throughout the life of the Structured Warrants. Although we or any other member of the Affin Bank Group will be acting as liquidity provider and making markets by providing bid and offer prices for the Structured Warrants on the trading system of Bursa Securities, the level of liquidity will depend on competitive forces and the price at which the Structured Warrants will trade on Bursa Securities upon or subsequent to its listing. Bursa Securities prescribes the maximum spread between the bid and offer price, and the minimum volume a liquidity provider must offer to buy or sell.

Furthermore, there will be circumstances under which the liquidity provider may not be able to, and shall not be obliged to, provide bid and offer prices, nor reply to a request for prices. Such circumstances may include, but without limitation, the circumstances described in Section 5.2 of this Base Prospectus.

The Bursa Securities LR allow the issuance of Structured Warrants over the Underlying Equities which are listed on Bursa Securities subject to the Underlying Companies having an average daily market capitalisation equivalent to at least RM500 million in the past three (3) months ending on the last Market Day of the calendar month immediately preceding the date of issue or RM3 billion for newly listed corporations that does not meet the 3 month market capitalisation track record. In such case, there may not be sufficient market information or track record for the Underlying Equities prior to the offering of the Structured Warrants.

In addition, the Bursa Securities LR allow the issuance of Structured Warrants over the Underlying Equities or Underlying ETF which are listed on a Securities Exchange outside Malaysia subject to the Underlying Companies or Underlying ETF having an average daily market capitalisation equivalent to at least RM3 billion in the past three (3) months ending on the last Market Day of the calendar month immediately preceding the date of issue or RM5 billion for newly listed corporations or ETF that does not meet the 3 month market capitalisation track record. In such case, there may not be sufficient market information or track record for the Underlying Equities or Underlying ETF prior to the offering of the Structured Warrants.

Furthermore, in an active market for the Underlying Equities or Underlying ETF, there can be no assurance that the active market for the Underlying Equities, Underlying ETF and/or the Structured Warrants will sustain in the foreseeable future.

6. RISK FACTORS *(cont'd)*

You may suffer losses as a result of insufficient market and/or inactive market for the Underlying Equities, Underlying Index, Underlying ETF and Structured Warrants.

6.2.13 Early termination due to delisting of or announcement to delist the Underlying Equities or the Underlying ETF and liquidation, dissolution or winding-up of the Underlying Companies or the Underlying ETF

For Structured Warrants over a single equity or a single ETF, should the Underlying Equities or the Underlying ETF be delisted or an announcement to delist the Underlying Equities or the Underlying ETF is made or the Underlying Companies or Underlying ETF be:

- (i) liquidated, dissolved or wound-up; or
- (ii) a liquidator, receiver or administrator be appointed with respect to substantially the whole of the Underlying Companies' assets or the Underlying ETF's assets or to wind-up the Underlying Companies or the Underlying ETF,

we may determine the outstanding Structured Warrants to be automatically exercised and settled in cash in accordance with the provisions of the Deed Poll if the Cash Settlement Amount after deduction of the exercise expenses, if any, is more than zero. However, if the Cash Settlement Amount after deduction of the exercise expenses, if any, is equal to or less than zero, the outstanding Structured Warrants will cease to be valid without any payment made to Holders. For the avoidance of doubt, the Holders shall not be required to pay or top-up the exercise expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the exercise expenses, if any, is less than zero. It is possible that the Structured Warrants will be terminated before the expiry date of the Structured Warrants without the Holders' expectations being realised.

6.2.14 Composition of indices

A stock market index is a statistical measure of the performance of the capital market or certain sections of the capital market. Indices in a stock market are barometers used to measure the market's performance and movement. These indices allow investors to compare current index levels with past levels to calculate market performance. The composition of an index is determined by the index sponsor and may be changed to reflect prevailing circumstances. Examples of changes which may be made include changing a particular company's weighting in an index, the inclusion of new companies into an index and removal of companies from an index.

The methodology used in constructing an index may differ for different indices. As an index comprises a basket of selected companies, its performance is therefore specifically dependent on the performance of the companies within the index.

You should be aware that changes in the composition of indices such as inclusion of new companies into an index or changing the companies' weighting in an index by the Underlying Index Sponsor may have an adverse impact on the relevant Underlying Index and the price of the relevant Structured Warrants.

6.2.15 Determining the closing level of an Underlying index

Certain events relating to the Underlying Index (including a material change in the formula or the method of calculating the index or a failure to publish the Underlying Index) permits us to:

- (i) determine the closing level of the Underlying Index on the basis of the formula and method last in effect prior to such change of formula; or
- (ii) determine the closing level of the Underlying Index on the basis of the level of futures relating to the relevant Underlying Index.

Such changes to the determination of the closing level of the Underlying Index by us may result in changing the companies' weighting in an index, the inclusion of new companies into an index and/or the removal of companies from an index. You should be aware that changes in the

6. RISK FACTORS *(cont'd)*

composition of indices may have an adverse impact on the relevant Underlying Index and the price of the relevant Structured Warrants and consequently the Cash Settlement Amount.

6.2.16 Delay in or abortion of the Listing

The occurrence of certain events, including but not limited to the following, may cause a delay in or abortion of the listing for each series of the Structured Warrants on Bursa Securities:

- (i) we are unable to meet the public spread requirement as stipulated by Bursa Securities that (a) each series of the Structured Warrants must be held by at least 100 Holders holding not less than 1 board lot of the relevant series of Structured Warrants each, or (b) at least 50 Holders holding not less than 1 board lot each provided that each of these Holders subscribes for a minimum of RM100,000 of the relevant series of Structured Warrants each; or
- (ii) the minimum total face amount of RM5 million for each series of Structured Warrants is not met.

The above mentioned requirement in (i) does not apply to an Issuer that provides liquidity for the Structured Warrants via Market Making in accordance with the Bursa Securities LR.

For issuance made by way of placement, where you have made payment for the application of the Structured Warrants prior to its listing, the delay in the listing of the Structured Warrants may cause opportunity lost to you, amongst others, where the movement in price/level of the Underlying Instruments referenced by the Structured Warrants are in your favour.

Although we will endeavour to comply with various regulatory requirements, no assurance can be given that there will not be occurrence of events that will cause a delay in or abortion of the Listing. In the event that we have to abort the Listing of the Structured Warrants, the monies paid in respect of your application will be returned to you without reimbursement of interest after payment.

6.2.17 Inherent risks relating to the Underlying Companies

The Underlying Companies are typically engaged in diversified businesses. Accordingly, they are subject to risks inherent in their respective industries. The occurrence of any event which may have a material or adverse effect on the industries in which such Underlying Company operates may affect the value of the relevant Underlying Equities and/or Underlying ETFs on the relevant Securities Exchanges. This may, in turn, adversely affect the trading price of the Structured Warrants.

6.2.18 Material litigation involving the Underlying Companies

The Underlying Companies may from time to time be involved in material litigation which may have a material or adverse effect on the value of the relevant Underlying Equities and/or Underlying ETFs on the relevant Securities Exchanges. This may, in turn, adversely affect the trading price of the Structured Warrants.

6.3 Risks relating to ETF Structured Warrants

6.3.1 Yield

The return of the ETF Structured Warrants, unlike Underlying ETF or the Underlying ETF Assets, are affected by factors such as gearing effect, time decay and volatility. You should be aware that the returns on the ETF Structured Warrants may not be directly comparable to returns that would be earned if investments were made in the units of the Underlying ETF or the Underlying ETF Assets.

6. RISK FACTORS *(cont'd)*

6.3.2 Derivatives risk

To achieve the investment objective of the Underlying ETF, the management company of the Underlying ETF may use financial derivatives including but not limited to futures, forwards, options and swap contracts. The use of these derivative contracts bears certain risks, which may include the following:

- (i) the inability to close out a futures and options contract caused by the non-existence of a liquid secondary market;
- (ii) an imperfect correlation between price movements of the derivatives contracts with price movements of the Underlying ETF Assets;
- (iii) a relatively small price movement in a futures and options contract may result in immediate and substantial loss (or gain) to the Underlying ETF;
- (iv) if the management company purchases options and the options expire worthless, the Underlying ETF will suffer a total loss of its investment; and/or
- (v) counterparty risks associated with the use of derivatives contracts. This may occur when the management company of the Underlying ETF enters into a derivatives contract and the counterparty does not settle a transaction in accordance with its terms and conditions or the transaction is terminated due to, among others, the following:
 - (a) a dispute over the terms (whether in good faith or otherwise);
 - (b) a credit problem;
 - (c) the counterparty having declared a bankrupt or insolvent;
 - (d) liquidity problem;
 - (e) illegality; or
 - (f) change in the tax accounting laws from the time the transaction was entered into.

If any of the above risks materialises, the net asset value per unit of the Underlying ETF may be adversely affected and negatively impact the performance of the ETF Structured Warrants. Consequently, you may lose the entire value of your investment in the ETF Structured Warrants.

6.3.3 Tracking error risk

Changes in the price of the Underlying ETF units may not result in the exact changes in the net asset value per unit of the Underlying ETF and consequently the value of the ETF Structured Warrants. This is due to, amongst others, the following factors:

- (i) the fees and expenses incurred by the Underlying ETF such as transaction fees and stamp duty incurred; and/or
- (ii) regulatory requirements and policies (for example, where the underlying asset pool or index or market that the Underlying ETF tracks is subject to restricted access).

You may suffer losses if a tracking error has occurred and it affects the value of the ETF Structured Warrants. For example, a tracking error occurs when the price of the Underlying ETF units and the net asset value per unit of the Underlying ETF do not increase in tandem.

6.3.4 Risks associated with certain Underlying ETF Assets

Certain risks may be associated with investment in particular Underlying ETF Assets as set out herein:

- (i) Shares
Market and economic conditions, industry sector, geographical region and political events are among a number of factors which will affect the equities constituting the Underlying

6. RISK FACTORS (cont'd)

ETF Assets and the Underlying ETF units and consequently the value of the ETF Structured Warrants.

(ii) Pooled investment vehicles

A pooled investment vehicle is one in which multiple investors participate. Alternative investment funds, mutual funds and similar investment vehicles operate through the pooling of investors' assets.

If the investment are invested using a variety of hedging strategies and/or techniques, such hedging strategies and/or techniques can be speculative and may not be an effective hedge. This may involve substantial risk of loss and limit the opportunity for gain which may affect the value of the Underlying ETF and consequently, the value of the ETF Structured Warrants.

(iii) Indices

Indices are indicators or measurement of the performance of the constituents. The value of these indices are calculated by the respective index providers.

There is no assurance that an index will continue to be calculated and published, or that it will not be amended significantly. Any change to an index may adversely affect the value of such Underlying ETF which will in turn affect the value of the ETF Structured Warrants.

Some Underlying ETFs gain exposure to the underlying index by investing in financial derivatives instruments linked to the performance of the Underlying Index. For example, the Underlying ETFs will gain exposure via futures contracts on the Underlying Index You should refer to Section 6.3.2 Derivatives risk to understand the risks relating to the use of financial derivatives by an Underlying ETF.

(iv) Real estate

The Underlying ETF may be constituted by direct or indirect investment in real estate. Any investment in real estate may be affected by the cyclical nature of real estate values, changes in the environment, planning, landlord and tenant, tax or other laws or regulations affecting real property, demographic trends, variation in rental income and increases in interest rates. Such risks may affect the valuation, income or cost of investment of the real estate. This will influence the price of the units of the Underlying ETF and consequently the value of the ETF Structured Warrants.

(v) Commodities

Investments in commodities may be subject to greater volatility than investments in traditional securities. The reasons that cause such volatility to the prices of commodities are, among other things, various macro economic factors such as changing supply and demand relationships, climatic and geopolitical conditions, disease, and other natural phenomena, agricultural, trade, fiscal, monetary, and exchange control programmes (i.e. governmental restrictions on foreign exchange transactions) and policies of governments (including government intervention in certain markets) and other unforeseeable events. Such factors will influence the price of the units of the Underlying ETF and consequently the value of the ETF Structured Warrants.

(vi) Structured Finance Securities

Structured finance securities include, without limitation, asset-backed securities and credit-linked securities which may entail a higher liquidity risk than sovereign or corporate bonds. Where the Underlying ETF Asset is a structured finance security, the value of, or the amounts paid on, such securities may be affected by the performance of assets referenced by such securities.

6. RISK FACTORS *(cont'd)*

(vii) Others

There may be other Underlying ETF Assets which comprise of assets involving substantial financial risk such as distressed debt, low quality credit securities, forward contracts and deposits with commodity trading advisors (in connection with their activities). As some of these assets may be volatile and illiquid, there may be a possibility that these assets may underperform significantly and hence the value of the Underlying ETF will be adversely affected. This will in turn affect the value of the ETF Structured Warrants.

6.3.5 Merger or consolidation of the Underlying ETF

If an announcement is made that the Underlying ETF:

- (i) is to or may merge with or into any other ETF;
- (ii) consolidate with or into any other ETF; or
- (iii) all or substantially all of its assets are or may be sold or transferred.

("Restructuring Event"), we may in good faith take any of the following actions:

- (i) we may cancel the Structured Warrants and settle in cash if the Cash Settlement Amount after deduction of the exercise expenses, if any, is more than zero. The Cash Settlement Amount shall be determined by the Issuer based on the fair market value of the Underlying ETF after taking into account the Restructuring Event as we reasonably deem fit; or
- (ii) make any adjustments as we reasonably deem fit to the rights attaching to the terms and conditions of the Structured Warrants to account for the Restructuring Event.

Hence, there is a risk that the Structured Warrants may be cancelled before the relevant expiry date of such Structured Warrants. As a result thereof, the value of the ETF Structured Warrants may be adversely affected and/or you may lose some or all of your investment in the ETF Structured Warrants.

You are advised to refer to Condition 7 of Part 3 and Condition 8 of Part 6 of Annexure I to this Base Prospectus for more details relating to such events.

6.4 Risks relating to the CBBCs

6.4.1 General investment risks

If you are considering acquiring any CBBC, you should have experience in option transactions and should reach your investment decision only after carefully considering, with your adviser, the suitability of the CBBCs to you. **The CBBCs are considered to be suitable only for those who fully understand the risks involved and are prepared to sustain a complete loss of the purchase price paid for the CBBCs.**

The price of the CBBCs may fall in value as rapidly as it may rise and you may sustain a total loss of your investment. In particular, if the Cash Settlement Amount payable at expiry or upon the occurrence of a mandatory call event is less than or equal to zero, you will lose the entire value of your investment. You will not be able to profit from the subsequent price movement of the Underlying Instrument from CBBC that was called and hence terminated.

6.4.2 Irrevocability of mandatory call event

A mandatory call event is irrevocable unless it is triggered as a result of the occurrence of any of the following events:

- (i) System malfunction or other technical errors of the relevant Securities Exchange (such as the setting up of wrong call price or call level and other parameters) and such event is

6. RISK FACTORS *(cont'd)*

reported by the relevant Securities Exchange to us and we and the relevant Securities Exchange mutually agree that such mandatory call event is to be revoked; or

- (ii) Manifest errors caused by the relevant third party price source where applicable (such as miscalculation of the index level by the relevant index compiler), and such event is reported by us to the relevant Securities Exchange and we and the relevant Securities Exchange mutually agree that such mandatory call event is to be revoked.

Upon the revocation of the mandatory call event, trading of the CBBCs will resume and any trade cancelled after such mandatory call event will be reinstated.

You may suffer losses if a mandatory call event is triggered resulting in the suspension of trading and termination of the CBBCs before the expiry date.

You are advised to refer to Condition 2.1 of Parts 4, 5 and 6 of Annexure I to this Base Prospectus for more details relating to mandatory call event.

6.4.3 Delay in announcement of mandatory call event

We will notify Bursa Securities and make an announcement as soon as practicable after the CBBCs have been called. You should be aware that there may be a delay in the announcement of a mandatory call event due to technical errors, system failures and/or other factors that are beyond our reasonable control and the control of Bursa Securities.

CBBCs trades that are executed after the mandatory call event may be cancelled by us or Bursa Securities even if the CBBCs are not suspended immediately after a mandatory call event.

You may suffer losses if your trades which have been executed after the mandatory call event and before suspension of trading of the CBBCs are not cancelled as a result of such delay.

6.4.4 Non-recognition of post mandatory call event trades

After the occurrence of the suspension of trading of the CBBCs and termination of the same due to a mandatory call event, all post mandatory call event trades in the CBBCs executed after the mandatory call event may be cancelled and may not be recognised by us or Bursa Securities.

Bursa Securities and the companies within the Affin Bank Group will not incur any liability for any direct, consequential or any other losses or damages suffered or incurred by any other party arising from or in connection with the mandatory call event or the suspension of trading and/or non-recognition of trades after the mandatory call event. As such, you may suffer losses as a result of the suspension of trading and/or non-recognition of trades after the mandatory call event (including any delay, failure, mistake or error in the trading suspension or non-recognition of post mandatory call event trades).

6.4.5 Fluctuation in the funding cost

The issue price of the CBBCs is set by reference to the difference between the initial reference spot price or level of the Underlying Instrument and the exercise price or level, plus the applicable funding cost. The applicable funding cost is a rate determined by the Issuer based on one or more factors, including but not limited to the exercise price or level, the prevailing interest rate, the expected life of the CBBCs, expected notional dividends or distributions in respect of the Underlying Instrument.

The intrinsic value of each CBBC at any time prior to expiration is typically expected to be less than the trading price of the CBBCs at the time. The difference between the trading price and the intrinsic value will reflect, among other things, the funding cost in connection with the CBBCs. The funding costs of the CBBCs will depend partly upon the length of the period remaining to expiration and prevailing interest rates. The purchase price paid by you will include such funding cost. In general, the longer the duration of the CBBC, the higher the funding costs will be paid upfront. The funding costs decline over time as the CBBC moves towards expiry.

6. RISK FACTORS *(cont'd)*

You may suffer losses if the CBBC is called and terminated before the expiry date as the Cash Settlement Amount (if any) may not contain a refund of any part of such funding costs even though the actual period of funding for the CBBC is shorter.

6.4.6 Issuer's hedging and unwinding activities may affect value of CBBCs

Our hedging activities or the hedging activities of the companies within the Affin Bank Group related to the CBBCs and/or other financial instruments issued by us from time to time may have an impact on the price or level of the Underlying Instruments and may trigger a mandatory call event.

In particular, when the Underlying Instrument is trading close to the call price or call level, our unwinding activities in relation to the Underlying Instrument may cause a fall or rise (as the case may be) in the price or level of the Underlying Instrument leading to a mandatory call event as a result of such unwinding activities.

Before the occurrence of a mandatory call event, we or our related parties may unwind our hedging transactions relating to the CBBCs when we purchase back our CBBCs from the market from time to time.

Upon the occurrence of a mandatory call event, we or our related parties may unwind any hedging transactions relating to the CBBCs. Such unwinding activities after the occurrence of a mandatory call event may affect the price or level of Underlying Instrument and consequently the residual value for the CBBCs.

6.4.7 Limited life of the CBBCs

The Structured Warrants have expiry dates and therefore, a limited life. A Structured Warrant is generally more valuable the longer the remaining life it has as the value of the Structured Warrants decreases (decays) as it approaches its expiry date. The rate of decline accelerates as the lifespan of the Structured Warrants become shorter and as the expiry date gets closer.

In the case of CBBC, the lifespan may even be shorter if a mandatory call event occurs before the expiry date. A mandatory call event occurs when the price or level of the Underlying Instrument is at or below (in respect of callable bull certificate) or at or above (in respect of callable bear certificate) the call price or call level during the tenure of the CBBC. In such event, the CBBC will be called and terminated immediately and you will receive the Cash Settlement Amount (if any) from us.

You may suffer losses if the CBBC is called and terminated before the expiry date as you will lose the funding cost of the CBBC for the remaining period and will not benefit from subsequent price/level movement of the Underlying Instrument.

6.4.8 Correlation between the price of a CBBC and the price or level of the Underlying Instrument

The value of the CBBCs may not correlate with the movement of the price or level of the Underlying Instrument and may be affected by other factors including the time remaining to expiry. In particular, when the spot price or level is close to the call price or call level, the price of the CBBCs will be more volatile and any change in the value of that CBBCs at such time may be incomparable and disproportionate to the change in the price or level of the Underlying Instrument. You may suffer losses if the CBBCs are called and terminated before the expiry date and you will not benefit from subsequent price movements of the Underlying Instrument. You should carefully consider, amongst other things, the factors set out in the Terms to the CBBCs before dealing in the CBBCs.

6. RISK FACTORS *(cont'd)*

6.5 Other risks

6.5.1 Economic and political uncertainties

A change in the economic and/ or political conditions of the countries in which the Underlying Company operates and the securities exchange on which the Underlying Company is listed could materially and adversely affect the financial and business prospects of the Underlying Companies. Besides that, the same factors may also materially and adversely affect the performance of the Underlying Index or Underlying ETF, if the constituents of the Underlying Index or Underlying ETF are materially and adversely affected by these factors. Such economic, and political uncertainties include, but are not limited to, changes in political leadership, expropriation, nationalisation (i.e. transfer of a private asset or industry to the public ownership or control of a government or state), re-negotiations or nullification of existing contracts, changes in interest rates, methods of taxation and currency exchange rules. Such factors may affect the performance of the Underlying Instruments and consequentially may affect the value of the Structured Warrants.

6.5.2 Market and Settlement Disruption Events

You should note that there may be a delay in the determination and payment of the Cash Settlement Amount following the automatic exercise of the Structured Warrants should there be a Market Disruption Event or a Settlement Disruption Event (as defined in the Definitions section of Annexure I).

You should also note that, subject to the Terms, the occurrence of a Market Disruption Event shall grant us the discretion to estimate the reference price and/or the exchange rate in respect of the Structured Warrants in good faith, which consequently, may adversely affect the payout amount of the cash settlement.

6.5.3 Timeliness and limitation of information regarding the Underlying Equities, Underlying ETF or Underlying Index

Certain information and prices/levels of the Underlying Equities, Underlying ETF and Underlying Index may be obtained or extracted from third party sources such as the financial news service provider or financial information network provider. Hence, the risk of delay in the transmission, incompleteness or unavailability of information and prices/levels by the third party sources relied on by us for the purposes of market making may affect the price of the Structured Warrants. We have, in good faith, extracted relevant information and prices/levels from the third party sources and therefore, have not independently verified such information.

Therefore, there is no assurance as to the accuracy or completeness of any information obtained about the Underlying Equities, Underlying ETF or Underlying Index. You should make your own enquiries, and where appropriate, obtain prior advice in relation to any investment decision.

6.5.4 Exchange rate risk where Cash Settlement Amount may be converted from a foreign currency into Ringgit Malaysia

If the Underlying Equities or Underlying ETF is denominated in a foreign currency, the calculation of the Cash Settlement Amount will involve a conversion from such foreign currency into Ringgit Malaysia. The conversion may potentially result in foreign exchange losses if there is any adverse movement in the exchange rate and the Holders will bear the relevant exchange rate risk. Exchange rates between currencies are determined by forces of supply and demand in the foreign exchange markets. These forces are, in turn, affected by factors such as international balances of payments and other economic and financial conditions, government intervention in currency markets and currency trading speculation.

Fluctuations in FX rates, foreign political and economic developments, and the imposition of exchange controls or other foreign governmental laws or restrictions may affect the foreign currency market price and the exchange rate-adjusted equivalent price of the Structured Warrants. Fluctuations in the exchange rate of any one currency may be offset by fluctuations in the exchange

6. RISK FACTORS *(cont'd)*

rate of other relevant currencies.

6.5.5 Compliance with the relevant laws and regulations by the Underlying Companies, Underlying ETF manager or Underlying Index Sponsor

You should note that the Underlying Companies, the Underlying ETF manager, the Underlying Index Sponsor or the companies constituting the Underlying Index are subject to full compliance with the relevant laws, rules, regulations, guidelines, requirements or provisions imposed by the relevant authorities in Malaysia or in their home countries during the tenure of the Structured Warrants. The performance of the relevant Underlying Instruments on the relevant Securities Exchanges may be affected due to failure to comply with relevant laws and regulations in their respective jurisdictions, which may consequentially affect the value and/or performance of our Structured Warrants.

You should make your own enquiries, and where appropriate, obtain prior advice in relation to any investment decision.

6.5.6 Potential Tax Implications

The buy and sell transactions of Structured Warrants on Bursa Securities are subjected to stamp duty. In addition, income tax or capital gain tax treatment may vary depending on the legal identity of an investor, or the classification of income from the investment of Structured Warrants by the relevant tax authorities.

From time to time, tax laws and regulations as well as their application by the relevant taxation authorities are subjected to changes. If you are in doubt, please consult your own independent tax advisers on your tax position considering your individual circumstances before investing in Structured Warrants.

6.5.7 COVID-19 endemic and possible similar future outbreaks

The COVID-19 endemic and any possible future outbreaks of viruses may have significant adverse effect on the financial and business prospects of an Underlying Company, the performance of the Underlying Equities, Underlying Indices or Underlying ETFs and consequently materially and adversely affect the performance of the Structured Warrants.

The COVID-19 endemic and any possible future outbreaks may also have a negative effect on the financial markets in which the Group operates in, which could in turn affect the Group's profits and financial position, hence our ability to perform our obligations in respect of the Structured Warrants.

Accordingly, you should evaluate the Structured Warrants on your own or consult your investment adviser.

6.5.8 Effect of the combination of risk factors unpredictable

Two or more risk factors may simultaneously have an effect on the value of a Structured Warrant. As such, the effect of any combination of risk factors on the value of a Structured Warrant may be unpredictable.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- the Underlying ETF (as the case may be), or Structured Warrants (as determined by the Issuer) quoted and traded on the Securities Exchange or otherwise;
- (b) where the underlying financial instrument of a Series of Structured Warrants is an Underlying Index, the occurrence or existence on any Market Day at the time by reference to which the Issuer determines the level of the relevant Underlying Index or the prices of the equities constituting the Underlying Index ("**Relevant Time**") for such Underlying Index or such equities constituting the Underlying Index:
- (i) of any suspension of or limitation imposed on trading such as:
- (A) the suspension or material limitation on the trading of a material number of the equities constituting the Underlying Index;
- (B) the suspension or material limitation on the trading of the securities constituting the Underlying Index on the relevant Securities Exchange;
- (C) the suspension or material limitation on relevant Securities Exchange on the trading of options contracts or futures contracts relating to the Underlying Index or equities relating to the Underlying Index on which such contracts are traded; or
- (D) the imposition of any exchange controls in respect of any currencies involved in determining the Cash Settlement Amount;
- (c) any event (other than an event described in (d) below) that disrupts or impairs (as determined by the Issuer) the ability of market participants in general:
- (i) where the underlying financial instrument of a Series of Structured Warrants is an Underlying Equity or Underlying ETF (as the case may be), to effect transactions in or to obtain market prices of the Underlying Equity or the Underlying ETF, as the case may be or to effect any security transactions on the relevant Securities Exchange; or
- (ii) where the underlying financial instrument of a Series of Structured Warrants is an Underlying Index, to effect transactions in relation to or to obtain market levels for the Underlying Index on the relevant Securities Exchange or to effect transactions in or obtain market quotes for options contracts or futures contracts on or relating to the relevant Underlying Index on the relevant Securities Exchange;
- (d) the closure on any Market Day of the relevant Securities Exchange prior to the Scheduled Closing Time unless such earlier closing time is announced by such Securities Exchange at least one half hour prior to:
- (i) the actual closing time for the regular trading session on the relevant Securities Exchange on such Market Day; or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- (ii) the submission deadline (if applicable) for orders to be entered into the relevant Securities Exchange system for execution on such Market Day,

whichever is earlier.

The “**Scheduled Closing Time**” is the scheduled weekday closing time of the relevant Securities Exchange, without regard to after hours or any other trading outside of the regular trading session hours;

- (e) a general moratorium is declared in respect of banking activities in any Relevant Country; or
- (f) where the Relevant Country:
- (i) imposes any controls or announces its intention to impose any controls; or
- (ii) implements or announces its intention to implement, or changes or announces its intention to change the interpretation or administration of any laws or regulation,

which the Issuer determines is likely to affect the Issuer and/or any of its Affiliates to acquire, transfer, hold or realise such Underlying Equity, the Underlying ETF or equities constituting the Underlying Index, as the case may be, or to effect transactions in relation to the Underlying Equity, the Underlying ETF or the Underlying Index, as the case may be.

Where the financial instrument of a Series of Structured Warrants is an Underlying Index, the Issuer may have regard to such circumstances as it in its discretion deems appropriate, including any hedging arrangements by the Issuer and/or any of its Affiliates in relation to the Structured Warrants, to determine whether any of the foregoing events is “**material**”. Where any of the foregoing events affect fifteen percent (15%) or more of the level of such Underlying Index, the Issuer will regard it as material. If the Issuer determines that on any valuation date, a Market Disruption Event has occurred in respect of the Underlying Index, then the valuation date in respect of such Underlying Index shall be the next following Market Day after the Market Disruption Event occurred;

MCE Valuation Period	the period from the time of the occurrence of the Mandatory Call Event up to the end of the Next Trading Session on the relevant Securities Exchange;

ANNEXURE I PRINCIPAL TERMS OF DEED POLL *(cont'd)*

PART 1

CONDITIONS OF THE CASH-SETTLED SINGLE EQUITY CALL OR PUT WARRANTS

1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled call or put warrants over a single equity** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 1, the term “Structured Warrants” shall refer to the European style non-collateralised cash-settled call or put warrants over a single equity.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
- (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants. The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the Structured Warrants shall be freely transferable but the trading of the Structured Warrants must be in the same board lot applicable to the trading of the Underlying Equity or any other number of securities or in such odd lots as permitted by the SC and/or Bursa Securities. Where the board lot of the Underlying Equity is more than one hundred (100) equities per board lot, the Structured Warrants may be issued in board lots of one hundred (100) warrants.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of equities or other securities, including the Underlying Equity and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such equities or other securities, or any rights and benefits attaching thereto.
- 1.8 The Holders are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants

2.1 Automatic Exercise and Expiry

2.1.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount calculated in accordance with Condition 2.1.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate and cease to be valid at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.1.2 The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount calculated as set out below less Exercise Expenses, if any.

For call warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\frac{\text{Closing Price}^{(1)} - \text{Exercise Price}^{(2)}}{1} \right) \times \text{Exercise Ratio}^{(2)} \times \text{Settlement Exchange Rate (if applicable)}$$

For put warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\frac{\text{Exercise Price}^{(2)} - \text{Closing Price}^{(1)}}{1} \right) \times \text{Exercise Ratio}^{(2)} \times \text{Settlement Exchange Rate (if applicable)}$$

(1) (a) The "Closing Price" on the Expiry Date shall be calculated by reference to either:

(i) the VWAP of the Underlying Equity (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue,

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or

- (ii) the average closing price of the Underlying Equity (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
- (iii) the closing price of the Underlying Equity on the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet and subject to the Market Disruption Event and other provisions herein.

If the Expiry Date falls within the Take Over Offer Period or the Compulsory Acquisition Period, the Closing Price shall be as calculated above or the announced price for the Take-over Offer, whichever is lower (for call warrants) or higher (for put warrants), as the case may be.

If the Expiry Date falls on a Market Day when the Underlying Equity is suspended from trading as a result of the Take-over Offer or the Compulsory Acquisition, the Closing Price shall be the last quoted price of such Underlying Equity immediately before the suspension (subject to the Market Disruption Event provision below), or the announced price for the Take-over Offer, whichever is lower (for call warrants) or higher (for put warrants), as the case may be.

For the avoidance of doubt, in the event the Underlying Equity is delisted, the Closing Price shall be determined in accordance with Condition 9 below.

If the Underlying Equity is suspended from trading for any reason other than the above or a public holiday unexpected by the Issuer occurs on any of the five (5) Market Days described in sub-Conditions (i) or (ii) above, the valuation period applicable shall be as determined by the Issuer in such manner as it reasonably deems fit.

- (b) Notwithstanding anything to the contrary stated in this Condition 2.1.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:
 - (i) that eighth (8th) Business Day; and
 - (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Expiry Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- (2) The Exercise Price and/or Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 5.

2.1.3 In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 2.2 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Condition 2.1, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.
- (b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in the Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Condition 2.1 shall be final and conclusive and binding on the Holders.
- (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of the Structured Warrants and on exercise of the Structured Warrants, the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.
- (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.3 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as "free securities" in accordance with the Rules of Bursa Depository.
- 2.4 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
- 2.5 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 14 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
- 2.6 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
- 2.7 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.
- 3 Exercise Rights and Suspension**
- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Price subject to adjustments in accordance with Condition 5.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the Underlying Equity may have been suspended. Any suspension in the trading of the Underlying Equity or the Structured Warrants shall not preclude the Holder from exercising the Exercise Rights.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of six (6) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than six (6) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 14 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.

4 Deposit and Forfeiture of Unclaimed Amount

4.1 In the event that the Issuer pays the Cash Settlement Amount to any Holder under Condition 2 by way of cheque payment and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

5 Adjustment of Exercise Price and/or Exercise Ratio

5.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Exercise Price and/or the Exercise Ratio for the relevant Structured Warrant shall from time to time be adjusted in accordance with the following provisions:

(a) Bonus Issue

If and whenever the Underlying Company of the relevant Structured Warrants shall make an issue of new equities credited as fully paid-up to the holders of equities generally by way of capitalisation of profits or reserves (other than pursuant to a scrip dividend or similar scheme for the time being operated by the Underlying Company or otherwise in lieu of a cash dividend and without any payment or other consideration being made or given by such holders) ("**Bonus Issue**"), the Exercise Price and/or Exercise Ratio shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer could be lodged so that the transferee of the equities would qualify for the Bonus Issue in accordance with the following formula:

(i) Adjusted Exercise Ratio =
$$\frac{E}{(1 + N)}$$

(ii) Adjusted Exercise Price =
$$\frac{X}{(1 + N)}$$

Whereby in respect of this Condition 5.1(a)(i) and (ii):

X = Existing Exercise Price immediately prior to the Bonus Issue

N = The number of additional equities (whether a whole or a fraction) received by a holder of existing equities for each equity (of the relevant Underlying Company) held prior to the Bonus Issue

E = Existing Exercise Ratio immediately prior to the Bonus Issue

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the dilutive effect of the Bonus Issue.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(b) Rights Issue

If and whenever an Underlying Company of the relevant Structured Warrants shall, by way of Rights (as defined below), offer new equities for subscription at a fixed subscription price

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

("Rights Issue Price") to the holders of existing equities pro rata to the holders' existing holdings ("Rights Issue"), the Exercise Price and/or the Exercise Ratio shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer of such equities could be lodged so that the transferee of the equity would qualify for the Rights Issue in accordance with the following formula:

- (i) Adjusted Exercise Ratio =
- $$\frac{1 + (R/S) \times M}{1 + M} \times E$$
- (ii) Adjusted Exercise Price =
- $$\frac{1 + (R/S) \times M}{1 + M} \times X$$

Whereby, in respect of this Condition 5.1(b)(i) and (ii):

- R = Subscription price per Share of the Underlying Company of the relevant Structured Warrants under the Rights Issue.
- S = Cum-rights share price being the last traded price of an existing equity of the Underlying Company of the relevant Structured Warrants making the Rights Issue on the last Market Day on which the equities (of the Underlying Company of the relevant Structured Warrants making the Rights Issue) are traded on a cum-rights basis.
- M = Number of new equities (whether a whole or fraction) per existing equity of the Underlying Company of the relevant Structured Warrants making the Rights Issue each holder thereof is entitled to subscribe.
- X = Existing Exercise Price immediately prior to the Rights Issue.
- E = Existing Exercise Ratio immediately prior to the Rights Issue.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the dilutive effect of the Rights Issue.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

For the purposes hereof, "**Rights**" means the Right(s) attached to each existing equity or needed to acquire one new equity (as the case may be) which are given to the holders of existing equities to subscribe for new equities at a fixed subscription price pursuant to the Rights Issue (whether by the exercise of one Right, a part of a Right or an aggregate number of Rights).

(c) Subdivision or Consolidation

If and whenever the Underlying Company of the relevant Structured Warrants shall subdivide its equities or any class of its outstanding share capital comprising the equities into a greater number of equities (a "**Subdivision**"), or consolidate the equities or any class of its outstanding share capital comprising the equities into a smaller number of equities (a "**Consolidation**"), the Exercise Price and/or the Exercise Ratio shall be adjusted on the Market Day on which the relevant Subdivision or Consolidation shall have taken effect in accordance with the following formula:

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

(i) Adjusted Exercise Ratio =

$$\frac{E \times P}{N}$$

(ii) Adjusted Exercise Price =

$$\frac{X \times P}{N}$$

Whereby, in respect of this Condition 5.1(c)(i) and (ii):

X = Existing Exercise Price immediately prior to the Subdivision or Consolidation.

N = Revised number of equities after the Subdivision or Consolidation.

P = Existing number of equities immediately prior to the Subdivision or Consolidation.

E = Existing Exercise Ratio immediately prior to the Subdivision or Consolidation.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the dilutive or consolidative effect of the Subdivision or Consolidation.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(d) Capital Repayment

Should the Underlying Company of the relevant Structured Warrants undertake a capital repayment in cash (pursuant to Section 115 of the Companies Act 2016 or such other corresponding provision in the Relevant Country in which the Underlying Equity is listed and quoted) during the tenure of the Structured Warrants, the Exercise Price and/or the Exercise Ratio of the Structured Warrants shall be adjusted on the Market Day following the last day on which an instrument of transfer is lodged to enable the transferee of the equities to qualify for the capital repayment by the amount of the capital repayment, net of taxation, if any.

The Exercise Ratio and Exercise Price for the Structured Warrants shall be adjusted in accordance with the following formula:

(i) Adjusted Exercise Ratio =

$$E \times \frac{(P - D)}{P}$$

(ii) Adjusted Exercise Price =

$$X \times \frac{(P - D)}{P}$$

Whereby, in respect of this Condition 5.1(d)(i) and (ii):

P= Closing Price of the Underlying Equity on the last market day on which the Underlying Equity is traded on a cum-entitlement basis.

D = The capital repayment per one (1) Underlying Equity held.

X = Existing Exercise Price immediately prior to the capital repayment.

E= Existing Exercise Ratio immediately prior to the capital repayment.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

The Exercise Ratio and/or Exercise Price of the Structured Warrants shall not be adjusted for capital repayment in specie or in the form of other securities, other than for bonus issue and rights issue pursuant to Conditions 5.1(a) and (b).

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the effect of the capital repayment.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

Notwithstanding the above, if a capital repayment undertaken by the relevant Underlying Company results in a significant change in the business of such Underlying Company or such other circumstances as the Issuer may determine, the Issuer is entitled to terminate the Structured Warrants without prior notice to the Holders. If the Issuer terminates the Structured Warrants, then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Holder in respect of each Structured Warrant held by such Holder if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Structured Warrants (as determined by the Issuer) after taking into account the capital repayment exercise less all Exercise Expenses, if any.

(e) Other adjustments

The Issuer is entitled to make other adjustments as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (notwithstanding any adjustment previously made by the Issuer) should, in the context of the issue of Structured Warrants and its obligations hereunder, give rise to such adjustment. The Issuer shall make such adjustment generally without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency.

5.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Ratio and/or Exercise Price if the formulae stated in Condition 5.1(a) to Condition 5.1(e) results in an adjustment which would amount to less than two percent (2%) of the Exercise Ratio and/or Exercise Price being changed.

5.3 Any termination of Structured Warrants or adjustment made pursuant to Conditions 5.1 and 5.2 shall be binding on the Holders save in the case of manifest error. Notice of such termination, adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 14 and in any event within five (5) Market Days of such termination, adjustment or amendment being made.

6 Restrictions to Protect Rights of Holders

6.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

7 Merger or Consolidation of Underlying Company

7.1 In the event of a merger, amalgamation or reconstruction of the Underlying Company wherein an Underlying Company is to or may merge or consolidate with or into any other corporation (including becoming, by agreement or otherwise, a subsidiary of any corporation or controlled by any person or corporation) (except where the Underlying Company is the surviving corporation in a merger), or is to or may sell or transfer all or substantially all of its assets ("**Restructuring Event**"), the Issuer may in good faith take any of the actions below:

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- (a) cancel the Structured Warrants without prior notice to the Holders. If the Structured Warrants are so cancelled, the Issuer shall pay an amount to each Holder, if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Underlying Equity (as determined by the Issuer) after taking into account the Restructuring Event less all Exercise Expenses, if any; and/or
- (b) amend and determine the appropriate adjustment, if any, to be made to the terms and conditions of the Structured Warrants to account for the Restructuring Event and determine the effective date of that adjustment. After such adjustments (if any), the Structured Warrants shall relate to the number of equities of the corporation(s) resulting from or surviving such Restructuring Event or other securities ("**Substituted Securities**") and/or cash offered in substitution for the affected Underlying Equity of the relevant Structured Warrants to which the holder of such number of Underlying Equity to which the Structured Warrants related immediately before such Restructuring Event would have been entitled upon such Restructuring Event, as the case may be. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Restructuring Event made by a Securities Exchange to options on the relevant Underlying Equity traded on that Securities Exchange.
- 7.2 Upon the occurrence of a Restructuring Event, the rights attaching to the Structured Warrants in respect of that Underlying Company may be amended by the Issuer no later than the Market Day preceding the consummation of such Restructuring Event.
- 7.3 The provisions of these Conditions shall apply to such Substituted Securities provided that, any Substituted Securities may, as the Issuer reasonably deems fit, be replaced by an amount in the Relevant Currency equal to the market value or, if no market value is available, fair value, of such Substituted Securities in each case as determined by the Issuer as soon as practicable after such Restructuring Event is effected.
- 7.4 Any cancellation of Structured Warrants or modification of rights made pursuant to Condition 7.1 or 7.2 shall be notified to the Holders as soon as practicable thereafter and in any event within five (5) Market Days from the date of such cancellation or modification in accordance with Condition 14.
- 8 Take-over Offer, Compulsory Acquisition or other Forms of Reorganisation in respect of the Underlying Company**
- 8.1 Take-over Offer or Compulsory Acquisition
- In the event of the Take-Over Offer or Compulsory Acquisition or any other event having similar effect on the rights of the Holders ("**Other Event**") no cancellation of the relevant Structured Warrants shall be effected and the relevant Structured Warrants shall remain valid until its Expiry Date unless any such Take-Over Offer, Compulsory Acquisition or Other Event results in any of the circumstances referred to in Condition 9 or Condition 10, in which event, the relevant provisions of Condition 9 or Condition 10 shall apply.
- 8.2 Other Forms of Reorganisation
- In the event of a scheme of arrangement or any other forms of reorganisation including any scheme of arrangement or reorganisation resulting in the privatisation of the Underlying Company, or the Underlying Company is placed under a judicial management under any applicable laws, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.
- 9 Delisting of the Underlying Equity**
- 9.1 If at any time the Underlying Equity of the Structured Warrants ceases to be listed on Bursa Securities or such other Securities Exchanges or there is an announcement of an intention to cease the listing status of the Underlying Company or the Underlying Equity is suspended from trading on Bursa Securities or such other Securities Exchanges prior to, and in connection with the delisting of the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

Underlying Equity, the Structured Warrants may if determined by the Issuer be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:

- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the last quoted price of the Underlying Equity immediately before such events or determined in accordance with Condition 2.1.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the date immediately before such events ("**Set Date**"), the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

However, in the event the Underlying Equity is suspended or delisted (as the case may be) as a result of the Take-over Offer or the Compulsory Acquisition, the Closing Price for the calculation of the Cash Settlement Amount shall be as calculated above or the announced price for the Take-over Offer, whichever is lower (for call warrants) or higher (for put warrants), as the case may be.

- 9.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

10 Liquidation, Dissolution or Winding-Up of the Underlying Company

- 10.1 In the event of a liquidation, dissolution or winding-up of the Underlying Company or the appointment of a liquidator, receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Underlying Company's Assets, the Structured Warrants will be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:

- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the closing price of the Underlying Equity on the Market Day immediately before such events or determined in accordance with Condition 2.1.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- 10.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interest of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

10A Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

- 10A.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.
- 10A.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.
- 10A.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets, the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:
- (a) All unexercised Structured Warrants shall automatically be exercised without notice of automatic exercise being given by the Issuer to the Holders:
 - (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
 - (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The closing price of the Underlying Equity on the Market Day immediately before the above events shall form the Closing Price for the calculation of the Cash Settlement Amount.

- (b) Notwithstanding the foregoing, if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

11 Replacement of Structured Warrants Certificate

- 11.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

12 Register, Transfer and Transmission

- 12.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall apply with necessary modification to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.
- 12.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

13 Meetings of Holders

- 13.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

14 Notices

- 14.1 Subject to Condition 14.2:
- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
 - (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.
- 14.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.
- 14.3 All notices effected in accordance with this Condition 14 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.
- 14.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 5, 7, 8, 9, 10 or 10A, as the case may be, if no adjustment to the rights of the Holders, termination or cancellation of the relevant Structured Warrants or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

15 Modification of rights

- 15.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Price which a Holder is entitled to or the formulae for the adjustment of the Exercise Price or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.
- 15.2 Notwithstanding the provisions of Condition 15.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:
- (a) not materially prejudicial to the interests of the Holders; or
 - (b) of a formal, minor or technical nature; or
 - (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
 - (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 14 but in any event not later than twenty (20) Market Days from the date of such modification.

- 15.3 Notwithstanding Condition 15.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 14 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

16 Buy-backs and cancellation

- 16.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 16.2 Notwithstanding Condition 16.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

17 Warrant Agency Agreement

- 17.1 The Structured Warrants Registrar acts as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 17.2.
- 17.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:

- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex, telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;
- (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
- (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

18 Exclusion of equities

- 18.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

19 Governing law

- 19.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)**PART 2****CONDITIONS OF THE CASH-SETTLED SINGLE INDEX CALL OR PUT WARRANTS****1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants**

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled call or put warrants over a single index** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 2, the term “Structured Warrants” shall refer to the European style non-collateralised cash-settled call or put warrants over a single index.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
 - (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Structured Warrants shall be issued in board lots of one hundred (100) warrants or such other board lot as permitted by the SC and/or Bursa Securities.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of equities or other securities, including the equities in the companies constituting the Underlying Index and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such equities or other securities, or any rights and benefits attaching thereto.
- 1.8 The Holders of Structured Warrants are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants

2.1 Automatic Exercise and Expiry

2.1.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount calculated in Condition 2.1.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate and cease to be valid at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.1.2 The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any:

For call warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Closing Level}^{(1)} - \text{Exercise Level}^{(2)} \right) \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Multiplier}^{(3)} \times \text{Settlement Exchange Rate (if applicable)}$$

For put warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Exercise Level}^{(2)} - \text{Closing Level}^{(1)} \right) \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Multiplier}^{(3)} \times \text{Settlement Exchange Rate (if applicable)}$$

(1) (a) The "**Closing Level**" on the Expiry Date shall be calculated by reference to either:

- (i) the closing level of the Underlying Index on the Market Day immediately before the Expiry Date; or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- (ii) the final settlement price for settling the corresponding spot-month index future contracts on the Expiry Date or on the market day immediately before the Expiry Date, if the contract is settled in a time zone that is behind Malaysian time; or
- (iii) the average of the closing levels of the Underlying Index for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet.

If on the relevant date the Underlying Index Sponsor has not published the Underlying Index for the purpose of calculating the Closing Level, the Closing Level will be the closing level of the Underlying Index on the Market Day immediately before the relevant date (subject to the Market Disruption Event provision below).

- (b) Notwithstanding anything to the contrary stated in this Condition 2.1.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:
 - (i) that eighth (8th) Business Day; and
 - (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference level and/or the exchange rate (if applicable) for that Expiry Date by determining the level of the Underlying Index and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

(2) The Exercise Level and/or Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 5.

(3) The Multiplier shall be specified in the relevant Term Sheet.

2.1.3 In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

- 2.2 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Condition 2.1, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.
- (b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Condition 2.1 shall be final and conclusive and binding on the Holders.
- (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of Structured Warrants and on exercise of the Structured Warrants the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.3 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as "free securities" in accordance with the Rules of Bursa Depository.
- 2.4 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
- 2.5 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 11 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
- 2.6 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
- 2.7 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.
- 3 Exercise Rights and Suspension**
- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Level subject to adjustments in accordance with Condition 5.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the options or futures relating to the relevant Underlying Index on any options or futures exchanges may have been suspended. Any such suspension shall not preclude the Holder from exercising the Exercise Rights.
- 3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of six (6) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than six (6) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 11 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.
- 4 Deposit and Forfeiture of Unclaimed Amount**
- 4.1 In the event that the Issuer makes the Cash Settlement Amount to any Holder under Condition 2 and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

5 Adjustment of the Underlying Index, Exercise Level and/or Exercise Ratio

5.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Underlying Index of the relevant Structured Warrants shall from time to time be adjusted in accordance with the following provisions:

(a) Successor for the Underlying Index Sponsor calculates and reports on the Underlying Index
If a relevant Underlying Index is:

- (i) not calculated and announced by the Underlying Index Sponsor but is calculated and published by a successor to the Underlying Index Sponsor (the "**Successor Underlying Index Sponsor**") acceptable to the Issuer; or
- (ii) replaced by a successor index using, in the determination of the Issuer, the same or a substantially similar formula for and method of calculation as used in the calculation of the Underlying Index,

then in each case, that underlying index ("**Successor Index**") shall be deemed to be the Underlying Index.

(b) Modification and Cessation of Calculation of Underlying Index

If:

- (i) on or prior to the Exercise Date, the Underlying Index Sponsor or (if applicable) the Successor Underlying Index Sponsor makes or announces that they shall make a material change in the formula for or the method of calculating the Underlying Index or in any other way materially modifies the Underlying Index (other than a modification prescribed in that formula or method to maintain the Underlying Index in the event of changes in constituent securities and other capitalisation and routine events) or cancels or announces the cancellation of the Underlying Index and no Successor Index exists; or
- (ii) on the Exercise Date, the Underlying Index Sponsor or the Successor Underlying Index Sponsor fails to calculate and publish the Underlying Index (other than as a result of a Market Disruption Event),

then the Issuer may determine the reference level using, in lieu of a published level for the Underlying Index, the level for the Underlying Index as at that Exercise Date as determined by the Issuer in accordance with the formula for and method of calculating the Underlying Index last in effect prior to that change, modification, cancellation or failure, but using only securities that constituted the Underlying Index immediately prior to that change, modification, cancellation or failure (other than those securities that constituted the Underlying Index which have since ceased to be listed on or quoted by the relevant Securities Exchange).

(c) Correction of Closing Level

In the event that the Closing Level published by the Underlying Index Sponsor or the Successor Underlying Index Sponsor which is utilised for any calculation or determination made under the Structured Warrants is subsequently corrected, the Issuer will, as it reasonably deems fit, adjust the terms of the Structured Warrants to account for such correction provided that such correction is published and made available to the public by the Underlying Index Sponsor or the Successor Underlying Index Sponsor during a period following original publication equal in duration to the period in which a trade in futures or options contracts relating to the Underlying Index on the relevant Securities Exchange would customarily settle according to the rules of such Securities Exchange, or if there are multiple Securities Exchanges in respect of the Underlying Index, the longest such period, and further provided, that such publication of such correction is made sufficiently in advance of the Settlement Date.

(d) Notice of Determinations

All determinations made by the Issuer pursuant hereto shall be conclusive and binding on the Holders. The Issuer shall give, or procure that there is given, notice as soon as

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

practicable of any adjustment and of the date from which such adjustment is effective by notification to the Holders in accordance with Condition 11.

- 5.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Ratio and/or Exercise Level if such adjustments would amount to less than two percent (2%) of the Exercise Ratio and/or Exercise Level being changed.
- 5.3 Any adjustment made pursuant to Condition 5.1 and 5.2 shall be binding on the Holders save in the case of manifest error. Notice of such adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 11 and in any event within five (5) Market Days of the adjustment being made.

6 Restrictions to Protect Rights of Holders

- 6.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

7 Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

- 7.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.
- 7.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.
- 7.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets, the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:
- (a) All unexercised Structured Warrants shall automatically be exercised without notice of automatic exercise being given by the Issuer to the Holders:
 - (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
 - (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The closing level of the Underlying Index on the Market Day immediately before the above events shall form the Closing Level for the calculation of the Cash Settlement Amount for the Structured Warrants.

- (b) Notwithstanding the foregoing, if there is a Market Disruption Event on the date immediately before the above events ("**Set Date**"), the Closing Level shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Level shall be determined by the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference level and/or the exchange rate (if applicable) for that Set Date by determining the level of the Underlying Index and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

8 Replacement of Structured Warrants Certificate

- 8.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

9 Register, Transfer and Transmission

- 9.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall with necessary modifications apply to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.
- 9.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

10 Meetings of Holders

- 10.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

11 Notices

- 11.1 Subject to Condition 11.2:
- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
 - (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.
- 11.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.
- 11.3 All notices effected in accordance with this Condition 11 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.
- 11.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 5 or 7, as the case may be, if no adjustment to the rights

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

of the Holders or amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

12 Modification of rights

- 12.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Level which a Holder is entitled to or the formulae for the adjustment of the Exercise Level or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.
- 12.2 Notwithstanding the provisions of Condition 12.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:
- (a) not materially prejudicial to the interests of the Holders; or
 - (b) of a formal, minor or technical nature; or
 - (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
 - (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 11 but in any event not later than twenty (20) Market Days from the date of such modification.

- 12.3 Notwithstanding Condition 12.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 11 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

13 Buy-backs and cancellation

- 13.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 13.2 Notwithstanding Condition 13.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

14 Warrant Agency Agreement

- 14.1 The Structured Warrants Registrar shall be acting as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 14.2 below.
- 14.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:

- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex, telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;
- (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
- (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

15 Exclusion of equities

- 15.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

16 Governing law

- 16.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

PART 3**CONDITIONS OF THE CASH-SETTLED SINGLE EXCHANGE-TRADED FUND CALL OR PUT WARRANTS****1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants**

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled call or put warrants over a single exchange-traded fund** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 3, the term "Structured Warrants" shall refer to the European style non-collateralised cash-settled call or put warrants over a single exchange-traded fund.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
 - (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants. The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the Structured Warrants shall be freely transferable but the trading of the Structured Warrants must be in the same board lot applicable to the trading of the Underlying ETF or in such odd lots as permitted by the SC and/or Bursa Securities. Where the board lot of the Underlying ETF is more than one hundred (100) units per board lot, the Structured Warrants may be issued in board lots of one hundred (100) warrants.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of units of the Underlying ETF and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such units, or any rights and benefits attaching thereto.
- 1.8 The Holders are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants

2.1 Automatic Exercise and Expiry

- 2.1.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount calculated in accordance with Condition 2.1.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate and cease to be valid at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.
- 2.1.2 The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount calculated as set out below less Exercise Expenses, if any:

For call warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \frac{(\text{Closing Price}^{(1)} - \text{Exercise Price}^{(2)})}{\text{Exercise Ratio}^{(2)}} \times \text{Settlement Exchange Rate (if applicable)}$$

For put warrants:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \frac{(\text{Exercise Price}^{(2)} - \text{Closing Price}^{(1)})}{\text{Exercise Ratio}^{(2)}} \times \text{Settlement Exchange Rate (if applicable)}$$

(1) (a) The "**Closing Price**" on the Expiry Date shall be calculated by reference to either:

- (i) the VWAP of the Underlying ETF (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

to and including the Market Day immediately before the Expiry Date; or

- (ii) the average closing price of the Underlying ETF (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
- (iii) the closing price of the Underlying ETF on the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet and subject to the Market Disruption Event and other provisions herein.

If the Underlying ETF is delisted, the Closing Price shall be determined in accordance with Condition 8 below.

If the Underlying ETF is suspended from trading for any reason other than the above or a public holiday unexpected by the Issuer occurs on any of the five (5) Market Days described in sub-Conditions (i) or (ii) above, the valuation period applicable shall be as determined by the Issuer in such manner as it reasonably deems fit.

- (b) Notwithstanding anything to the contrary stated in this Condition 2.1.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:

- (i) that eighth (8th) Business Day; and
- (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Expiry Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- (2) The Exercise Price and/or Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 5.

2.1.3 In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.2 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Condition 2.1, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.

(b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in the Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Condition 2.1 shall be final and conclusive and binding on the Holders.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of the Structured Warrants and on exercise of the Structured Warrants, the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.
- (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.3 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as “free securities” in accordance with the Rules of Bursa Depository.
- 2.4 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
- 2.5 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 14 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
- 2.6 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
- 2.7 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.

3 Exercise Rights and Suspension

- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Price subject to adjustments in accordance with Condition 5.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the Underlying ETF may have been suspended. Any suspension in the trading of the Underlying ETF or the Structured Warrants shall not preclude the Holder from exercising the Exercise Rights.
- 3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of six (6) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than six (6) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 14 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.

4 Deposit and Forfeiture of Unclaimed Amount

- 4.1 In the event that the Issuer pays the Cash Settlement Amount to any Holder under Condition 2 by way of cheque payment and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

5 Adjustment of Exercise Price and/or Exercise Ratio

5.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Exercise Price and/or the Exercise Ratio shall from time to time be adjusted in accordance with the following provisions:

(a) Bonus Issue

If and whenever there is an issue of new units credited as fully paid-up to the holders of units generally (other than pursuant to a scrip distribution or similar scheme for the time being or otherwise in lieu of a cash distribution and without any payment or other consideration being made or given by such holders) ("**Bonus Issue**"), the Exercise Price and/or Exercise Ratio shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer could be lodged so that the transferee of the units would qualify for the Bonus Issue in accordance with the following formula:

$$(i) \quad \text{Adjusted Exercise Ratio} = \frac{E}{(1 + N)}$$

$$(ii) \quad \text{Adjusted Exercise Price} = \frac{X}{(1 + N)}$$

Whereby in respect of this Condition 5.1(a)(i) and (ii):

X = Existing Exercise Price immediately prior to the Bonus Issue.

N = The number of additional units (whether a whole or a fraction) received by a holder of existing units for each unit held prior to the Bonus Issue.

E = Existing Exercise Ratio immediately prior to the Bonus Issue.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the dilutive effect of the Subdivision.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(b) Distribution Payment

Should the Underlying ETF of the relevant Structured Warrants undertake a distribution payment in cash during the tenure of the Structured Warrants, the Exercise Price and/or the Exercise Ratio of the Structured Warrants may be adjusted (as the Issuer reasonably deems fit) on the Market Day following the last day on which an instrument of transfer is lodged to enable the transferee of the Underlying ETF to qualify for the distribution payment by the amount of the distribution payment, net of taxation, if any.

The Exercise Ratio and/or Exercise Price for the Structured Warrants shall be adjusted in accordance with the following formula:

$$(i) \quad \text{Adjusted Exercise Ratio} = E \times \frac{(P - D)}{P}$$

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

(ii) Adjusted Exercise Price =

$$X \times \frac{(P - D)}{P}$$

Whereby, in respect of this Condition 5.1(b)(i) and (ii):

P = Closing Price of the Underlying ETF on the last market day on which the Underlying Equity is traded on a cum-entitlement basis.

D = The distribution amount per one (1) Underlying ETF unit held.

X = Existing Exercise Price immediately prior to the distribution payment.

E = Existing Exercise Ratio immediately prior to the distribution payment.

The Exercise Ratio and/or Exercise Price of the Structured Warrants shall not be adjusted for distribution payment in specie or in the form of other securities, other than for bonus issue pursuant to Condition 5.1(a).

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the effect of the distribution payment.

On any such adjustment, the resultant Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(c) Subdivision or Consolidation

If and whenever there is a subdivision of units or any class of outstanding units into a greater number of units (a "**Subdivision**"), or consolidation of the units or any class of its outstanding units into a smaller number of units (a "**Consolidation**"), the Exercise Price and/or the Exercise Ratio shall be adjusted on the Market Day on which the relevant Subdivision or Consolidation shall have taken effect in accordance with the following formula:

(i) Adjusted Exercise Ratio=

$$\frac{E \times N}{P}$$

(ii) Adjusted Exercise Price =

$$\frac{X \times N}{P}$$

Whereby, in respect of this Condition 5.1(c)(i) and (ii):

X = Existing Exercise Price immediately prior to the Subdivision or Consolidation.

N = Revised par value after the Subdivision or Consolidation.

P = Existing par value immediately prior to the Subdivision or Consolidation.

E = Existing Exercise Ratio immediately prior to the Subdivision or Consolidation.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio and/or Exercise Price as the Issuer determines appropriate to account for the dilutive or consolidative effect of the Subdivision.

On any such adjustment, the resultant Exercise Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(d) Other adjustments

The Issuer is entitled to make other adjustments as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (notwithstanding any adjustment previously made by the Issuer) should, in the context of the issue of Structured Warrants and its obligations hereunder, give rise to such adjustment. The Issuer shall make such adjustment generally without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction.

On any such adjustment, the resultant Exercise Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

5.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Price and/or Exercise Ratio if the formulae stated in Condition 5.1(a) to Condition 5.1(d) results in an adjustment which would amount to less than two percent (2%) of the Exercise Price and/or Exercise Ratio being changed.

5.3 Any adjustment made pursuant to Conditions 5.1 and 5.2 shall be binding on the Holders save in the case of manifest error. Notice of such adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 14 and in any event within five (5) Market Days of the adjustment being made.

6 Restrictions to Protect Rights of Holders

6.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

7 Merger or Consolidation of Underlying ETF

7.1 If it is announced that the Underlying ETF is to or may merge with or consolidate into any other fund, other collective investment scheme or otherwise or that all or substantially all of its assets are or may be sold or transferred, ("**Restructuring Event**") the Issuer may in good faith take any of the actions below:

(a) cancel the Structured Warrants without prior notice to the Holders. If the Structured Warrants are so cancelled, the Issuer shall pay an amount to each Holder if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Underlying ETF (as determined by the Issuer) after taking into account the Restructuring Event less all Exercise Expenses, if any; and/or

(b) amend and determine the appropriate adjustment, if any, to be made to the terms and conditions of the Structured Warrants to account for the Restructuring Event and determine the effective date of that adjustment. After such adjustments (if any), the Structured Warrants shall relate to the number of units resulting from or surviving such Restructuring Event or other securities ("**Substituted Securities**") and/or cash offered in substitution for the affected Underlying ETF of the relevant Structured Warrants to which the holder of such number of Underlying ETF to which the Structured Warrants related immediately before such Restructuring Event would have been entitled upon such Restructuring Event, as the case may be. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Restructuring Event made by a Securities Exchange to options on the relevant Underlying ETF traded on that Securities Exchange.

7.2 Upon the occurrence of a Restructuring Event, the rights attaching to the Structured Warrants in respect of that Underlying ETF may be amended by the Issuer no later than the Market Day preceding the consummation of such Restructuring Event.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- 7.3 The provisions of these Conditions shall apply to such Substituted Securities provided that, any Substituted Securities may, as the Issuer reasonably deems fit, be replaced by an amount in the Relevant Currency equal to the market value or, if no market value is available, fair value, of such Substituted Securities in each case as determined by the Issuer as soon as practicable after such Restructuring Event is effected.
- 7.4 Any cancellation of Structured Warrants or modification of rights made pursuant to Condition 7.1 or 7.2 shall be notified to the Holders as soon as practicable thereafter and in any event within five (5) Market Days from the date of such cancellation or modification in accordance with Condition 14.

8 Delisting of the Underlying ETF

- 8.1 If at any time the Underlying ETF of the Structured Warrants ceases to be listed on Bursa Securities or such other Securities Exchanges or there is an announcement of an intention to cease the listing of the Underlying ETF or the Underlying ETF is suspended from trading on Bursa Securities or such other Securities Exchanges prior to, and in connection with the delisting of the Underlying ETF, the Structured Warrants may if determined by the Issuer be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:
- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
 - (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the last quoted price of the Underlying ETF immediately before such events or determined in accordance with Condition 2.1.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the date immediately before such events ("**Set Date**"), the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- 8.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

9 Liquidation, Dissolution or Winding-Up of the Underlying ETF

- 9.1 In the event of a liquidation, dissolution or winding-up of the Underlying ETF or the appointment of a liquidator, receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Underlying ETF's Assets, the Structured Warrants will be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:
- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the closing price of the Underlying ETF on the Market Day immediately before such events or determined in accordance with Condition 2.1.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the date immediately before such events ("Set Date"), the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- 9.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

10 Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

- 10.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.
- 10.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.
- 10.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets, the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:
- (a) All unexercised Structured Warrants shall be automatically exercised without notice of automatic exercise being given by the Issuer to the Holders:
- (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

The closing price of the Underlying ETF on the Market Day immediately before the above events shall form the Closing Price for the calculation of the Cash Settlement Amount.

- (b) Notwithstanding the foregoing, if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

11 Replacement of Structured Warrants Certificate

- 11.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

12 Register, Transfer and Transmission

- 12.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall with necessary modifications apply to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.
- 12.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

13 Meetings of Holders

- 13.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

14 Notices

- 14.1 Subject to Condition 14.2:
- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
- (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- 14.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.
- 14.3 All notices effected in accordance with this Condition 14 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.
- 14.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 5, 7, 8, 9 or 10, as the case may be, if no adjustment to the rights of the Holders, cancellation of the relevant Structured Warrants or amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

15 Modification of rights

- 15.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Price which a Holder is entitled to or the formulae for the adjustment of the Exercise Price or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.
- 15.2 Notwithstanding the provisions of Condition 15.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:
- (a) not materially prejudicial to the interests of the Holders; or
 - (b) of a formal, minor or technical nature; or
 - (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
 - (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 14 but in any event not later than twenty (20) Market Days from the date of such modification.

- 15.3 Notwithstanding Condition 15.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 14 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

16 Buy-backs and cancellation

- 16.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 16.2 Notwithstanding Condition 16.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

17 Warrant Agency Agreement

- 17.1 The Structured Warrants Registrar acts as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 17.2.
- 17.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:
- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex, telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;
 - (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
 - (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

18 Exclusion of equities

- 18.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

19 Governing law

- 19.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

PART 4**CONDITIONS OF THE CASH-SETTLED SINGLE EQUITY CALLABLE BULL OR BEAR CERTIFICATES****1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants**

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled callable bull or bear certificates over a single equity** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 4, the term “Structured Warrants” shall refer to the European style non-collateralised cash-settled callable bull or bear certificates over a single equity.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
 - (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants. The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the Structured Warrants shall be freely transferable but the trading of the Structured Warrants must be in the same board lot applicable to the trading of the Underlying Equity or in such odd lots as permitted by the SC and/or Bursa Securities. Where the board lot of the Underlying Equity is more than one hundred (100) equities per board lot, the Structured Warrants may be issued in board lots of one hundred (100) warrants.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of equities or other securities, including the Underlying Equity and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such equities or other securities, or any rights and benefits attaching thereto.
- 1.8 The Holders are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants**2.1 Mandatory Call Event**

- 2.1.1 The trading of the Structured Warrants will be suspended by Bursa Securities and the Structured Warrants will automatically terminate upon the occurrence of a Mandatory Call Event and the Issuer shall have no further obligation under the Structured Warrants except for the payment of the Cash Settlement Amount after deduction of the Exercise Expenses, if any, (if greater than zero) following the Mandatory Call Event on the relevant Settlement Date. Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder within one (1) Market Day from the end of the Next Trading Session after the Mandatory Call Event and the Structured Warrants will be de-listed from the Official List on the fourth (4th) Market Day after the occurrence of the Mandatory Call Event. The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the date of de-listing of the Structured Warrants pursuant to a Mandatory Call Event or any other relevant date as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any.

For callable bull certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Lowest Traded Price} - \text{Exercise Price} \right) \times \frac{1}{\text{Exercise Ratio}} \times \text{Settlement Exchange Rate (if applicable)}$$

For callable bear certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Exercise Price} - \text{Highest Traded Price} \right) \times \frac{1}{\text{Exercise Ratio}} \times \text{Settlement Exchange Rate (if applicable)}$$

If the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Structured Warrants shall terminate on the occurrence of the Mandatory Call Event and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 2.1.2 On the occurrence of a Mandatory Call Event, the Issuer shall unless otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities immediately:
- (a) notify Bursa Securities to suspend the trading of the Structured Warrants;
 - (b) announce the Mandatory Call Event and suspension to Bursa Securities, such announcement to include:
 - (i) the time the Mandatory Call Event occurs;
 - (ii) the time when the trading of the Structured Warrants is called by the Issuer and suspended by Bursa Securities and the effect of the same; and
 - (iii) the date when the Structured Warrants will be de-listed by Bursa Securities.

2.1.3 Revocation of Mandatory Call Event

A Mandatory Call Event is irrevocable unless it is triggered as a result of any of the following events:

- (a) System malfunction or other technical errors of the relevant Securities Exchange (such as the setting up of wrong Call Price/Call Level and other parameters) and such event is reported by the relevant Securities Exchange to the Issuer and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked; or
- (b) Manifest errors caused by the relevant third party price source where applicable (such as miscalculation of the index level by the relevant index compiler), and such event is reported by the Issuer to the relevant Securities Exchange and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked;

in each case, such mutual agreement must be reached between the relevant Securities Exchange and the Issuer as prescribed in the relevant procedures by the relevant Securities Exchange from time to time. Upon the revocation of the Mandatory Call Event, trading of the Structured Warrants will resume and any trade cancelled after such Mandatory Call Event will be reinstated.

2.2 Automatic Exercise and Expiry

2.2.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date provided that no Mandatory Call Event has occurred, and provided further that the Cash Settlement Amount calculated in accordance with Condition 2.2.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders provided that a Mandatory Call Event has not occurred). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.2.2 Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder at the end of the Expiry Date and shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any.

For callable bull certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Closing Price}^{(1)} - \text{Exercise Price}^{(2)} \right) \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Settlement Exchange Rate (if applicable)}$$

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

For callable bear certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\frac{\text{Exercise Price}^{(2)} - \text{Closing Price}^{(1)}}{\text{Exercise Ratio}^{(2)}} \right) \times \frac{1}{\text{Exchange Rate (if applicable)}}$$

- (1) (a) The “**Closing Price**” on the Expiry Date shall be calculated by reference to either:
- (i) the VWAP of the Underlying Equity (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
 - (ii) the average closing price of the Underlying Equity (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
 - (iii) the closing price of the Underlying Equity on the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet and subject to the Market Disruption Event and other provisions herein.

If the Expiry Date falls within the Take Over Offer Period or the Compulsory Acquisition Period, the Closing Price shall be as calculated above or the announced price for the Take-over Offer, whichever is lower for callable bull certificates and higher for callable bear certificates.

If the Expiry Date falls on a Market Day when the Underlying Equity is suspended from trading as a result of the Take-over Offer or the Compulsory Acquisition, the Closing Price shall be the last quoted price of such Underlying Equity immediately before the suspension (subject to the Market Disruption Event provision below), or the announced price for the Take-over Offer, whichever is lower for callable bull certificates and higher for callable bear certificates.

For the avoidance of doubt, in the event the Underlying Equity is delisted, the Closing Price shall be determined in accordance with Condition 10 below.

If the Underlying Equity is suspended from trading for any reason other than the above or a public holiday unexpected by the Issuer occurs on any of the five (5) Market Days described in sub-Conditions (i) or (ii) above, the valuation period applicable shall be as determined by the Issuer in such manner as it reasonably deems fit.

- (b) Notwithstanding anything to the contrary stated in this Condition 2.2.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:
- (i) that eighth (8th) Business Day; and
 - (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer’s good faith estimate the reference price and/or the exchange rate (if applicable) for that Expiry Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- (2) The Exercise Price and/or the Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 6.

In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

- 2.3 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Conditions 2.1 and 2.2, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.
- (b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in the Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Conditions 2.1 and 2.2 shall be final and conclusive and binding on the Holders.
- (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of the Structured Warrants (or upon the occurrence of a Mandatory Call Event) and on exercise of the Structured Warrants, the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.
- (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.4 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as "free securities" in accordance with the Rules of Bursa Depository.
- 2.5 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
- 2.6 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 15 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
- 2.7 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository, in accordance with the Central Depositories Act and the Rules of Bursa Depository, to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
- 2.8 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

3 Exercise Rights and Suspension

- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Price subject to adjustments in accordance with Condition 6.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the Underlying Equity may have been suspended. Any suspension in the trading of the Underlying Equity or the Structured Warrants shall not preclude the Holder from exercising the Exercise Rights.
- 3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of three (3) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than three (3) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 15 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.

4 Funding Cost

- 4.1 The issue price of a Structured Warrant represents the difference between the initial Spot Price of the Underlying Equity as at the launch date or price fixing date of the Structured Warrants and the Exercise Price, plus the applicable funding cost.

The initial funding cost applicable to each series of Structured Warrants will be specified in the relevant Term Sheet for the relevant series and will fluctuate throughout the life of the Structured Warrants as the funding rate changes from time to time.

5 Deposit and Forfeiture of Unclaimed Amount

- 5.1 In the event that the Issuer pays the Cash Settlement Amount to any Holder under Condition 2 by way of cheque payment and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

6 Adjustment of Exercise Price, Exercise Ratio and/or Call Price

6.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Exercise Price, Exercise Ratio and/or Call Price shall from time to time be adjusted in accordance with the following provisions:

(a) Bonus Issue

If and whenever the Underlying Company of the relevant Structured Warrants shall make an issue of new equities ("**Equities**") credited as fully paid-up to the holders of Equities generally by way of capitalisation of profits or reserves (other than pursuant to a scrip dividend or similar scheme for the time being operated by the Underlying Company or otherwise in lieu of a cash dividend and without any payment or other consideration being made or given by such holders) ("**Bonus Issue**"), the Exercise Ratio, Exercise Price and/or Call Price shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer could be lodged so that the transferee of the Equities would qualify for the Bonus Issue in accordance with the following formula:

(i) Adjusted Exercise Ratio =

$$\frac{E}{(1 + N)}$$

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

$$(ii) \quad \text{Adjusted Exercise Price} = \frac{X}{(1 + N)}$$

$$(iii) \quad \text{Adjusted Call Price} = \frac{C}{(1 + N)}$$

Whereby in respect of this Condition 6.1(a)(i), (ii) and (iii):

E = Existing Exercise Ratio immediately prior to the Bonus Issue.

X = Existing Exercise Price immediately prior to the Bonus Issue.

C = Existing Call Price immediately prior to the Bonus Issue.

N = The number of additional Equities (whether a whole or a fraction) received by a holder of existing Equities for each Equity (of the relevant Underlying Company) held prior to the Bonus Issue.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio, Exercise Price and/or Call Price as the Issuer determines appropriate to account for the dilutive effect of the Bonus Issue.

On any such adjustment, the resultant Exercise Ratio, Exercise Price and/or Call Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(b) Rights Issue

If and whenever an Underlying Company of the relevant Structured Warrants shall, by way of Rights (as defined below), offer new Equities for subscription at a fixed subscription price ("**Rights Issue Price**") to the holders of existing Equities pro rata to the holders' existing holdings ("**Rights Issue**"), the Exercise Ratio, Exercise Price and/or Call Price shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer of such Equities could be lodged so that the transferee of the Equities would qualify for the Rights Issue in accordance with the following formula:

$$(i) \quad \text{Adjusted Exercise Ratio} = \frac{1 + (R/S) \times M}{1 + M} \times E$$

$$(ii) \quad \text{Adjusted Exercise Price} = \frac{1 + (R/S) \times M}{1 + M} \times X$$

$$(iii) \quad \text{Adjusted Call Price} = \frac{1 + (R/S) \times M}{1 + M} \times C$$

Whereby, in respect of this Condition 6.1(b)(i), (ii) and (iii):

R = Subscription price per Equity of the Underlying Company of the relevant Structured Warrants under the Rights Issue.

S = Cum-rights share price being the last traded price of an existing Equity of the Underlying Company of the relevant Structured Warrants making the Rights Issue on the last Market Day on which the Equities (of the Underlying Company of the relevant Structured Warrants making the Rights Issue) are traded on a cum-rights basis.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

M = Number of new Equities (whether a whole or fraction) per existing Equity of the Underlying Company of the relevant Structured Warrants making the Rights Issue each holder thereof is entitled to subscribe.

E = Existing Exercise Ratio immediately prior to the Rights Issue.

X = Existing Exercise Price immediately prior to the Right Issue

C = Existing Call Price immediately prior to the Rights Issue.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio, Exercise Price and/or Call Price as the Issuer determines appropriate to account for the dilutive effect of the Rights Issue.

On any such adjustment, the resultant Exercise Ratio, Exercise Price and/or Call Price (as the case may be) shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

For the purposes hereof, "**Rights**" means the Right(s) attached to each existing Equity or needed to acquire one new Equity (as the case may be) which are given to the holders of existing Equities to subscribe for new Equities at a fixed subscription price pursuant to the Rights Issue (whether by the exercise of one Right, a part of a Right or an aggregate number of Rights).

(c) Subdivision or Consolidation

If and whenever the Underlying Company of the relevant Structured Warrants shall subdivide its Equities or any class of its outstanding share capital comprising the Equities into a greater number of Equities (a "**Subdivision**"), or consolidate the Equities or any class of its outstanding share capital comprising the Equities into a smaller number of Equities (a "**Consolidation**"), the Exercise Ratio, Exercise Price and/or Call Price shall be adjusted on the Market Day on which the relevant Subdivision or Consolidation shall have taken effect in accordance with the following formula:

(i) Adjusted Exercise Ratio =

$$\frac{E \times P}{N}$$

(ii) Adjusted Exercise Price =

$$\frac{X \times P}{N}$$

(iii) Adjusted Call Price =

$$\frac{C \times P}{N}$$

Whereby, in respect of this Condition 6.1(c)(i), (ii) and (iii):

N = Revised number of Equities after the Subdivision or Consolidation.

P = Existing number of Equities immediately prior to the Subdivision or Consolidation.

E = Existing Exercise Ratio immediately prior to the Subdivision or Consolidation.

X = Existing Exercise Price immediately prior to the Subdivision or Consolidation.

C = Existing Call Price immediately prior to the Subdivision or Consolidation.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio, Exercise Price and/or Call Price as the Issuer determines appropriate to account for the dilutive or consolidative effect of the Subdivision or Consolidation.

On any such adjustment, the resultant Exercise Ratio, Exercise Price and/or Call Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(d) Capital Repayment

Should the Underlying Company of the relevant Structured Warrants undertake a capital repayment in cash (pursuant to Section 115 of the Companies Act 2016 or such other corresponding provision in the Relevant Country in which the Underlying Equity is listed and quoted) during the tenure of the Structured Warrants, the Exercise Ratio, Exercise Price and/or the Call Price of the Structured Warrants shall be adjusted on the Market Day following the last day on which an instrument of transfer is lodged to enable the transferee of the Equities to qualify for the capital repayment by the amount of the capital repayment, net of taxation, if any.

The Exercise Ratio, Exercise Price and/or Call Price for the Structured Warrants shall be adjusted in accordance with the following formula:

(i) Adjusted Exercise Ratio =

$$E \times \frac{(P - D)}{P}$$

(ii) Adjusted Exercise Price =

$$X \times \frac{(P - D)}{P}$$

(iii) Adjusted Call Price =

$$C \times \frac{(P - D)}{P}$$

Whereby, in respect of this Condition 6.1(d)(i), (ii) and (iii):

P = Closing Price of the Underlying Equity on the last market day on which the Underlying Equity is traded on a cum-entitlement basis.

D = The capital repayment per one (1) Underlying Equity held.

E = Existing Exercise Ratio immediately prior to the capital repayment.

X = Existing Exercise Price immediately prior to the capital repayment.

C = Existing Call Price immediately prior to the capital repayment.

The Exercise Ratio, Exercise Price and/or Call Price of the Structured Warrants shall not be adjusted for capital repayment in specie or in the form of other securities, other than for bonus issue and rights issue pursuant to Conditions 6.1(a) and (b).

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Ratio, Exercise Price and/or Call Price as the Issuer determines appropriate to account for the effect of the capital repayment.

On any such adjustment, the resultant Exercise Ratio, Exercise Price and/or Call Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

Notwithstanding the above, if a capital repayment undertaken by the relevant Underlying Company results in a significant change in the business of such Underlying Company or such other circumstances as the Issuer may determine, the Issuer is entitled to terminate the Structured Warrants without prior notice to the Holders. If the Issuer terminates the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

Structured Warrants, then the Issuer will, if and to the extent permitted by applicable law, pay an amount to each Holder in respect of each Structured Warrant held by such holder if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Structured Warrants (as determined by the Issuer) after taking into account the capital repayment exercise less all Exercise Expenses, if any.

(e) Other adjustments

The Issuer is entitled to make other adjustments as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (notwithstanding any adjustment previously made by the Issuer) should, in the context of the issue of Structured Warrants and its obligations hereunder, give rise to such adjustment. The Issuer shall make such adjustment generally without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction.

On any such adjustment, the resultant Call Price, Exercise Ratio and/or Exercise Price shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

6.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Ratio, Exercise Price and/or Call Price if the formulae stated in Condition 6.1(a) to Condition 6.1(e) results in an adjustment which would amount to less than two percent (2%) of the Exercise Ratio, Exercise Price and/or Call Price being changed.

6.3 Any termination of Structured Warrants or adjustment made pursuant to Conditions 6.1 and 6.2 shall be binding on the Holders save in the case of manifest error. Notice of such termination, adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 15 and in any event within five (5) Market Days of such termination, adjustment or amendment being made.

7 Restrictions to Protect Rights of Holders

7.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

8 Merger or Consolidation of Underlying Company

8.1 In the event of a merger, amalgamation or reconstruction of the Underlying Company wherein an Underlying Company is to or may merge or consolidate with or into any other corporation (including becoming, by agreement or otherwise, a subsidiary of any corporation or controlled by any person or corporation) (except where the Underlying Company is the surviving corporation in a merger), or is to or may sell or transfer all or substantially all of its assets ("**Restructuring Event**"), the Issuer may in good faith take any of the actions below:

(a) cancel the Structured Warrants without prior notice to the Holders. If the Structured Warrants are so cancelled, the Issuer shall pay an amount to each Holder, if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Underlying Equity (as determined by the Issuer) after taking into account the Restructuring Event less all Exercise Expenses, if any; and/or

(b) amend and determine the appropriate adjustment, if any, to be made to the terms and conditions of the Structured Warrants to account for the Restructuring Event and determine the effective date of that adjustment. After such adjustments (if any), the Structured Warrants shall relate to the number of equities of the corporation(s) resulting from or surviving such Restructuring Event or other securities ("**Substituted Securities**") and/or cash offered in substitution for the affected Underlying Equity of the relevant Structured Warrants to which

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

the holder of such number of Underlying Equity to which the Structured Warrants related immediately before such Restructuring Event would have been entitled upon such Restructuring Event, as the case may be. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Restructuring Event made by a Securities Exchange to options on the relevant Underlying Equity traded on that Securities Exchange.

- 8.2 Upon the occurrence of a Restructuring Event, the rights attaching to the Structured Warrants in respect of that Underlying Company may be amended by the Issuer no later than the Market Day preceding the consummation of such Restructuring Event.
- 8.3 The provisions of these Conditions shall apply to such Substituted Securities provided that, any Substituted Securities may, as the Issuer reasonably deems fit, be replaced by an amount in the Relevant Currency equal to the market value or, if no market value is available, fair value, of such Substituted Securities in each case as determined by the Issuer as soon as practicable after such Restructuring Event is effected.
- 8.4 Any cancellation of Structured Warrants or modification of rights made pursuant to Condition 8.1 or 8.2 shall be notified to the Holders as soon as practicable thereafter and in any event within five (5) Market Days from the date of such cancellation or modification in accordance with Condition 15.

9 Take-over Offer, Compulsory Acquisition or other Forms of Reorganisation in respect of the Underlying Company

9.1 Take-over Offer or Compulsory Acquisition

In the event of the Take-Over Offer or Compulsory Acquisition or any other event having similar effect on the rights of the Holders ("**Other Event**") no cancellation of the relevant Structured Warrants shall be effected and the relevant Structured Warrants shall remain valid until its Expiry Date unless any such Take-Over Offer, Compulsory Acquisition or Other Event results in any of the circumstances referred to in Condition 10 or Condition 11, in which event, the relevant provisions of Condition 10 or Condition 11 shall apply.

9.2 Other Forms of Reorganisation

In the event of a scheme of arrangement or any other forms of reorganisation including any scheme of arrangement or reorganisation resulting in the privatisation of the Underlying Company, or the Underlying Company is placed under a judicial management under any applicable laws, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.

10 Delisting of the Underlying Equity

- 10.1 If at any time the Underlying Equity of the Structured Warrants ceases to be listed on Bursa Securities or such other Securities Exchanges or there is an announcement of an intention to cease the listing status of the Underlying Company or the Underlying Equity is suspended from trading on Bursa Securities or such other Securities Exchanges prior to, and in connection with the delisting of the Underlying Equity, the Structured Warrants may if determined by the Issuer be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:
- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the last quoted price of the Underlying Equity immediately before such events or determined in accordance with Condition 2.2.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price and Call Price.

Provided that if there is a Market Disruption Event on the date immediately before such events (“**Set Date**”), the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer’s good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

However, in the event the Underlying Equity is suspended or delisted (as the case may be) as a result of the Take-over Offer or the Compulsory Acquisition, the Closing Price for the calculation of the Cash Settlement Amount shall be as calculated above or the announced price for the Take-over Offer, whichever is lower for callable bull certificates and higher for callable bear certificates.

- 10.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

11 Liquidation, Dissolution or Winding-Up of the Underlying Company

- 11.1 In the event of a liquidation, dissolution or winding-up of the Underlying Company or the appointment of a liquidator, receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Underlying Company’s Assets, the Structured Warrants will be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:

- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer’s obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the closing price of the Underlying Equity on the Market Day immediately before such events or determined in accordance with Condition 2.2.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price or Call Price.

Provided that if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer’s good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- 11.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

11A Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

11A.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.

11A.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.

11A.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets, the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:

(a) All unexercised Structured Warrants shall automatically be exercised without notice of automatic exercise being given by the Issuer to the Holders:

- (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The closing price of the Underlying Equity on the Market Day immediately before the above events shall form the Closing Price for the calculation of the Cash Settlement Amount.

(b) Notwithstanding the foregoing, if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

12 Replacement of Structured Warrants Certificate

12.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

13 Register, Transfer and Transmission

- 13.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall with necessary modifications apply to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.
- 13.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

14 Meetings of Holders

- 14.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

15 Notices

- 15.1 Subject to Condition 15.2:
- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
 - (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.
- 15.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.
- 15.3 All notices effected in accordance with this Condition 15 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.
- 15.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 6, 8, 9, 10, 11 or 11A, as the case may be, if no adjustment to the rights of the Holders, termination or cancellation of the relevant Structured Warrants or amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

16 Modification of rights

- 16.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Price or Call Price which a Holder is entitled to or the formulae for the adjustment of the Exercise Price or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 16.2 Notwithstanding the provisions of Condition 16.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:
- (a) not materially prejudicial to the interests of the Holders; or
 - (b) of a formal, minor or technical nature; or
 - (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
 - (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 15 but in any event not later than twenty (20) Market Days from the date of such modification.

- 16.3 Notwithstanding Condition 16.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 15 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

17 Buy-backs and cancellation

- 17.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 17.2 Notwithstanding Condition 17.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

18 Warrant Agency Agreement

- 18.1 The Structured Warrants Registrar acts as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 18.2.
- 18.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:
- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex,

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;

- (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
- (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

19 Exclusion of equities

- 19.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

20 Governing Law

- 20.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.

PART 5

CONDITIONS OF THE CASH-SETTLED SINGLE INDEX CALLABLE BULL OR BEAR CERTIFICATES

1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled callable bull or bear certificates over a single index** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 5, the term “Structured Warrants” shall refer to the European style non-collateralised cash-settled callable bull or bear certificates over a single index.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
 - (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants. The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Structured Warrants shall be issued in board lots of one hundred (100) warrants or such other board lot as permitted by the SC and/or Bursa Securities.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of equities or other securities, including the equities in the companies constituting the Underlying Index and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such equities or other securities, or any rights and benefits attaching thereto.
- 1.8 The Holders of Structured Warrants are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants

2.1 Mandatory Call Event

2.1.1 The trading of the Structured Warrants will be suspended by Bursa Securities and the Structured Warrants will automatically terminate upon the occurrence of a Mandatory Call Event and the Issuer shall have no further obligation under the Structured Warrants except for the payment of the Cash Settlement Amount after deduction of the Exercise Expenses, if any, (if greater than zero) following the Mandatory Call Event on the relevant Settlement Date. Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder within one (1) Market Day from the end of the Next Trading Session after the Mandatory Call Event and the Structured Warrants will be de-listed from the Official List on the fourth (4th) Market Days after the occurrence of the Mandatory Call Event. The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the date of de-listing of the Structured Warrants pursuant to a Mandatory Call Event or any other relevant date as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount calculated as set out below less Exercise Expenses, if any.

For callable Bull Certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Lowest Index Level} - \text{Exercise Level}^{(1)} \right) \times \frac{1}{\text{Exercise Ratio}^{(1)}} \times \text{Multiplier}^{(2)} \times \text{Settlement Exchange Rate (if applicable)}$$

For callable Bear Certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Exercise Level}^{(1)} - \text{Highest Index Level} \right) \times \frac{1}{\text{Exercise Ratio}^{(1)}} \times \text{Multiplier}^{(2)} \times \text{Settlement Exchange Rate (if applicable)}$$

(1) The Exercise Level and/or the Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 6.

(2) The Multiplier shall be specified in the relevant Term Sheet.

If the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Structured Warrants shall terminate on the occurrence of the Mandatory Call Event and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.1.2 On the occurrence of a Mandatory Call Event, the Issuer shall unless otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities immediately:

- (a) notify Bursa Securities to suspend the trading of the Structured Warrants;
- (b) announce the Mandatory Call Event and suspension to Bursa Securities, such announcement to include:
 - (i) the time the Mandatory Call Event occurs;
 - (ii) the time when the trading of the Structured Warrants is called by the Issuer and suspended by Bursa Securities and the effect of the same; and
 - (iii) the date when the Structured Warrants will be de-listed by Bursa Securities.

2.1.3 Revocation of Mandatory Call Event

A Mandatory Call Event is irrevocable unless it is triggered as a result of any of the following events:

- (a) System malfunction or other technical errors of the relevant Securities Exchange (such as the setting up of wrong Call Price/Call Level and other parameters) and such event is reported by the relevant Securities Exchange to the Issuer and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked; or
- (b) Manifest errors caused by the relevant third party price source where applicable (such as miscalculation of the index level by the relevant index compiler), and such event is reported by the Issuer to the relevant Securities Exchange and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked;

in each case, such mutual agreement must be reached between the relevant Securities Exchange and the Issuer as prescribed in the relevant procedures by the relevant Securities Exchange from time to time. Upon the revocation of the Mandatory Call Event, trading of the Structured Warrants will resume and any trade cancelled after such Mandatory Call Event will be reinstated.

2.2 Automatic Exercise and Expiry

2.2.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date provided that no Mandatory Call Event has occurred and provided further that the Cash Settlement Amount calculated in accordance with Condition 2.2.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders provided that a Mandatory Call Event has not occurred). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.2.2 Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder at the end of the Expiry Date and shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any:

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

For callable bull certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \frac{(\text{Closing Level}^{(1)} - \text{Exercise Level}^{(2)})}{\text{Exercise Ratio}^{(2)}} \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Multiplier}^{(3)} \times \text{Settlement Exchange Rate (if applicable)}$$

For callable bear certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \frac{(\text{Exercise Level}^{(2)} - \text{Closing Level}^{(1)})}{\text{Exercise Ratio}^{(2)}} \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Multiplier}^{(3)} \times \text{Settlement Exchange Rate (if applicable)}$$

(1) (a) The “**Closing Level**” on the Expiry Date shall be calculated by reference to either:

- (i) the closing level of the Underlying Index on the Market Day immediately before the Expiry Date; or
- (ii) the final settlement price for settling the corresponding spot-month index future contracts on the Expiry Date or on the market day immediately before the Expiry Date, if the contract is settled in a time zone that is behind Malaysian time; or
- (iii) the average of the closing levels of the Underlying Index for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet subject to the Market Disruption Event provision below.

If on the relevant date the Underlying Index Sponsor has not published the Underlying Index for the purpose of calculating the Closing Level, the Closing Level will be the closing level of the Underlying Index on the Market Day immediately before the relevant date (subject to the Market Disruption Event provision below).

(b) Notwithstanding anything to the contrary stated in this Condition 2.2.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:

- (i) that eighth (8th) Business Day; and
- (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer’s good faith estimate the reference level and/or the exchange rate (if applicable) for that Expiry Date by determining the level of the Underlying Index and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

(2) The Exercise Level and/or the Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 6.

(3) The Multiplier shall be specified in the relevant Term Sheet.

2.2.3 In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer’s obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 2.3 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Conditions 2.1 and 2.2, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.
- (b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Conditions 2.1 and 2.2 shall be final and conclusive and binding on the Holders.
- (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of Structured Warrants (or upon the occurrence of a Mandatory Call Event), and on exercise of the Structured Warrants, the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.
- (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.4 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as "free securities" in accordance with the Rules of Bursa Depository.
- 2.5 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
- 2.6 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 12 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
- 2.7 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository, in accordance with the Central Depositories Act and the Rules of Bursa Depository, to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
- 2.8 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.
- 3 Exercise Rights and Suspension**
- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Level subject to adjustments in accordance with Condition 6 of the Deed Poll.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the options or futures

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- relating to the relevant Underlying Index on any options or futures exchanges may have been suspended. Any such suspension shall not preclude the Holder from exercising the Exercise Rights.
- 3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of three (3) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than three (3) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 12 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.

4 Funding Cost

- 4.1 The issue price of a Structured Warrant represents the difference between the initial Spot Level of the Underlying Index as at the launch date or price fixing date of the Structured Warrant and the Exercise Level, plus the applicable funding cost.

The initial funding cost applicable to each series of Structured Warrants will be specified in the relevant Term Sheet for the relevant series and will fluctuate throughout the life of the Structured Warrants as the funding rate changes from time to time.

5 Deposit and Forfeiture of Unclaimed Amount

- 5.1 In the event that the Issuer makes the Cash Settlement Amount to any Holder under Condition 2 by way of cheque payment and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

6 Adjustment of Underlying Index, Exercise Level, Call Level and/or Exercise Ratio

6.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Underlying Index of the relevant Structured Warrants shall from time to time be adjusted in accordance with the following provisions:

- (a) Successor for the Underlying Index Sponsor calculates and reports on the Underlying Index

If a relevant Underlying Index is:

- (i) not calculated and announced by the Underlying Index Sponsor but is calculated and published by a successor to the Underlying Index Sponsor (the "**Successor Underlying Index Sponsor**") acceptable to the Issuer; or
- (ii) replaced by a successor index using, in the determination of the Issuer, the same or a substantially similar formula for and method of calculation as used in the calculation of the Underlying Index,

then in each case, that underlying index ("**Successor Index**") shall be deemed to be the Underlying Index.

- (b) Modification and Cessation of Calculation of Underlying Index

If:

- (i) on or prior to the Exercise Date or Mandatory Call Event, the Underlying Index Sponsor or (if applicable) the Successor Underlying Index Sponsor makes or announces that they shall make a material change in the formula for or the method of calculating the Underlying Index or in any other way materially modifies the Underlying Index (other than a modification prescribed in that formula or method to maintain the Underlying Index in the event of changes in constituent securities and other capitalisation and routine events) or cancels or announces the cancellation of the Underlying Index and no Successor Index exists; or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- (ii) on the Exercise Date or Mandatory Call Event, the Underlying Index Sponsor or the Successor Underlying Index Sponsor fails to calculate and publish the Underlying Index (other than as a result of a Market Disruption Event),

then the Issuer may determine the reference level using, in lieu of a published level for the Underlying Index, the level for the Underlying Index as at that Exercise Date or Mandatory Call Event (as the case may be) as determined by the Issuer in accordance with the formula for and method of calculating the Underlying Index last in effect prior to that change, modification, cancellation or failure, but using only securities that constituted the Underlying Index immediately prior to that change, modification, cancellation or failure (other than those securities that constituted the Underlying Index which have since ceased to be listed on or quoted by the relevant Securities Exchange).

- (c) Correction of Closing Level

In the event that the Closing Level published by the Underlying Index Sponsor or the Successor Underlying Index Sponsor which is utilised for any calculation or determination made under the Structured Warrants is subsequently corrected, the Issuer will, as it reasonably deems fit, adjust the terms of the Structured Warrants to account for such correction provided that such correction is published and made available to the public by the Underlying Index Sponsor or the Successor Underlying Index Sponsor during a period following original publication equal in duration to the period in which a trade in futures or options contracts relating to the Underlying Index on the relevant Securities Exchange would customarily settle according to the rules of such Securities Exchange, or if there are multiple Securities Exchanges in respect of the Underlying Index, the longest such period, and further provided, that such publication of such correction is made sufficiently in advance of the Settlement Date.

- (d) Notice of Determinations

All determinations made by the Issuer pursuant hereto shall be conclusive and binding on the Holders. The Issuer shall give, or procure that there is given, notice as soon as practicable of any adjustment and of the date from which such adjustment is effective by notification to the Holders in accordance with Condition 12.

- 6.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Level, Call Level and/or Exercise Ratio if such adjustments would amount to less than two percent (2%) of the Exercise Level, Call Level and/or Exercise Ratio being changed.
- 6.3 Any adjustment made pursuant to Condition 6.1 and Condition 6.2 shall be binding on the Holders save in the case of manifest error. Notice of such adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 12 and in any event within five (5) Market Days of the adjustment being made.

7 Restrictions to Protect Rights of Holders

- 7.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

8 Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

- 8.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.
- 8.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.

- 8.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:
- (a) All unexercised Structured Warrants shall automatically be exercised without notice of automatic exercise being given by the Issuer to the Holders:
 - (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
 - (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.
 - (b) The closing level of the Underlying Index on the Market Day immediately before the above events shall form the Closing Level for the calculation of the Cash Settlement Amount for the Structured Warrants.
 - (c) Notwithstanding the foregoing, if there is a Market Disruption Event on the date immediately before the above events ("**Set Date**"), the Closing Level shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Level shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference level and/or the exchange rate (if applicable) for that Set Date by determining the level of the Underlying Index and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

9 Replacement of Structured Warrants Certificate

- 9.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

10 Register, Transfer and Transmission

- 10.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall with necessary modifications apply to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

10.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

11 Meetings of Holders

11.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

12 Notices

12.1 Subject to Condition 12.2:

- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
- (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.

12.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.

12.3 All notices effected in accordance with this Condition 12 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.

12.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 6 or 8, as the case may be, if no adjustment to the rights of the Holders or amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

13 Modification of rights

13.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Level which a Holder is entitled to or the formulae for the adjustment of the Exercise Level, or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.

13.2 Notwithstanding the provisions of Condition 13.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:

- (a) not materially prejudicial to the interests of the Holders; or
- (b) of a formal, minor or technical nature; or
- (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
- (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 12 but in any event not later than twenty (20) Market Days from the date of such modification.

- 13.3 Notwithstanding Condition 13.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 12 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

14 Buy-backs and cancellation

- 14.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 14.2 Notwithstanding Condition 14.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

15 Warrant Agency Agreement

- 15.1 The Structured Warrants Registrar shall be acting as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 15.2 below.
- 15.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:
- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex, telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;
 - (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
 - (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

16 Exclusion of equities

16.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

17 Governing law

17.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

PART 6

CONDITIONS OF THE CASH-SETTLED SINGLE EXCHANGE-TRADED FUND CALLABLE BULL OR BEAR CERTIFICATES

1 General, Nature, Form, Transfer, Administration and Status of Structured Warrants

- 1.1 The Structured Warrants comprise **European style non-collateralised cash-settled callable bull or bear certificates over a single exchange-traded fund** to be issued from time to time by the Issuer through the Base Prospectus and subject to, and with the benefit of the Deed Poll referred to on the face of the Structured Warrants Certificate and these Conditions. The Exercise Rights entitle the Holder of each Structured Warrant for each Series of Structured Warrants issued or to be issued, subject to the Deed Poll and in accordance with these Conditions, upon valid exercise thereof, to the Cash Settlement Amount calculated in accordance with Condition 2. Certain statements in these Conditions are summaries of and are subject to the detailed provisions of the Deed Poll and in the event of any inconsistency between a provision contained in these Conditions and a provision contained in the Deed Poll, the provisions in the Deed Poll shall prevail. The Issuer has entered into a Warrant Agency Agreement with the Structured Warrants Registrar. Copies of the Deed Poll and the Warrant Agency Agreement are available for inspection at the registered office of the Issuer, being at the date hereof at Level 19, Menara Affin, Lingkaran TRX, Tun Razak Exchange, 55188 Kuala Lumpur. The Holders for the time being of the Structured Warrants and whose names appear on the Record of Depositors are all entitled to the benefit of, bound by, and deemed to have notice of, all the provisions of the Deed Poll and the Warrant Agency Agreement. Further, each Holder acknowledges it has, where necessary, consulted its stockbroker, solicitor or other adviser before investing in the Structured Warrants and none of the Issuer or its directors or employees may be construed as investment adviser or agent of, or owe any fiduciary duty to the Holder. **For the purposes of this Part 6, the term “Structured Warrants” shall refer to the European style non-collateralised cash-settled callable bull or bear certificates over a single exchange-traded fund.**
- 1.2 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, the relevant applicable rules and regulations and these Conditions:
- (a) each Structured Warrant is an option which confers on the Holder the Exercise Rights which require the Issuer to pay the Cash Settlement Amount to the Holder in accordance with these Conditions; and
 - (b) the Structured Warrants are issued in registered form, serially numbered and are a Prescribed Security to be admitted to the Official List. The Structured Warrants are represented by a global/jumbo certificate issued to Bursa Depository or its nominee who holds the same as bare trustee on behalf of the Holders, and deposited with Bursa Depository in or substantially in the form set out in the First Schedule to the Deed Poll as the same may from time to time be modified in accordance with the Deed Poll.
- 1.3 Subject to all information provided by the subscriber for the Structured Warrants to the Issuer being complete and consistent with the records of Bursa Depository, the Issuer shall within seven (7) Market Days from the date of allotment of the Structured Warrants, cause and procure the Structured Warrants Registrar to notify Bursa Depository of the names of the Holders together with such particulars as may be required by Bursa Depository for the purpose of making appropriate entries in the Securities Account of the respective Holder, request Bursa Depository to credit the Securities Account of the Holders with the applicable Structured Warrants and shall deliver to Bursa Depository the Structured Warrants Certificate registered in the name of Bursa Depository or its nominee company in such manner as may be prescribed by the Rules of Bursa Depository or agreed with Bursa Depository. If, at any time, the information provided by the Holders for the Structured Warrants is incorrect or inaccurate or inconsistent with the records of Bursa Depository, the Issuer reserves the right and without any obligation whatsoever to the Holders, to accept, reject or otherwise deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances. The Holders are not entitled to any physical warrant certificates.
- 1.4 Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the registration and subsequent administration of Structured Warrants shall be in the manner set forth in the Deed Poll and the Warrant Agency Agreement. It is hereby acknowledged that the Issuer shall be entitled to appoint registrars for the registration and administration of the Structured Warrants. The Issuer hereby confirms that it shall/has appointed the Structured Warrants Registrar for the

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

purpose stipulated hereof, who shall perform such duties as required by the Issuer under the Deed Poll.

- 1.5 The Holders may transfer the Structured Warrants in the manner prescribed under the Central Depositories Act and the Rules of Bursa Depository. Subject to the provisions of the Central Depositories Act and the Rules of Bursa Depository, the Structured Warrants shall be freely transferable but the trading of the Structured Warrants must be in the same board lot applicable to the trading of the Underlying ETF or in such odd lots as permitted by the SC and/or Bursa Securities. Where the board lot of the Underlying ETF is more than one hundred (100) units per board lot, the Structured Warrants may be issued in board lots of one hundred (100) warrants.
- 1.6 The Structured Warrants and the settlement obligation of the Issuer in respect of the Structured Warrants represent general and unsecured contractual obligations of the Issuer and of no other person which rank, and shall rank, equally among themselves and without preference in all respects, subject to such exceptions as may from time to time exist under applicable law or the Deed Poll, with the other existing and future unsecured and unsubordinated obligations of the Issuer.
- 1.7 The Structured Warrants do not confer on the Holders any right to acquire or dispose of units of the Underlying ETF and the Issuer is not under any obligation whatsoever to purchase, hold or deliver such units, or any rights and benefits attaching thereto.
- 1.8 The Holders are entitled to the Cash Settlement Amount in accordance with Condition 2.

2 Exercise of the Structured Warrants**2.1 Mandatory Call Event**

- 2.1.1 The trading of the Structured Warrants will be suspended by Bursa Securities and the Structured Warrants will automatically terminate upon the occurrence of a Mandatory Call Event and the Issuer shall have no further obligation under the Structured Warrants except for the payment of the Cash Settlement Amount after deduction of the Exercise Expenses, if any, (is greater than zero) following the Mandatory Call Event on the relevant Settlement Date. Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder within one (1) Market Day from the end of the Next Trading Session after the Mandatory Call Event and the Structured Warrants will be de-listed from the Official List on the fourth (4th) Market Days after the occurrence of the Mandatory Call Event. The Issuer shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the date of de-listing of the Structured Warrants pursuant to a Mandatory Call Event or any other relevant date as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any.

For callable bull certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Lowest Traded Price} - \text{Exercise Price} \right) \times \frac{1}{\text{Exercise Ratio}} \times \text{Settlement Exchange Rate (if applicable)}$$

For callable bear certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \left(\text{Exercise Price} - \text{Highest Traded Price} \right) \times \frac{1}{\text{Exercise Ratio}} \times \text{Settlement Exchange Rate (if applicable)}$$

If the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Structured Warrants shall terminate on the occurrence of the Mandatory Call Event and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

- 2.1.2 On the occurrence of a Mandatory Call Event, the Issuer shall unless otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities immediately:
- (a) notify Bursa Securities to suspend the trading of the Structured Warrants;
 - (b) announce the Mandatory Call Event and suspension to Bursa Securities, such announcement to include:
 - (i) the time the Mandatory Call Event occurs;
 - (ii) the time when the trading of the Structured Warrants is called by the Issuer and suspended by Bursa Securities and the effect of the same; and
 - (iii) the date when the Structured Warrants will be de-listed by Bursa Securities.

2.1.3 Revocation of Mandatory Call Event

A Mandatory Call Event is irrevocable unless it is triggered as a result of any of the following events:

- (a) System malfunction or other technical errors of the relevant Securities Exchange (such as the setting up of wrong Call Price/Call Level and other parameters) and such event is reported by the relevant Securities Exchange to the Issuer and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked; or
- (b) Manifest errors caused by the relevant third party price source where applicable (such as miscalculation of the index level by the relevant index compiler), and such event is reported by the Issuer to the relevant Securities Exchange and the Issuer and the relevant Securities Exchange mutually agree that such Mandatory Call Event is to be revoked;

in each case, such mutual agreement must be reached between the relevant Securities Exchange and the Issuer as prescribed in the relevant procedures by the relevant Securities Exchange from time to time. Upon the revocation of the Mandatory Call Event, trading of the Structured Warrants will resume and any trade cancelled after such Mandatory Call Event will be reinstated.

2.2 Automatic Exercise and Expiry

2.2.1 The Structured Warrants shall be automatically exercised at 5.00 p.m. on the Expiry Date provided that no Mandatory Call Event has occurred and provided further that the Cash Settlement Amount calculated in accordance with Condition 2.2.2 after deduction of the Exercise Expenses, if any, is greater than zero (without notice of automatic exercise being given by the Issuer to the Holders provided that a Mandatory Call Event has not occurred). If the Expiry Date is not a Market Day then it shall be deemed to be exercised on the next following Market Day. The Structured Warrants will automatically terminate at 5.00 p.m. on the Expiry Date if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.2.2 Except as otherwise permitted pursuant to or provided under the Listing Requirements of Bursa Securities, the Issuer shall announce the Cash Settlement Amount payable to the relevant Holder at the end of the Expiry Date and shall in the absence of a Settlement Disruption Event, within seven (7) Market Days from the Expiry Date or such other period as may be prescribed by Bursa Securities or such other relevant authority, pay to the relevant Holder, the Cash Settlement Amount, calculated as set out below less Exercise Expenses, if any.

For callable bull certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times (\text{Closing Price}^{(1)} - \text{Exercise Price}^{(2)}) \times \frac{1}{\text{Exercise Ratio}^{(2)}} \times \text{Settlement Exchange Rate (if applicable)}$$

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

For callable bear certificates:

$$\text{Cash Settlement Amount} = \text{Number of Structured Warrants} \times \frac{(\text{Exercise Price}^{(2)} - \text{Closing Price}^{(1)})}{\text{Exercise Ratio}^{(2)}} \times \frac{1}{\text{Exchange Rate (if applicable)}}$$

(1) (a) The “Closing Price” on the Expiry Date shall be calculated by reference to either:

- (i) the VWAP of the Underlying ETF (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
- (ii) the average closing price of the Underlying ETF (subject to any adjustment as may be necessary to reflect any capitalisation, rights issue, distribution or others) for the five (5) Market Days prior to and including the Market Day immediately before the Expiry Date; or
- (iii) the closing price of the Underlying ETF on the Market Day immediately before the Expiry Date,

and as specified in the relevant Term Sheet and subject to the Market Disruption Event and other provisions herein.

If the Underlying ETF is delisted, the Closing Price shall be determined in accordance with Condition 9 below.

If the Underlying ETF is suspended from trading for any reason other than the above or a public holiday unexpected by the Issuer at the time of issue of the relevant Structure Warrants occurs on any of the five (5) Market Days described in sub-Conditions (i) or (ii) above, the valuation period applicable shall be as determined by the Issuer in such manner as it reasonably deems fit.

(b) Notwithstanding anything to the contrary stated in this Condition 2.2.2, if there is a Market Disruption Event on the Expiry Date, the Expiry Date shall be the next following Market Day after the Market Disruption Event. If the Market Disruption Event continues to occur up to the eighth (8th) Business Day following the original Expiry Date, then the Expiry Date shall be:

- (i) that eighth (8th) Business Day; and
- (ii) the Issuer shall determine as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Expiry Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

(2) The Exercise Price and/or Exercise Ratio shall be subject to such adjustments as may be necessary as provided in Condition 6.

2.2.3 In the event that the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero on the Expiry Date, the Structured Warrants shall terminate on the Expiry Date and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

2.3 (a) The Cash Settlement Amount less the Exercise Expenses, if any, shall be made by way of cheque drawn in favour of the Holder to be delivered by ordinary post to the Holder's address last recorded in the Record of Depositors at the Holder's own risk or by way of electronic

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

funds transfer to the bank account of the Holder last notified to the Structured Warrants Registrar. Where the Issuer makes a payment to a Holder pursuant to the terms of Conditions 2.1 and 2.2, the amount of such payment arising from the exercise of the Structured Warrants shall be final and conclusive and the Issuer shall be discharged from its obligation upon making such payment thereof in accordance with these Conditions.

- (b) The Cash Settlement Amount less the Exercise Expenses, if any, shall be calculated and be payable in the Settlement Currency and rounded down to the nearest two (2) decimal points. All determinations made by the Issuer pursuant to Conditions 2.1 or 2.2 shall be final and conclusive and binding on the Holders.
 - (c) The Holder is to bear all Exercise Expenses, if any, in relation to the exercise of the Structured Warrants (or upon the occurrence of a Mandatory Call Event) and on exercise of the Structured Warrants, the Issuer shall be irrevocably authorised by the Holder to deduct all Exercise Expenses, if any, from the Cash Settlement Amount.
 - (d) If as a result of a Settlement Disruption Event, it is not possible for the Issuer to make payment on the original Settlement Date, the Issuer shall use its reasonable endeavours to procure payment as soon as practicable after the original Settlement Date. The Issuer shall not be liable to the Holder for any interest in respect of the amount due or any loss or damage that such Holder may suffer as a result of the existence of the Settlement Disruption Event.
- 2.4 The Issuer shall not allow the Holder to exercise the Exercise Rights unless the Structured Warrants are or have been designated as "free securities" in accordance with the Rules of Bursa Depository.
 - 2.5 The Issuer declares that approval shall be sought from Bursa Securities for the admission of the Structured Warrants to the Official List and for the listing of and quotation for the Structured Warrants on Bursa Securities.
 - 2.6 The initial Structured Warrants Registrar and its specified offices are stated in the Deed Poll. The Issuer reserves the right at any time to terminate the appointment of the Structured Warrants Registrar. Prior written notice of any termination, appointment of Structured Warrants Registrar, resignation of the Structured Warrants Registrar or any changes in any of the specified offices of the relevant Structured Warrants Registrar shall be given to the Holders in accordance with Condition 15 and such prior notice shall be given to the Holders not more than sixty (60) days and less than thirty (30) days of such termination, appointment, resignation or change.
 - 2.7 In respect of each Structured Warrant in which Exercise Rights have been exercised, the Issuer shall instruct or procure the Structured Warrants Registrar to instruct Bursa Depository, in accordance with the Central Depositories Act and the Rules of Bursa Depository, to debit the appropriate number of Structured Warrants in respect of which Exercise Rights have been exercised from the Securities Account of such Holder. The Issuer shall be entitled at any time on or after the Expiry Date, to demand that Bursa Depository deliver to the Issuer the Structured Warrants Certificates and thereafter cancel or cause the cancellation of the Structured Warrants Certificates.
 - 2.8 The Structured Warrants subject to the Exercise Rights which have been exercised in accordance with the Deed Poll shall cease to exist and all obligations of the Issuer in respect of those Structured Warrants shall terminate absolutely following payment of the amount (if any) referred to in this Condition 2.

3 Exercise Rights and Suspension

- 3.1 Upon and subject to the provisions of the Central Depositories Act, the Rules of Bursa Depository and the Deed Poll, the Holder whose name as stated in the Record of Depositors shall have the right on the Expiry Date to invoke its Exercise Rights at the Exercise Price subject to adjustments in accordance with Condition 6.
- 3.2 The Structured Warrants shall, subject to any directions, order or notice from any relevant regulatory authority and any request for suspension by the Issuer which is not rejected by any such relevant regulatory authority, continue to be traded notwithstanding that the trading of the Underlying ETF may have been suspended. Any such suspension in the trading of the Underlying ETF or the Structured Warrants shall not preclude the Holder from exercising the Exercise Rights.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

- 3.3 The Issuer shall notify the Holders of the Expiry Date at least two (2) weeks prior to the Expiry Date for Structured Warrants with a tenure of three (3) months or less and at least one (1) month prior to the Expiry Date for Structured Warrants with more than three (3) months' tenure or such other period as may be specified by the relevant authority. Such notice shall be given in accordance with Condition 15 stating the Expiry Date and treatment of the Structured Warrants which are not exercised.

4 Funding Cost

- 4.1 The issue price of a Structured Warrant represents the difference between the initial Spot Price of the Underlying ETF as at the launch date or price fixing date of the Structured Warrant and the Exercise Price, plus the applicable funding cost.

The initial funding cost applicable to each series of Structured Warrants will be specified in the relevant Term Sheet for the relevant series and will fluctuate throughout the life of the Structured Warrants as the funding rate changes from time to time.

5 Deposit and Forfeiture of Unclaimed Amount

- 5.1 In the event that the Issuer pays the Cash Settlement Amount to any Holder under Condition 2 by way of cheque payment and such Holder does not present the cheque for payment within six (6) months from the date of the cheque, the Issuer shall at any time thereafter deal with the said monies in accordance and in compliance with, the requirements of the Unclaimed Moneys Act 1965 (Act 370) (revised 1989) of Malaysia.

6 Adjustment of Exercise Price, Call Price and/or Exercise Ratio

- 6.1 Adjustments

Subject to the Conditions as hereinafter provided and the Deed Poll, the Exercise Price, Call Price and/or the Exercise Ratio shall from time to time be adjusted in accordance with the following provisions:

- (a) Bonus Issue

If and whenever there is an issue of new units credited as fully paid-up to the holders of units generally (other than pursuant to a scrip dividend or similar scheme for the time being or otherwise in lieu of a cash dividend and without any payment or other consideration being made or given by such holders) ("**Bonus Issue**"), the Exercise Price, Call Price and/or the Exercise Ratio shall be adjusted on the Market Day immediately following the last day on which an instrument of transfer could be lodged so that the transferee of the units would qualify for the Bonus Issue in accordance with the following formula:

$$(i) \quad \text{Adjusted Exercise Ratio} = \frac{E}{(1 + N)}$$

$$(ii) \quad \text{Adjusted Exercise Price} = \frac{X}{(1 + N)}$$

$$(iii) \quad \text{Adjusted Call Price} = \frac{C}{(1 + N)}$$

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

Whereby in respect of this Condition 6.1(a)(i), (ii) and (iii):

- X = Existing Exercise Price immediately prior to the Bonus Issue.
 C = Existing Call Price immediately prior to the Bonus Issue.
 N = The number of additional units (whether a whole or a fraction) received by a holder of existing units for each unit held prior to the Bonus Issue.
 E = Existing Exercise Ratio immediately prior to the Bonus Issue.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Price, Call Price and/or Exercise Ratio as the Issuer determines appropriate to account for the dilutive effect of the Subdivision.

On any such adjustment, the resultant Exercise Price, Call Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(b) Distribution Payment

Should the Underlying ETF of the relevant Structured Warrants undertake a distribution payment in cash during the tenure of the Structured Warrants, the Exercise Price, Call Price and/or the Exercise Ratio of the Structured Warrants may be adjusted (as the Issuer reasonably deems fit) on the Market Day following the last day on which an instrument of transfer is lodged to enable the transferee of the Underlying ETF to qualify for the distribution payment by the amount of the distribution payment, net of taxation, if any.

The Exercise Price, Call Price and/or Exercise Ratio for the Structured Warrants shall be adjusted in accordance with the following formula:

(i) Adjusted Exercise Ratio =

$$E \times \frac{(P - D)}{P}$$

(ii) Adjusted Exercise Price =

$$X \times \frac{(P - D)}{P}$$

(iii) Adjusted Call Price =

$$C \times \frac{(P - D)}{P}$$

Whereby, in respect of this Condition 6.1(b)(i), (ii) and (iii):

- P = Closing Price of the Underlying ETF on the last market day on which the Underlying Equity is traded on a cum-entitlement basis.
 D = The distribution amount per one (1) Underlying ETF unit held.
 C = Existing Call Price immediately prior to the distribution payment
 X = Existing Exercise Price immediately prior to the distribution payment.
 E = Existing Exercise Ratio immediately prior to the distribution payment

The Exercise Price, Call Price and/or Exercise Ratio of the Structured Warrants shall not be adjusted for distribution payment in specie or in the form of other securities, other than for bonus issue pursuant to Condition 6.1(a).

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Price, Call Price and/or Exercise Ratio as the Issuer determines appropriate to account for the effect of the distribution payment.

On any such adjustment, the resultant Exercise Price, Call Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(c) Unit splits or consolidation

If and whenever there is a subdivision of units or any class of its outstanding units into a greater number of units (a "**Subdivision**"), or consolidation of the units or any class of its outstanding units into a smaller number of units (a "**Consolidation**"), the Exercise Price, Call Price and/or Exercise Ratio shall be adjusted on the Market Day on which the relevant Subdivision or Consolidation shall have taken effect in accordance with the following formula:

(i) Adjusted Exercise Ratio=

$$\frac{E \times N}{P}$$

(ii) Adjusted Exercise Price =

$$\frac{X \times N}{P}$$

(ii) Adjusted Call Price =

$$\frac{C \times N}{P}$$

Whereby, in respect of this Condition 6.1(c)(i), (ii) and (ii):

X = Existing Exercise Price immediately prior to the Subdivision or Consolidation.

C = Existing Call Price immediately prior to the Subdivision or Consolidation.

N = Revised par value after the Subdivision or Consolidation.

P = Existing par value immediately prior to the Subdivision or Consolidation.

E = Existing Exercise Ratio immediately prior to the Subdivision or Consolidation.

Alternatively, the Issuer may also, in good faith, make a corresponding adjustment to the Exercise Price, Call Price and/or Exercise Ratio as the Issuer determines appropriate to account for the dilutive effect of the Subdivision.

On any such adjustment, the resultant Exercise Price, Call Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

(d) Other adjustments

The Issuer is entitled to make other adjustments as it reasonably believes are appropriate in circumstances where an event or events occur which the Issuer believes (notwithstanding any adjustment previously made by the Issuer) should, in the context of the issue of Structured Warrants and its obligations hereunder, give rise to such adjustment. The Issuer shall make such adjustment generally without considering the individual circumstances of any Holder or the tax or other consequences of such adjustment in any particular jurisdiction.

On any such adjustment, the resultant Exercise Price, Call Price and/or Exercise Ratio shall be rounded to the nearest four (4) decimal points of the Relevant Currency and all such

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

adjustment made by the Issuer pursuant to this Condition shall be deemed as final and conclusive save for any manifest error.

- 6.2 Notwithstanding the foregoing, no adjustments shall be made to the Exercise Price, Call Price and/or Exercise Ratio if the formulae stated in Condition 6.1(a) to Condition 6.1(d) results in an adjustment which would amount to less than two percent (2%) of the Exercise Price, Call Price and/or Exercise Ratio being changed.
- 6.3 Any adjustment made pursuant to Conditions 6.1 and 6.2 shall be binding on the Holders save in the case of manifest error. Notice of such adjustments or amendments shall be given to the Holders as soon as practicable thereafter in accordance with Condition 15 and in any event within five (5) Market Days of the adjustment being made.

7 Restrictions to Protect Rights of Holders

- 7.1 As from the date of the issue of the Structured Warrants and for so long as any of the Structured Warrants remain exercisable, the Issuer shall have arrangements in place to ensure, for the benefit of the Holders that it is able to satisfy in full the exercise of all the Structured Warrants for the time being outstanding.

8 Merger or Consolidation of Underlying ETF

- 8.1 If it is announced that the Underlying ETF is to or may merge with or consolidate into any other fund, other collective investment schemes or otherwise or that all or substantially all of its assets are or may be sold or transferred ("**Restructuring Event**"), the Issuer may in good faith take any of the actions below:
- (a) cancel the Structured Warrants without prior notice in accordance with Condition 15 to the Holders. If the Structured Warrants are so cancelled, the Issuer shall pay an amount to each Holder, if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero. The Cash Settlement Amount shall be determined by the Issuer in a manner as it reasonably deems fit based on the fair market value of the Underlying ETF (as determined by the Issuer) after taking into account the Restructuring Event less all Exercise Expenses, if any; and/or
- (b) amend and determine the appropriate adjustment, if any, to be made to the terms and conditions of the Structured Warrants to account for the Restructuring Event and determine the effective date of that adjustment. After such adjustments (if any), the Structured Warrants shall relate to the number of units resulting from or surviving such Restructuring Event or other securities ("**Substituted Securities**") and/or cash offered in substitution for the affected Underlying ETF of the relevant Structured Warrants to which the holder of such number of Underlying ETF to which the Structured Warrants related immediately before such Restructuring Event would have been entitled upon such Restructuring Event, as the case may be. The Issuer may, but need not, determine the appropriate adjustment by reference to the adjustment in respect of the Restructuring Event made by a Securities Exchange to options on the relevant Underlying ETF traded on that Securities Exchange.
- 8.2 Upon the occurrence of a Restructuring Event, the rights attaching to the Structured Warrants in respect of that Underlying ETF may be amended by the Issuer no later than the Market Day preceding the consummation of such Restructuring Event.
- 8.3 The provisions of these Conditions shall apply to such Substituted Securities provided that, any Substituted Securities may, as the Issuer reasonably deems fit, be replaced by an amount in the Relevant Currency equal to the market value or, if no market value is available, fair value, of such Substituted Securities in each case as determined by the Issuer as soon as practicable after such Restructuring Event is effected.
- 8.4 Any cancellation of Structured Warrants or modification of rights made pursuant to Condition 8.1 or 8.2 shall be notified to the Holders as soon as practicable thereafter and in any event within five (5) Market Days from the date of such cancellation or modification in accordance with Condition 15.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

9 Delisting of the Underlying ETF

9.1 If at any time the Underlying ETF of the Structured Warrants ceases to be listed on Bursa Securities or such other Securities Exchanges or there is an announcement of an intention to cease the listing status of the Underlying ETF is suspended from trading on Bursa Securities or such other Securities Exchanges prior to, and in connection with the delisting of the Underlying ETF, the Structured Warrants may if determined by the Issuer be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:

- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the last quoted price of the Underlying ETF immediately before such events or determined in accordance with Condition 2.2.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the date immediately before such events ("**Set Date**"), the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

9.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

10 Liquidation, Dissolution or Winding-Up of the Underlying ETF

10.1 In the event of a liquidation, dissolution or winding-up of the Underlying ETF or the appointment of a liquidator, receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Underlying ETF's Assets, the Structured Warrants will be automatically exercised without notice of automatic exercise being given by the Issuer to the Holder:

- (a) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
- (b) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The Closing Price for the calculation of the Cash Settlement Amount (calculated in accordance with Condition 2) shall be the closing price of the Underlying ETF on the Market Day immediately before

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (*cont'd*)

such events or determined in accordance with Condition 2.2.2, as the case may be, and the Issuer shall not be obliged to make any adjustment to the Exercise Price.

Provided that if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, then the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying ETF and/or the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

- 10.2 Subject to the aforesaid, the Issuer may but shall not be obliged to make any adjustment to the terms and conditions of the Structured Warrants and the rights attaching to the Structured Warrants as it shall reasonably consider appropriate to ensure that the interests of the Holders generally are not materially prejudiced as a consequence of such events (without considering the individual circumstances of any Holder or the tax or other consequences that may result in any particular jurisdiction).

11 Takeover, Merger, Liquidation, Dissolution or Winding-Up of Issuer

- 11.1 In the event of a take-over or a scheme of arrangement or any other form of reorganisation undertaken by the Issuer or any other events having similar effects on the rights of the Holders, the Issuer is entitled to deal with the Structured Warrants in such manner as it reasonably deems fit in the circumstances and with or without any adjustments to the rights attaching to the relevant Structured Warrants.

- 11.2 In the event of a merger, amalgamation or reconstruction of the Issuer, the corporation, trust or other body into which the Issuer is merged, amalgamated or reconstructed shall assume all the liabilities and the obligations of the Issuer in respect of the Structured Warrants so that the rights of the Holders shall continue to exist and be enforceable to the same extent as provided by the Issuer under the Deed Poll.

- 11.3 In the event of a liquidation, dissolution or winding-up of the Issuer or the appointment of a receiver or administrator or analogous person under any applicable law in respect of the whole or substantially the whole of the Issuer's Assets, the Structured Warrants remaining outstanding shall be deemed to be exercised on the Market Day immediately prior to the date of such liquidation, dissolution, winding-up or appointment as follows:

- (a) All unexercised Structured Warrants shall automatically be exercised without notice of automatic exercise being given by the Issuer to the Holders:
- (i) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is greater than zero, the Issuer shall make payment of the Cash Settlement Amount to the relevant Holder; or
 - (ii) if the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is equal to or less than zero, the Issuer shall not be obliged to make any payment to the relevant Holder and the relevant Structured Warrants shall terminate and cease to be valid and the Issuer's obligations in respect of the Structured Warrants shall terminate absolutely. For the avoidance of doubt, the Holder shall not be required to pay or top-up the Exercise Expenses, if any, as the case may be, where the Cash Settlement Amount after deduction of the Exercise Expenses, if any, is less than zero.

The closing price of the Underlying ETF on the Market Day immediately before the above events shall form the Closing Price for the calculation of the Cash Settlement Amount.

- (b) Notwithstanding the foregoing, if there is a Market Disruption Event on the Set Date, the Closing Price shall be based on the Market Day immediately preceding the Market Disruption Event. If the preceding Market Day is also affected by the Market Disruption Event, the Closing Price shall be determined by the Issuer on the Set Date as it reasonably deems fit and on the basis of the Issuer's good faith estimate the reference price and/or the exchange rate (if applicable) for that Set Date by determining the price of the Underlying Equity and/or

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

the exchange rate (if applicable) based on the prevailing market conditions and other factors as the Issuer may consider relevant.

12 Replacement of Structured Warrants Certificate

- 12.1 If the Structured Warrants Certificate which has been deposited with Bursa Depository is mutilated, defaced, lost, worn out, stolen or destroyed it shall be replaced by the Issuer at the registered office of the Structured Warrants Registrar on such terms as to evidence and indemnity or otherwise as the Issuer may require. All payment of such costs as may be incurred in connection therewith shall be borne by the Issuer. Mutilated, defaced, lost, worn, stolen or destroyed Structured Warrants Certificates shall be deemed cancelled.

13 Register, Transfer and Transmission

- 13.1 Each Holder registered in the Record of Depositors shall be entitled to all rights, benefits, powers and privileges and be subject to all liabilities, duties and obligations in respect of, or arising from the Structured Warrants, and shall be deemed and treated as the absolute owner of the relevant Structured Warrants, in accordance with the Central Depositories Act and the Rules of Bursa Depository, whether or not the Issuer shall be in default in respect of the Structured Warrants or any of the covenants contained herein and notwithstanding any notice of ownership or writing thereon or notice of any previous loss or theft of any Structured Warrants. The provisions of the Central Depositories Act, the Rules of Bursa Depository and the Issuer's constitution for the time being relating to the registration, transfer and transmission of shares and the fees payable thereon shall with necessary modifications apply to the registration, transfer and transmission of the legal ownership of the Structured Warrants, subject always to the provisions of this Condition and Condition 2.
- 13.2 The entries made under the Record of Depositors shall be deemed to be the final record of all Depositors. No notice of any trust, express or implied, shall be entered upon the Record of Depositors otherwise than pursuant to an order of a court of competent jurisdiction or as required by law, and a Holder shall be deemed to be the beneficial owner of the Structured Warrants standing to the credit of his/its Securities Account, until such time as the Structured Warrants are duly transferred to another Holder and the name of the transferee is entered in the Record of Depositors.

14 Meetings of Holders

- 14.1 The procedure governing the convening and conduct of meetings of the Holders are set out in the Third Schedule to the Deed Poll.

15 Notices

- 15.1 Subject to Condition 15.2:
- (a) all notices to the Holders pertaining to the convening of meetings shall be made by way of notice published in at least one (1) English language national daily newspaper and announced through Bursa Securities; and
 - (b) all other notices shall either be announced through the Bursa Securities or published in at least one (1) English language national daily newspaper.
- 15.2 A notice is deemed to have been given and served to the Holders on the date of announcement or publication as the case may be or, if announced or published more than once or on different dates, on the first date on which it is announced or published.
- 15.3 All notices effected in accordance with this Condition 15 shall be deemed to be effective in respect of all persons who become Holders after the date of the relevant notice.
- 15.4 For the avoidance of doubt, a notice shall not be required to be published or announced in respect of an event contemplated under Conditions 6, 8, 9, 10 or 11, as the case may be, if no adjustment to the rights of the Holders, cancellation of the relevant Structured Warrants or amendment to the terms and conditions of the relevant Structured Warrants is made or to be made pursuant thereto.

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

16 Modification of rights

- 16.1 All or any of the rights for the time being attached to the Structured Warrants (other than the Exercise Price which a Holder is entitled to or the formulae for the adjustment of the Exercise Price or the Exercise Ratio or any other condition, which may be modified in accordance with the provisions set out elsewhere in these Conditions) may be altered or abrogated by the Issuer from time to time (whether or not the Issuer is being wound up), and the sanction of a Special Resolution passed at a meeting of the Holders held as aforesaid shall be necessary to effect such alteration or abrogation.
- 16.2 Notwithstanding the provisions of Condition 16.1, the Issuer may without the consent of the Holders but in accordance with the terms of the Deed Poll, effect any modification to the Structured Warrants or the Deed Poll which, in the opinion of the Issuer, is:
- (a) not materially prejudicial to the interests of the Holders; or
 - (b) of a formal, minor or technical nature; or
 - (c) necessary or expedient to correct a manifest error, or to comply with mandatory provisions of law; or
 - (d) necessary or expedient to facilitate scripless trading in or exercise of the Structured Warrants or payment by way of electronic funds transfer as approved by the relevant government or statutory authorities in respect of the Structured Warrants or to amend the restrictions on transfer or exercise of the Structured Warrants to comply with the requirements of or the concessions granted by any relevant government or statutory authorities.

Any such modification shall be binding on all Holders and shall be notified by the Issuer to them as soon as practicable thereafter in accordance with Condition 15 but in any event not later than twenty (20) Market Days from the date of such modification.

- 16.3 Notwithstanding Condition 16.1, the Issuer may, at any time and from time to time for the purpose of an issue of new Structured Warrants or a new Series of Structured Warrants through the Base Prospectus and without the consent or sanction of the Holders supplement the Deed Poll with the terms and conditions of the new Structured Warrants or Series of Structured Warrants (as set out in the relevant Term Sheet), as the case may be. In the event such supplement to the Deed Poll shall affect the rights and interests of the Holders, the Issuer is to effect such supplement to the Deed Poll by notice to the Holders in accordance with Condition 15 and such supplement shall be binding on all Holders without any further action being required to be taken by the Issuer. For the avoidance of doubt, a Holder is deemed to have notice of all announcements (and their respective contents) made by the Issuer to Bursa Securities in respect of or affecting the Series of Structured Warrants held.

17 Buy-backs and cancellation

- 17.1 The Issuer, and/or its Affiliates, may at any time purchase or buy back the Structured Warrants in the open market or by tender or private treaty and become the Holder of the Structured Warrants. Any Structured Warrants so purchased may be held or resold or surrendered for cancellation provided that cancellation of the Structured Warrants may only occur if all outstanding Structured Warrants have been purchased by the Issuer and/or its Affiliates.
- 17.2 Notwithstanding Condition 17.1, any purchase of the Structured Warrants by the Issuer and/or its Affiliates shall be undertaken in such manner and on such terms as may be imposed by the SC.

18 Warrant Agency Agreement

- 18.1 The Structured Warrants Registrar acts as an agent of the Issuer and shall not assume any obligation or duty to or any relationship of agency or trust for the Holders except only as described in Condition 18.2.
- 18.2 The Warrant Agency Agreement contains provisions for the indemnification of the Structured Warrants Registrar. The Structured Warrants Registrar shall not be liable to any Holder in respect of any losses, liabilities, costs, claims, actions or demands which such Holder may suffer or incur or allege to have suffered or incurred as a result of or in connection with the exercise or non-exercise of any Structured Warrants Registrar's powers, discretions and/or duties except in the case of any material breach by the Structured Warrants Registrar of the terms of the Warrant Agency Agreement

ANNEXURE I PRINCIPAL TERMS OF DEED POLL (cont'd)

or the Structured Warrants Registrar's wilful default, misconduct, gross negligence, fraud or bad faith or that of its directors, officers, employees or agents. The Structured Warrants Registrar may:

- (a) in the exercise of its powers, discretions and/or duties in connection with the Structured Warrants, act on the advice or opinion of, or any certificate or information obtained in good faith from, any lawyer, valuer, accountant, banker, broker, securities company or other expert whether obtained by the Issuer, the relevant Structured Warrants Registrar or otherwise (which advice, opinion, certificate or information may be sent or obtained by letter, telex, telegram, cable or facsimile device) and the Structured Warrants Registrar shall not be liable for any loss occasioned by acting on any such advice, opinion, certificate or information or by any such letter, telex, telegram, cable or facsimile message being forged or otherwise not authentic or containing some errors with respect to content, delivery or transmission;
- (b) receive and retain without liability to account, such fee or other remuneration as may from time to time be agreed between the Issuer and the Structured Warrants Registrar for the registration and administration of the Structured Warrants; and
- (c) enter into or be interested in any contract or financial or other transaction or arrangement with the Issuer or any person or body corporate associated with the Issuer in connection therewith to receive and retain, without liability to account any profit, fee, remuneration or other benefit received thereby or in connection therewith.

The Structured Warrants Registrar does not act as the agent of any Holder and therefore owes no fiduciary duty to any Holder in arriving at its calculations and determinations.

19 Exclusion of equities

- 19.1 Subject to the Central Depositories Act, the Rules of Bursa Depository, the Deed Poll, or these Conditions, no person shall be recognised by the Issuer as holding any Structured Warrants upon any trust, and the Issuer shall not be bound by or compelled in any way to recognise any equitable, contingent, future or partial interest in any Structured Warrant, or any interest in any fractional part of a Structured Warrant, or (except only as by these presents or by law otherwise provided) any other right in respect of any Structured Warrants, except an absolute right to the entirety thereof in the registered holder.

20 Governing law

- 20.1 The Structured Warrants and the Deed Poll are governed by and shall be construed in accordance with the laws of Malaysia. The Issuer and the Holders irrevocably agree that with respect to any proceedings in Malaysia in connection with any matter or issue relating to the Deed Poll and these Conditions, they shall be bound by the decision, ruling or order of the Malaysian Court.
