MIMOS Chief Technology Officer Thillai Raj said: “This collaboration is in line with Industry4WRD (the national policy on Industry 4.0) where local industries are expected to leverage advanced technologies such as Artificial Intelligence, Blockchain, Big Data and Robotic Process Automation (RPA) to innovate new products and services as well as to optimise efficiency and productivity.” He further added, “MIMOS begun work on FinTech in 2017 focusing on the use of security software and intelligent tools to process large data volumes plus enable the usage of Regulatory Technology (RegTech) to improve regulatory effectiveness. The recent establishment of CAIFI (Centre of AI for Future Industry), a joint effort between Microsoft and MIMOS, would also help to further these activities. The collaboration with Affin-Hwang is another endeavour to strengthen the commitment of MIMOS to advance the growth of FinTech in Malaysia.”

Bursa Malaysia Berhad’s Chief Commercial Officer, Selvarany Rasiah, who was also present at the event said, “At Bursa Malaysia, we encourage innovation to drive better value and deliver enhanced services.
